Monck Governor General 1861 1868 A Biography:

Canada's Governors General, 1847-1878 Barbara Jane Messamore, 2006-01-01 Oft ignored in the study of Canadian history or dismissed as a vestige of colonial status the governor general's office provides essential historical insight into Canada's constitutional evolution In the nineteenth century as today individual governors general exercised considerable scope in interpreting their approach to the office The era 1847 1878 witnessed profound changes in Canada's relationship with Britain and in this new book Barbara J Messamore explores the nature of these changes through an examination of the role of the governor general Guided by outmoded instructions and constitutional conventions that were not yet firmly established the governors general of the time Lord Elgin Sir Edmund Head Lord Monck Lord Lisgar and Lord Dufferin all wrestled with the implications of colonial self government The imprecision of the viceregal role made the character of the appointee especially important and biographical details are thus essential to an understanding of how the new experiment of colonial self government was put into practice Messamore's book marries constitutional history and biography providing illumination on some of the key figures of nineteenth century Canadian politics **Monck** Elisabeth Batt, 1976 **The Order of Canada** Christopher P. William E. Wilson (1851-1908) - The Work and Family of a Westmeath Astronomer Ian Elliott and Charles Mollan, 2018-10-11 Wilson was a wealthy gentleman who could afford to indulge his hobby of Astronomy He was attracted to this subject when as a teenager he took part in the Total Eclipse Expedition to Algeria in 1870 He set up a well equipped private Observatory at Daramona House in Streete County Westmeath His contributions to Astronomy included The first fairly accurate estimate of the temperature of the Sun's visible surface the first photo electric measurements of the brightness of stars a series of superb celestial photographs with a 24 inch Grubb reflector The first use of cinematography in solar physics One of the first to suggest that radio activity might keep the stars shining The book covers all these initiatives

and much more Wilson though he never attended university was elected to Fellowship of the London Royal Society and received an honorary doctorate from Dublin University But the book covers his family and life style with brief biographies of his contemporary scientific colleagues The book is well illustrated with family and astronomical photographs It is written for the educated layman and no knowledge of Astronomy or indeed science is required **The History of the Administration of the Right Honorable Frederick Temple, Earl of Dufferin ... Late Governor General of Canada** William Leggo, 1878 FR RARE BK copy 4 From the John Holmes Library collection *The Dictionary of Canadian Biography* William Stewart Wallace, 1926 **John A** Richard J. Gwyn, 2009-03-18 The first full scale biography of Canada's first prime minister in half a century by one of our best known and most highly regarded political writers The first volume of Richard Gwyn's definitive biography of John A Macdonald follows his life from his birth in Scotland in 1815 to his emigration with his family to Kingston Ontario to his days as a young rising lawyer to his tragedy ridden first marriage to the birth of his political ambitions to his commitment to the all but impossible challenge of achieving Confederation to his presiding with his second wife Agnes over the first Canada Day of the new Dominion in 1867 Colourful intensely human and with a full measure of human frailties Macdonald was beyond question Canada's most important prime minister This volume describes how Macdonald developed Canada's first true national political party encompassing French and English and occupying the centre of the political spectrum To perpetuate this party Macdonald made systematic use of patronage to recruit talent and to bond supporters a system of politics that continues to this day Gwyn judges that Macdonald if operating on a small stage possessed political skills of manipulation and deception as well as an extraordinary grasp of human nature of the same calibre as the greats of his time such as Disraeli and Lincoln Confederation is the centerpiece here and Gwyn's commentary on Macdonald's pivotal role is original and provocative But his most striking analysis is that the greatest accomplishment of nineteenth century Canadians was not Confederation but rather to decide not to become Americans Macdonald saw Confederation as a means to an end its purpose being to serve as a loud and clear demonstration of the existence of a national will to survive The two threats Macdonald had to contend with were those of annexation by the United States perhaps by force perhaps by osmosis and equally that Britain just might let that annexation happen to avoid a conflict with the continent's new and unbeatable power Gwyn describes Macdonald as Canada's first anti American And in pages brimming with anecdote insight detail and originality he has created an indelible portrait of the irreplaceable man the man who made us Macdonald hadn't so much created a nation as manipulated and seduced and connived and bullied it into existence against the wishes of most of its own citizens Now that Confederation was done Macdonald would have to do it all over again having conjured up a child nation he would have to nurture it through adolescence towards adulthood How he did this is however another story He never made the least attempt to hide his vice unlike say his contemporary William Gladstone with his sallies across London to save prostitutes or Mackenzie King with his crystal ball gazing Not only was Macdonald entirely unashamed of his behaviour he

often actually drew attention to it as in his famous response to a heckler who accused him of being drunk at a public meeting Yes but the people would prefer John A drunk to George Brown sober There was no hypocrisy in Macdonald's make up nor any fear from John A Macdonald *Oxford Dictionary of National Biography: Meyrick-Morande* Henry Colin Gray Matthew, Brian Harrison, 2004 55 000 biographies of people who shaped the history of the British Isles and beyond from the earliest times to the year 2002 *The Dictionary of National Biography* Leslie Stephen, Sir Sidney Lee, 1927 **Burke's Genealogical and Heraldic History of the Peerage, Baronetage and Knightage**, 1885 **The Cambridge Modern History** Sir Adolphus William Ward, Sir Stanley Mordaunt Leathes, George Walter Prothero, 1934 British Canada at 150 years: 1867-2017 Mike Fletcher, 2017-01-11 British Canada at 150 Years 1867 2017 explores the formation of Canada and its British Heritage It includes over 25 Frontier Era black and white photographs and lists many important places by Province and Territory that would appeal to readers or visitors who are interested in Canada's heritage After Mike lived in the Prairie Provinces where he collected photographs from the archives of Indian Inuit and the early pioneers ways of life he wanted to explore the strong British connection to the heritage of Canada The book explains that there are 6 key stages of commitment and enterprise that have been noted throughout the Frontier Era which resulted in the making of Canada into a nation These include visionaries investors frontiersmen and women First Nations guides pioneers and business innovators While the focus is on significant and interesting stories about Canada there is also a strong recognition in most of the chapters of the role that people born in Britain and Ireland had in the growth of the second largest country in the world which was accomplished in cold and harsh frontier conditions which are not experienced by many other places Dictionary of Canadian Biography / Dictionnaire Biographique Du Canada Frances G.
