Gilje, 1997 America between the Revolution and the Civil War was a society in full adolescence Vibrant cocky feeling its own strength and ready to take on the world America was driven by an upstart economy and a capitalist bravado The early

Prichard, 1997 Robert Prichard examines both high church and evangelical theology in the nineteenth century Episcopal church claiming a commonality between the two that has been neglected in the study of Anglican history Parting company with the interpretation dominant among historians of the Episcopal church for more than sixty years he focuses on shared theological assumptions rather than on liturgical divisions By focusing on these shared theological assumptions he sheds new light on the Episcopal church helping the reader to see the evangelical and high church parties as concerned with theological as well as liturgical topics Prichard s approach avoids overemphasis on division and opens the way for a broader comparison of the Episcopal church s relationship to other Protestant churches

Bulthuis,2017-04 In the fifty years after the Constitution was signed in 1787 New York City grew from a port town of 30 000 to a metropolis of over half a million residents This rapid development transformed a once tightknit community and its religious experience These effects were felt by Trinity Episcopal Church which had presented itself as a uniting influence in New York that connected all believers in social unity in the late colonial era As the city grew larger more impersonal and socially divided churches reformed around race and class based neighborhoods Trinity s original vision of uniting the community was no longer possible In *Four Steeples over the City Streets* Kyle T Bulthuis examines the histories of four famous church congregations in early Republic New York City Trinity Episcopal John Street Methodist Mother Zion African Methodist and St Philip s African Episcopal to uncover the lived experience of these historical subjects and just how religious experience and social change connected in the dynamic setting of early Republic New York Drawing on a range of primary sources *Four Steeples over the City Streets* reveals how these city churches responded to these transformations from colonial times to the mid nineteenth century Bulthuis also adds new dynamics to the stories of well known New Yorkers such as John Jay James Harper and Sojourner Truth More importantly *Four Steeples over the City Streets* connects issues of race class and gender urban studies and religious experience revealing how the city shaped these churches and how their respective religious traditions shaped the way they reacted to the city Publisher *Standing Against the Whirlwind* Diana Hochstedt Butler,1995-08-10 *Standing Against the Whirlwind* is a history of the Evangelical party in the Episcopal Church in nineteenth century America A surprising revisionist account of the church s first century it reveals the extent to which evangelical Episcopalians helped to shape the piety identity theology and mission of the church Using the life and career of one of the party s greatest leaders Charles Pettit McIlvaine the second bishop of Ohio Diana Butler blends institutional history with biography to explore the vicissitudes and tribulations of evangelicals in a church that often seemed inhospitable to their version of the Gospel This gracefully written narrative history of a neglected movement sheds light on evangelical religion within a particular denomination and broadens the interpretation of nineteenth century American evangelicalism as a whole In addition it elucidates such wider cultural and religious issues as the meaning of millennialism and the nature of the crisis over slavery **God and Sea Power** Suzanne Geissler Bowles,2015-10-15 Gallons of ink have been used analyzing

Adm Alfred Thayer Mahan's thoughts his naval theories and his contribution to sea power One vital aspect of his life however has been ignored or misunderstood by many scholars his religious faith Mahan was a professing Christian who took his faith with the utmost seriousness and as a result his worldview was inherently Christian He wrote and spoke extensively on religious issues a point frequently ignored by many historians This is a fundamental mistake for a deeper and more accurate understanding of Mahan as a person and as a naval theorist can be gained by a meaningful examination of his religious beliefs *God and Sea Power* is the first work to examine in a detailed and contextual way how Mahan's faith influenced his views on war politics and foreign relations
