Mongrel Justin Chin, 1999 *Mongrel* is a cross section of Chin's imagination and experiences that calls into question what it means to be an Asian American in San Francisco the effect your family will always have on you and the role sexuality plays in your life Whether it be Internet pornography or family history Chin manages to dig deep and uncover not only the truths of everyday life but also the absurdities that surround them *Queer Families, Queer Politics* Mary Bernstein, Renate Reimann, 2001 This book addresses the themes of visibility transgression and resistance as well as the intersection between the personal and political in the contexts of relationships parenthood and political activism Giving special attention to families of color immigrants and poor families the authors examine the risks entailed in coming out and the significance of class race and sexual and gender identity in this process Parenting also creates dilemmas of visibility as queer families negotiate malls schools and workplaces as well as the medical legal and political institutions that regulate their families

Buddhism and Whiteness Emily McRae, George Yancy, 2019-05-13 The motivation behind this important volume is to weave together two distinct but we think complementary traditions the philosophical engagement with race whiteness and Buddhist philosophy in order to explore the ways in which these traditions can inform correct and improve each other This exciting and critically informed volume will be the first of its kind to bring together essays that explicitly connect these two traditions and will mark a major step both in understanding race and whiteness with the help of Buddhist philosophy and in understanding Buddhist philosophy with the help of philosophy of race and theorizations of whiteness We expand upon a small but growing body of work that applies Buddhist philosophical analyses to whiteness and racial injustice in contemporary U S culture Buddhist philosophy has much to contribute to furthering our understanding of whiteness and racial identity the mechanisms that create and maintain white supremacy and the possibility of dismantling white supremacy We are interested both in the possible insights that Buddhist metaphysical epistemological and ethical analyses can bring to understanding race and whiteness as well as the potential limitations of such Buddhist inspired approaches In their chapters contributors draw on Buddhist philosophical and contemplative traditions to offer fresh insightful and powerful perspectives on issues regarding racial identity and whiteness including such themes as cultural appropriation mechanisms of racial injustice and racial justice phenomenology of racial oppression epistemologies of racial ignorance liberatory practices with regard to racism Womanism and the intersections of gender based raced based and sexuality based oppressions Authors make use of both contemporary and ancient Buddhist philosophical and contemplative traditions These include various Asian traditions including Theravada Mahayana Tantra and Zen as well as comparatively new American Buddhist traditions 98 *Wounds* Justin Chin, 2011-12-13 A gay punk rock Chinese American in the age of AIDS Chin confronts all manner of hypocrisy San Francisco Chronicle 98 *Wounds* is a series of improbably linked stories that reimagines and reconciles the abject the outlaw the ostracized the misfits and the cranky contrarians among us Gay people have never been as free or divided as in

today's society As the gay majority surges into the mainstream a social construct has emerged depicting Good Gays and Bad Gays Endless mythmaking goes into dehumanizing the Bad Barebackers poz sexpigs meth users sexual libertines and fetishists have been blamed shamed and disdained Any vicious untruth or loathsome rumor about them even those contrary to science or common sense is accepted without question The characters populating 98 Wounds run roughshod in a city spiraling towards collapse They broker urgent desires in constant pursuit of identity obsession rituals of hope even the simplicity of an ordinary life They unwaveringly root for their own understanding of belonging contentment pleasure and love In 98 Wounds either we are all damned or we are all saved a sentiment that speaks to all cultures in these uncertain times Award winning writer Justin Chin is the author of six books including Bite Hard Manic D Press and Mongrel St Martin's Press His works have been widely anthologized Born in Malaysia raised and educated in Singapore shipped to the United States by way of Hawaii he currently lives in San Francisco California

Contemporary Gay American Poets and Playwrights Emmanuel S. Nelson, 2003-06-30 Gay presence is nothing new to American verse and theater Homoerotic themes are discernible in American poetry as early as the 19th century and identifiably gay characters appeared on the American stage more than 70 years ago But aside from a few notable exceptions gay artists of earlier generations felt compelled to avoid sexual candor in their writings Conversely most contemporary gay poets and playwrights are free from such constraints and have created a remarkable body of work This reference is a guide to their creative achievements Alphabetically arranged entries present 62 contemporary gay American poets and dramatists While the majority of included writers are younger artists who came of age in the post Stonewall U S some are older authors whose work has continued or persisted into recent decades A number of these writers are well known including Edward Albee Harvey Fierstein and Allen Ginsberg Others such as Alan Bowne Timothy Liu and Robert O'Hara merit wider

recognition Each entry is written by an expert contributor and includes a biography a discussion of major works and themes an overview of the author s critical reception and primary and secondary bibliographies

Cyber Zen Gregory Price Grieve,2016-12-08 Cyber Zen ethnographically explores Buddhist practices in the online virtual world of Second Life Does typing at a keyboard and moving avatars around the screen however count as real Buddhism If authentic practices must mimic the actual world then Second Life Buddhism does not In fact a critical investigation reveals that online Buddhist practices have at best only a family resemblance to canonical Asian traditions and owe much of their methods to the late twentieth century field of cybernetics If however they are judged existentially by how they enable users to respond to the suffering generated by living in a highly mediated consumer society then Second Life Buddhism consists of authentic spiritual practices Cyber Zen explores how Second Life Buddhist enthusiasts form communities identities locations and practices that are both products of and authentic responses to contemporary Network Consumer Society Gregory Price Grieve illustrates that to some extent all religion has always been virtual and gives a glimpse of possible future alternative forms of religion
