Claude Monet Danielle Haynes, 2018-12-15 Claude Monet is one of the most famous painters in history and he is considered a pioneer of the Impressionist movement What is Impressionism and how does Monet's work reflect its purest principles Readers discover the answers to these and other questions about Monet's life and work as they examine the stories behind some of his most beloved paintings Colorful examples of his work and photographs from his life fill the pages alongside annotated quotes from art historians other artists and Monet himself Detailed sidebars appeal to young artists and provide more fascinating details about Monet's life *Monet's Minutes* André Dombrowski, 2023-01-01 A stunning exploration of the vital links between Claude Monet's Impressionism and the time technologies that helped define modernity in the nineteenth century Monet's Minutes is a revelatory account charting the relationship between the works of Claude Monet 1840 1926 founder of French Impressionism and one of the world's best known painters and the modern experience of time Andr Dombrowski illuminates Monet's celebration of instantaneity in the context of the late nineteenth century time technologies that underwrote it Monet's version of Impressionism demonstrated an acute awareness of the particularly modern pressures of time but until now scholars have not examined the histories and technologies of time and timekeeping that informed Impressionism's major stylistic shifts Arguing that the fascination with instantaneity rejected the dulling cultures of newly routinized and standardized time Monet's Minutes traces the evolution of Monet's art to what were then seismic shifts in the shape of time itself In each chapter Dombrowski focuses on the connections between a set of Monet's works and a specific technology or experience of time while providing the voices of period critics responding to Impressionism Grounded in exceptional research and analyses this book offers new interpretations of key works by Monet and a fresh perspective on late nineteenth century art society and modern temporality *Claude Monet* Virginia Spate, 1992 Monet is incontestably one of the greatest Impressionists as well as being the most popular Yet hitherto books on this great figure have been partial concentrating either on aesthetic or on social aspects of his work without attempting a synthesis Now Virginia Spate restores plenitude of meaning to Monet's paintings examining the various ways in which they can be read the tension between image and reality which energizes them and the mysterious interactions between the work itself its exhibition promotion and sale and its reception both in public and in private Based on a complete study of the artist's work made possible as never before by recently published catalogues of his oeuvre his surviving letters nearly 3 000 in all and contemporary documentary material this is the fullest account available of a complex and influential man whose style changed and evolved considerably during his long career Monet is considered as an intelligent and cultured being a friend to writers such as Zola Mallarmé and Octave Mirbeau fully informed as to the cultural and intellectual tendencies of his time His often neglected figure paintings always of family or friends are analyzed alongside his landscapes which ranged from timeless river scenes to steam filled railway stations Changes in his output in response to shifts in demand are linked to the

new system of art dealers and to his financial situation The France of Monet's youth and maturity is covered in depth especially the traumatic legacy of the Franco Prussian war and the Paris Commune and his famous garden at Giverny is shown to be both a personal Utopia and a vital part of his creative processes The dialectic of the real world and its representation in art is explored in detail as manifested in his splendid canvases faithfully reproduced in over 130 colour plates This definitive treatment of a hugely important artist makes an indispensable contribution to the art history of Impressionism and the roots of modernism

**Impressionists for Kids** Carol Sabbeth,2002 Discusses the nineteenth century French art movement known as Impressionism focusing on the works of Monet Renoir Degas Cassatt Cezanne Gauguin and Seurat Includes related projects and activities     *Mad Enchantment* Ross King,2017-09-12 From bestselling author Ross King a brilliant portrait of the legendary artist and the story of his most memorable achievement Claude Monet is perhaps the world s most beloved artist and among all his creations the paintings of the water lilies in his garden at Giverny are most famous Monet intended the water lilies to provide an asylum of peaceful meditation Yet as Ross King reveals in his magisterial chronicle of both artist and masterpiece these beautiful canvases belie the intense frustration Monet experienced in trying to capture the fugitive effects of light water and color They also reflect the terrible personal torments Monet suffered in the last dozen years of his life *Mad Enchantment* tells the full story behind the creation of the Water Lilies as the horrors of World War I came ever closer to Paris and Giverny and a new generation of younger artists led by Henri Matisse and Pablo Picasso were challenging the achievements of Impressionism By early 1914 French newspapers were reporting that Monet by then seventy three had retired his brushes He had lost his beloved wife Alice and his eldest son Jean His famously acute vision what Paul Cezanne called the most prodigious eye in the history of painting was threatened by cataracts And yet despite ill health self doubt and advancing age Monet began painting again on a more ambitious scale than ever before Linking great artistic achievement to the personal and historical dramas unfolding around it Ross King presents the most intimate and revealing portrait of an iconic figure in world culture     *Monet's Years at Giverny* Claude Monet,1995-08-30 This book comprises eighty one of the finest works painted by Claude Monet at Giverny between 1883 when he settled there and 1926 the year of his death

**Claude Monet** Nathalia Brodskaya,2011-07-01 For Claude Monet the designation impressionist always remained a source of pride In spite of all the things critics have written about his work Monet continued to be a true impressionist to the end of his very long life He was so by deep conviction and for his Impressionism he may have sacrificed many other opportunities that his enormous talent held out to him Monet did not paint classical compositions with figures and he did not become a portraitist although his professional training included those skills He chose a single genre for himself landscape painting and in that he achieved a degree of perfection none of his contemporaries managed to attain Yet the little boy began by drawing caricatures Boudin advised Monet to stop doing caricatures and to take up landscapes instead The sea the sky animals people and trees are beautiful in the exact state in which nature created them surrounded by air and light Indeed it was Boudin who passed on to Monet his conviction of the importance of working in the open air which Monet would in turn transmit to his impressionist friends Monet did not want to enrol at the Ecole des Beaux Arts He chose to attend a private school L Acad mie Suisse established by an ex model on the Quai d Orf vres near the Pont Saint Michel One could draw and paint from a live model there for a modest fee This was where Monet met the future impressionist Camille Pissarro Later in Gleyre s studio Monet met Auguste Renoir Alfred Sisley and Fr d ric Bazille Monet considered it very important that Boudin

be introduced to his new friends He also told his friends of another painter he had found in Normandy This was the remarkable Dutchman Jongkind His landscapes were saturated with colour and their sincerity at times even their na vet was combined with subtle observation of the Normandy shore s variable nature At this time Monet s landscapes were not yet characterized by great richness of colour Rather they recalled the tonalities of paintings by the Barbizon artists and Boudin s seascapes He composed a range of colour based on yellow brown or blue grey At the Third Impressionist Exhibition in 1877 Monet presented a series of paintings for the first time seven views of the Saint Lazare train station He selected them from among twelve he had painted at the station This motif in Monet s work is in line not only with Manet s Chemin de fer The Railway and with his own landscapes featuring trains and stations at Argenteuil but also with a trend that surfaced after the railways first began to appear In 1883 Monet had bought a house in the village of Giverny near the little town of Vernon At Giverny series painting became one of his chief working procedures Meadows became his permanent workplace When a journalist who had come from V theuil to interview Monet asked him where his studio was the painter answered My studio I ve never had a studio and I can t see why one would lock oneself up in a room To draw yes to paint no Then broadly gesturing towards the Seine the hills and the silhouette of the little town he declared There s my real studio Monet began to go to London in the last decade of the nineteenth century He began all his London paintings working directly from nature but completed many of them afterwards at Giverny The series formed an indivisible whole and the painter had to work on all his canvases at one time A friend of Monet s the writer Octave Mirbeau wrote that he had accomplished a miracle With the help of colours he had succeeded in recreating on the canvas something almost impossible to capture he was reproducing sunlight enriching it with an infinite number of reflections Alone among the impressionists Claude Monet took an almost scientific study of the possibilities of colour to its limits it is unlikely that one could have gone any further in that direction

**Origins of Impressionism** Gary Tinterow, Henri Loyrette, 1994 This handsome publication which accompanies a major exhibition at The Metropolitan Museum of Art is a lively and engaging account of the artistic scene in Paris in the 1860s the years that witnessed the beginnings of Impressionism For the first time the interactions and relationships among the group of painters who became known as the Impressionists are examined without the overworn art historical polarities commonly evoked academic versus avant garde classicist versus romantic realist versus impressionist A host of strong personalities contributed to this history and their style evolved into a new way of looking at the world These artists wanted above all to give an impression of truth and to have an impact on or even to shock the public And they wanted to measure up to or surpass their elders This complex and rich environment is presented here the grand old men and the young turks encounter each other the Salon pontificates and the new generation moves fitfully ahead benignly but always with determination Origins of Impressionism gives a day by day year by year study of the genesis of an epoch making style Bibliographies and provenances are provided for each of the almost two hundred works in the exhibition and there is an illustrated chronology With more

Charles River Charles River Editors,2015-08-06 Includes pictures Includes the artists quotes about their lives and art  
Includes online resources and a bibliography for further reading Includes a table of contents To get a sense of the kind of  
prestige that Claude Monet enjoys within the art world one need only learn that his *Le Bassin Aux Nymphéas* 1919 from his  
series of paintings featuring water lilies sold for the equivalent of more than 70 million This is an incredibly staggering price  
especially considering that early in his life Monet had been so poor and debt ridden that some of his paintings were taken  
from him by creditors How exactly did Monet progress from being an impoverished young Impressionist artist working at the  
vanguard of European art to the legendary Master whose works command prices near the very pinnacle of the art world  
Naturally Monet s commercial success soared exponentially in the decades following his death in 1926 at a time in which the  
prices commanded by the great Masters of Western art began rising in price at exponential rates Yet even during his own  
lifetime Monet enjoyed a sharp rise to fame and was canonized as one of the greatest painters in France Following sharply in  
the footsteps of Edouard Manet Claude Monet was one of the first painters identified within the Impressionist circle indeed it  
was Monet himself who coined the label of Impressionist after using it in the title of one of his paintings Where some artists  
reach the peak of their acclaim early in life Monet s star continued to rise even throughout his old age although some would  
argue that the last decade or so of his life were anticlimactic at least from an artistic standpoint his landmark water lilies  
were made during his elderly years And even though Monet would continue to paint well after the canonical period of  
Impressionism had ended his name was and remains synonymous with Impressionism along with cherished acquaintances of  
his including such luminaries as Pierre August Renoir Camille Pissarro and Edouard Manet Simply put Monet is a  
monumental figure when it comes to examining Western art during the second half of the 19th century Pierre Auguste Renoir  
stands alongside Claude Monet at the very peak of Impressionist painting and though neither of them can be credited with  
founding the movement that honor likely goes to Edouard Manet or Edgar Degas Renoir and Monet remain inextricably tied  
to the key characteristics of Impressionism loose brushwork outdoor painting an emphasis on capturing natural light and  
shadow and a focus on remaining in Paris and the surrounding countryside Yet if Monet and Renoir are each remembered for  
their affiliation with these descriptors differences nevertheless distinguish them especially the fact that Renoir concentrated  
less on nature than did Monet attending instead to scenes depicting Parisian leisure activity This thematic concern for  
depicting scenes of idyllic Parisian enjoyment such as rowing in boats or grand luncheons imbues Renoir with a greater sense  
of *joie de vivre* than Monet or perhaps any of the other members of the Impressionist cohort Even though Renoir s art shares  
much in common with his Impressionist colleagues both his handling of paint and even his subject matter contain significant  
differences that render him truly unique as a painter That Renoir captured scenes of leisure better than any of his

contemporaries was surprising and unlikely considering the background in which he was raised Denied the opportunity for a proper education Renoir's painting which started at a young age was borne more out of a need to work than in pursuit of a lifelong passion Renoir certainly loved to paint but like Monet painting always remained his profession and he treated it as such Monet Renoir looks at the personal background that led to the two becoming artists and the cultural climate in which they rose to fame *Looking at Monet* Agnes Husslein-Arco, Stephan Koja, 2014 The Viennese art scene of the late nineteenth and early twentieth century counted French impressionism among its chief influences Widely regarded as the movement's formative figure Monet's works appeared in all the major galleries of the day including the Künstlerhaus Wien the Secession Building and the legendary Galerie Miethke earning him distinction as the most influential of the French impressionists along with Édouard Manet For *Looking at Monet* Agnes Husslein-Arco and Stephan Koja of the Belvedere Gallery in Vienna have assembled works by Monet presenting them alongside selected paintings and photographs by Austrian artists active throughout the same period who would have been familiar with Monet's work Among the artists whose work is included are Gustav Klimt Emil Jakob Schindler Oskar Kokoschka Olga Wisinger Florian Heinrich Kohn and Ludwig Heinrich Jungnickel Brilliantly colorful and filled with light Monet's paintings captivate modern audiences *Looking at Monet* shows they were equally beloved by the artist's contemporaries many of whom were great masters in their own right

*Impressionism* Paul Smith, 1995 The art of the Impressionists is beloved of experts and non experts alike Paul Smith reexamines this popular group of artists in light of recent scholarship on the social context of late nineteenth century France He begins with Édouard Manet often seen as a forerunner of Impressionism a sophisticated detached ironic observer of the social scene in Paris He then examines various key artists of the Impressionist movement Renoir Degas Morisot Cassatt Monet Pissarro to offer a lively reading of such topics as the role of women in Impressionism the influence of industrialization the invention of modern color theory the social position of the artist and the use of psychoanalytic theory in the understanding of art The result is to make this very familiar art movement seem fresh and new To conclude he proposes Cézanne's art as the culmination of and heir to the Impressionist experiment *Delphi Collected Works of Claude Monet (Illustrated)* Claude Monet, 2014-07-09 A founder of French Impressionist painting and the most prolific practitioner of the movement's philosophy of expressing one's perceptions before nature Claude Monet created a large body of works developing his own method of producing repeated studies of the same motif in a series whilst changing canvases with the shift in light Delphi's Masters of Art Series presents the world's first digital e Art books allowing readers to explore the works of great artists in comprehensive detail This volume presents over 500 paintings of the Impressionist master For all art lovers this stunning collection offers a beautiful feast of images by one of the most influential artists of the twentieth century Version 2 Features over 500 paintings indexed and arranged in chronological order special Highlights section with concise introductions to the masterpieces giving valuable contextual information beautiful detail images allowing you to explore
