Cambridge as a medieval city The Religious Orders in Pre-Reformation England James G. Clark, 2002 Essays provide evidence for the vigour and involvement of religious orders in the years immediately prior to the reformation Accounting at Durham Cathedral Priory Alisdair Dobie, 2016-04-29 This study utilizes the rich archives which survive at Durham Cathedral to examine the way in which accounting methods and systems were adopted and adapted to manage income and expenses assets and liabilities in changing economic environments *The Liturgical Sermons* Aelred of Rievaulx, 2021-02-15 Aelred 1110-1167 served Rievaulx Abbey the second Cistercian monastery in England for twenty years as abbot During his abbacy he wrote thirteen treatises some offering spiritual guidance and others seeking to advise King Henry II He also wrote thirty one sermons as a commentary on Isaiah 13:16 and 182 surviving liturgical sermons mostly addressed to his monks This volume contains the first half of Aelred's ninety eight liturgical sermons from the Reading Cluny collection Sermons 85 through 133 For the most part the collection follows the liturgical year beginning in this volume with three sermons for Advent and ending with five for Pentecost and three for the Solemnity of the Holy Trinity Sermons 134 through 182 from the Nativity of John the Baptist June 24 through the Feast of All Saints will appear in CF 87 These sermons appear to contain evidence of Aelred's editorial additions to the autograph of the sermons as he added selections from patristic and medieval authors within the sermons and between them **Blessed Mary and the Monks of England** Matthew J. Mills, 2024 In the study of historical Mariology the monastic communities of England in the eleventh and twelfth centuries the period so dramatically interrupted and reshaped by the Norman conquest of 1066 receive too little attention This monastic age was a time of great flourishing for both religious life and Mariology marked by new currents of prayer and thought In this volume Matthew Mills uncovers and draws together vibrant contributions to Marian doctrine and devotion by some of those then living in England under the sixth century Rule of St Benedict the Benedictines and their successors the Cistercians In a thematic unfolding of Mary's life and identity from conception to assumption and intercession a picture emerges of a Mariology shaped by the constant of monastic liturgy anchored in the biblical and patristic wisdom cherished and transmitted by the Venerable Bede and animated by love Towering figures such as Anselm of Canterbury and Ired of Rievaulx are also placed within a wider landscape alongside lesser known but still significant others including the Cistercian abbot John of Forde royal confessor and pioneer of Marian exegesis of the Song of Songs England's monastic Mariology was colored by Greek as well as Latin influences and touched by key experiences of the contemporary church at large apocalyptic disappointment reform sacramentalism and intense yearning for salvation In particular Mills brings to light the significance of Mary for monks understanding of their own profession their mother and their lady Mary was also their icon and exemplar of life in St Benedict's school for the Lord's service Rule Prol 45 **The Abbots and Priors of Late Medieval and Reformation England** Martin Heale, 2016-09-08 The importance of the medieval abbot needs no particular emphasis The monastic superiors of late medieval England ruled over thousands of monks and canons who swore to them vows of

obedience they were prominent figures in royal and church government and collectively they controlled properties worth around double the Crown's annual ordinary income. Moreover, as guardians of regular observance and the primary interface between their monastery and the wider world, abbots and priors were pivotal to the effective functioning and well-being of the monastic order. *The Abbots and Priors of Late Medieval and Reformation England* provides the first detailed study of English male monastic superiors, exploring their evolving role and reputation between the fourteenth and sixteenth centuries. Individual chapters examine the election and selection of late medieval monastic heads, the internal functions of the superior as the father of the community, the head of house, as administrator, abbatial living standards and modes of display, monastic superiors' public role in service of the Church and Crown, their external relations and reputation, the interaction between monastic heads and the government in Henry VIII's England, the Dissolution of the monasteries and the afterlives of abbots and priors following the suppression of their houses. This study of monastic leadership sheds much valuable light on the religious houses of late medieval and early Tudor England, including their spiritual life, administration, spending priorities, and their multi-faceted relations with the outside world. *The Abbots and Priors of Late Medieval and Reformation England* also elucidates the crucial part played by monastic superiors in the dramatic events of the 1530s when many heads surrendered their monasteries into the hands of Henry VIII. *The Cartulary of St Mary's Collegiate Church, Warwick* C. R. Fonge, 2004. The introduction in the edition examines the foundation of the college, its acquisition of property and its constitutional development and character. **BOOK JACKET** *Plantagenet England 1225-1360* Michael Prestwich, 2007. England of the Plantagenet kings was a turbulent place. In politics, it saw Simon de Montfort's challenge to the crown in Henry III's reign and it witnessed the deposition of Edward II. By contrast, and as relief, it also experienced the highly successful rules of Edward I and his grandson Edward III. Political institutions were transformed with the development of parliament and war; the stimulus for some of that change was never far away. Wales was conquered and the Scottish Wars of Independence started in Edward I's reign, while Crecy and Poitiers were English triumphs under Edward III. Beyond politics, the structure of English society was developing from the great magnates at the top to the peasantry at the bottom. Economic changes were also significant, from the expansionary period of the thirteenth century to years of difficulty in the fourteenth, culminating in the greatest demographic disaster of historical times, the Black Death. Embracing politics and government, kingship, the structure of society, France, Scotland, and Wales, as well as areas such as the environment, the management of the land, crime, and punishment, Michael Prestwich's survey casts the Plantagenet past in a new and revealing light. **BOOK JACKET**

Interfaces Between Language and Culture in Medieval England Alaric Hall, 2010-01-01. The twelve articles in this volume promote the growing contacts between medieval linguistics and medieval cultural studies generally. Articles address medieval English linguistics and the interrelation in Anglo-Saxon England between Latin and vernacular language and culture. *The Monastic World* Andrew Jotischky, 2025-01-14. A major new history of medieval monasticism from the fourth

to the sixteenth century From the late Roman Empire onwards monasteries and convents were a common sight throughout Europe But who were monasteries for What kind of people founded and maintained them And how did monasticism change over the thousand years or so of the Middle Ages Andrew Jotischky traces the history of monastic life from its origins in the fourth century to the sixteenth He shows how religious houses sheltered the poor and elderly cared for the sick and educated the young They were centres of intellectual life that owned property and exercised power but also gave rise to new developments in theology music and art This book brings together the Orthodox and western stories as well as the experiences of women to show the full picture of medieval monasticism for the first time It is a fascinating wide ranging account that broadens our understanding of life in holy orders as never before

The Culture of Medieval English Monasticism James G. Clark, 2007 Examinations of the culture artistic material musical of English monasteries in the six centuries between the Conquest and the Dissolution The cultural remains of England's abbeys and priories have always attracted scholarly attention but too often they have been studied in isolation appreciated only for their artistic codicological or intellectual features and not for the insights they offer into the patterns of life and thought the underlying norms values and mentalities of the communities of men and women which made them Indeed the distinguished monastic historian David Knowles doubted there would ever be sufficient evidence to recover the mentality of the ordinary cloister monk These twelve essays challenge this view They exploit newly catalogued and newly discovered evidence manuscript books wall paintings and even the traces of original monastic music to recover the cultural dynamics of a cross section of male and female communities It is often claimed that over time the cultural traditions of the monasteries were suffocated by secular trends but here it is suggested that many houses remained a major cultural force even on the verge of the Reformation James G Clark is Professor of History at the University of Exeter Contributors DAVID BELL ROGER BOWERS JAMES CLARK BARRIE COLLETT MARY ERLER G R EVANS MIRIAM GILL JOAN GREATREX JULIAN HASELDINE J D NORTH ALAN PIPER AND R M THOMSON

Power, Politics and Episcopal Authority Angelo Silvestri, 2014-11-24 It is impossible to completely understand the history of the medieval church without understanding how bishops' control was exercised in the diocese and in the city This book assesses the differences shifts and changes in the power of the bishop in the cities and the dioceses of Lincoln and Cremona from the middle of the 11th century to the mid 14th century Lincoln with the biggest medieval diocese in England and with its unique series of bishops such as Hugh of Wells Hugh of Avalon Ro

Religious Life for Women c.1100-c.1350 Berenice M. Kerr, 1999-07-22 This is the first detailed scholarly study of the Order of Fontevraud's English monastic houses During the twelfth and thirteenth centuries the Order was notably prestigious and autonomous renowned both for the prayerfulness of its members and for their independent management of their affairs The huge following of Robert Arbrissel d 1116 included many women not at first the aristocrats who later dominated the Order of Fontevraud but prostitutes beggars and other representatives of the dregs of society Urged by Church authorities to stabilize his women

followers Robert gave them a Rule which was in essentials that of St Benedict but he introduced men as chaplains clerks and lay brothers for the nuns Uniquely however for contemporary houses for women the men were placed firmly under the direction of the nuns and remained there throughout the Order's history Sister Berenice Kerr's study of Fontevraud's English establishments Amesbury Nuneaton and Westwood Grovebury the Order's fourth foundation was never more than administrative centre opens up a wide range of insights and information about monasticism and religious life for women in the middle ages Dr Kerr examines the endowment of each house and its subsequent acquisition of property and its administration monastic observance domestic economy including expenditure on food and drink the scale and layout of conventual buildings and the exploitation of new assets such as salt pans markets and appropriated churches [Making a Living in the Middle Ages](#) Christopher Dyer, 2003-08-11 Dramatic social and economic change during the middle ages altered the lives of the people of Britain in far reaching ways from the structure of their families to the ways they made their livings In this masterly book preeminent medieval historian Christopher Dyer presents a fresh view of the British economy from the ninth to the sixteenth century and a vivid new account of medieval life He begins his volume with the formation of towns and villages in the ninth and tenth centuries and ends with the inflation population rise and colonial expansion of the sixteenth century This is a book about ideas and attitudes as well as the material world and Dyer shows how people regarded the economy and responded to economic change He examines the growth of towns the clearing of lands the Great Famine the Black Death and the upheavals of the fifteenth century through the eyes of those who experienced them He also explores the dilemmas and decisions of those who were making a living in a changing world from peasants artisans and wage earners to barons and monks Drawing on archaeological and landscape evidence along with more conventional archives and records the author offers here an engaging survey of British medieval economic history unrivaled in breadth and clarity **The Deeds of the Bishops of England** William (of Malmesbury), 2002 This is the first modern English translation of one of William's major achievements which together with the Deeds of the Kings of England account for his reputation It is a survey of the bishops in all the dioceses of England from Augustine's arrival in Canterbury in 597 down to the 1120s *Heaven on Earth* Emma J.
