Why and where do you escape when you pass through the unknown ways

The Evolution of Light is a collection of poems that encourages the reader to focus on the significant details of life and personality that are often left unseen in the bigger picture In a society where we live with billions of our own kind it is difficult to stand out and we often feel lost in the darkness With every passing day we try to understand the people around us but we essentially forget how important it is to understand ourselves the emotions aspirations thoughts ideas and even the identities Everything is repressed under the compliance of the social order But when the reality hits us hard we cannot reject them we try to elude them So let us put some light into how the world might look if we never have to escape Poetry is usually considered to be a form of art that only a few can relate to but this book does not limit itself to any particular kind of readers Every poem in the collection is written to communicate with every individual who reads it The Sound of Thunder Taylor Caldwell,2016-11-15
