## **Shell Of Exploring Britain:**

*The Shell Book of Exploring Britain* Garry Hogg, John Tones, 1985      **Exploring Britain's Hidden World** Keith Hiscock, 2022-01-11 Britain's shallow seas are a mysterious domain. They remain largely unseen and unexplored except by marine scientists and divers who have been documenting their wondrous discoveries over many years. Now a wealth of information about what lives on and in the seabed has been brought together in one sumptuously illustrated volume. Keith Hiscock describes the incredible variety of marine life that exists around Great Britain, providing a foundation of knowledge for those interested in the natural history of the shallow seabed. He explains how findings are gathered and organised, as well as showing what is out there and how it works. Fascinating, beautiful, and often fragile, the habitats and marine life described are essential to the health and productivity of our oceans. Without an adequate shared understanding of what and where they are, how can we identify and protect them? *Exploring Britain's Hidden World* is the culmination of 50 years of research by the author to better understand where different subtidal seabed habitats occur and how their associated marine life has come to exist. That quest draws on a rich vein of knowledge obtained by many naturalists, scientists, and divers who for almost 200 years have described seabed communities and sought to understand their structure and function. Using a minimum of technical terminology, Keith Hiscock combines his interests in marine biology, diving, and photography to inform, inspire, and leave a vivid and lasting impression of the marine habitats and species around Britain. He hopes this book will provide new insights, much pleasure, and perhaps some surprises too.

**British Sources of Information** P. Jackson, 2003-09-02 This comprehensive and versatile reference source will be a most important tool for anyone wishing to seek out information on virtually any aspect of British affairs, life, and culture. The resources of a detailed bibliography, directory, and journals listing are combined in this single volume, forming a unique guide to a multitude of diverse topics: British politics, government, society, literature, thought, arts, economics, history, and geography. Academic subjects as taught in British colleges and universities are covered with extensive reading lists of books and journals, and sources of information for each discipline, making this an invaluable manual.

**John Betjeman** William S. Peterson, 2006 Sir John Betjeman (1906-1984) Poet Laureate was probably the most widely read English poet of the twentieth century. Because of his frequent appearances on radio and television and his fervent devotion to the preservation of England's architectural heritage, his face and voice became familiar to millions. Few other poets of any century have had such a powerful influence on their contemporaries. This bibliography lists and describes all of his known writings, including his own books, ephemera, contributions to periodicals, and to books by others, lectures, and radio and television programmes. Other categories such as editorships, music settings, and dramatic adaptations of his poems, recordings, and interviews are also included, as well as a section devoted to writings about him. Manuscripts and drafts of all his works are described in detail. This enormous body of material is thoroughly indexed, cross-referenced, and in most cases annotated. Now at last the activities of this remarkable man, both a poet and a cultural phenomenon, can be seen in

**Waterstone's Guide to Books** Waterstone & Co, 1988      *Ancient Crosses of the Three Choirs Counties* Marion Freeman, 2009-09-29 Crosses are a quintessential part of the English countryside Whether standing proud in the village market place or hidden beneath ivy in a forgotten corner of the churchyard each has its own story to tell Many of these crosses have ancient origins dating back to a time when wandering preachers were making the push to convert a wary pagan population whilst others are far more modern often serving as memorials to the dead of the two world wars Many were disfigured by the fervent Puritanism of the Commonwealth period whilst others have been rebuilt and redesigned to such an extent that they no longer resemble a traditional cross at all The countryside cross is also more than just a religious symbol many act as signposts boundary markers or meeting places Gloucestershire Herefordshire and Worcestershire often known as the Three Choirs Counties are blessed with a plethora of these crosses Here Marion Freeman provides the reader with a wealth of information drawn from years of in depth research and visits to all of the sites listed Also included is a gazetteer section explaining the location and brief history of the crosses in each region a map reference is given to help the reader seek out these intriguing monuments for themselves      Waterstone's Guide to Books Waterstone & Co., Ltd, 1989

home to two major oil companies British Petroleum BP and Shell as well as the possessor of large quantities of oil and gas in its territorial waters was at the heart of this transition While famous for its liberal policy toward oil and gas production both before and after the discovery of North Sea oil and gas this period actually saw the United Kingdom respond to shifts in power from the major oil companies to the oil producing states many of them in Organization of Petroleum Exporting Companies OPEC by building up its competency regarding oil matters This took the form of efforts to influence the activities of BP and Shell abroad as well as in creation of a state run oil company the British National Oil Corporation in an attempt to exercise greater state control over oil and gas production and distribution The failure of these efforts was driven in part by internal divisions within Whitehall the efforts of the oil companies themselves and ultimately the political will of the Conservative Party under Margaret Thatcher to get the state out of the business of oil and gas *Books and Bookmen* ,1971
