Confronting Technology Matthew T. Prior, 2020-03-16 We are living through a digital revolution which already touches every area of life and will continue to shape the future in as yet unforeseen ways Digital technologies are an ordinary part of daily life and yet they also present an unprecedented challenge to Christians to articulate a biblical theological framework to navigate times of rapid change The work of the French theologian Jacques Ellul is a theological time bomb primed for times like these Accounts of Ellul's career often divide off his sociology and theology but this book argues that Ellul conceived a single project of bringing technology into confrontation with the Word of God tackling the phenomenon he named technique the pursuit of maximal power and efficiency implicit in the technological enterprise with a profound depth of biblical and ethical insight Centering himself on the apocalypse or revelation of Jesus Christ in history Ellul offers a monumental timely though far from flawless contribution to contemporary ethical debates about the uses and abuses of technologies His work blazes a trail that Christians and all concerned for the future would do well to follow as we avoid both the naivety of technological neutrality and the dread of technological determinism

Love's Redeeming Work Geoffrey Rowell, Kenneth Stevenson, Rowan Williams, 2003 There is a rich vein of writing within Anglican tradition that has helped to form the theology and spirituality of the contemporary church For many readers much of this material remains unfamiliar and is often difficult to access Love's Redeeming Work draws together the works of major writers from the sixteenth century to the present day who have contributed to this development Each selected writer is introduced with a brief biography which gives background information about the author and highlights the relationships that existed with others from the same period This will enable the reader to set the writings in their proper context enhancing understanding of the material The selections then follow In some instances these may be familiar but other examples will introduce fresh ideas for every reader Each writer's selection is concluded with a list of source texts which can encourage readers to explore in more depth those areas which intrigue and excite them Love's Redeeming Work traces a path that has enabled Anglicanism in particular and the wider church as well to develop an ever deepening awareness of the need for a spiritual depth in the Christian life informed by a better knowledge of tradition In exploring this material it is the compilers hope that readers will find new riches that will encourage and sustain their own quest for holiness

[Facing the Monarch](#) Garret P. S. Olberding, 2020-05-11 In the popular consciousness, manipulative speech pervades politicized discourse, and the eloquence of politicians is seen as invariably rooted in cunning and prevarication. Rhetorical flourishes are thus judged corruptive of the substance of political discourse because they lead to distortion and confusion. Yet the papers in *Facing the Monarch* suggest that separating style from content is practically impossible. Focused on the era between the Spring and Autumn period and the later Han dynasty, this volume examines the dynamic between early Chinese ministers and monarchs at a time when ministers employed manifold innovative rhetorical tactics. The contributors analyze discrete excerpts from classical Chinese works and explore topics of censorship, irony, and dissidence, highly relevant for a climate in which ruse and misinformation were the norm. What emerges are original and illuminating perspectives on how the early Chinese political circumstance shaped and phrased and prohibited modes of expression. *New International Lesson Annual 2010-11* Jerome F. D. Creach, 2010-09 The standard resource for teachers of the Uniform Lesson Series. This resource provides 52 weekly step-by-step lesson plans for an entire year's worth of material. Includes Lesson analysis, Bible background, occasional quarterly maps or timelines, and index to background Scriptures. Articles for teachers on spiritual formation. Eight pages of Bible interpretation and step-by-step lesson plans. Faith in Action section to suggest ways to put lesson concepts into action. The only lesson commentary with popular and easy-to-understand New Revised Standard Version (NRSV) and New International Version (NIV). *The Book of Christian Martyrs* Bruno Chenu, 1990 [The Power of Emotions](#) Ute Frevert, 2023-08-17 Emotions make history, and emotions have a history. Through engaging analysis of twenty essential and powerful emotions including anger, grief, hate, love, pride, shame, and trust, Ute Frevert explores the emotional worlds of Germans to tell a very different story of the 20th century.
