News of Baltimore Linda Steiner, Silvio Waisbord, 2017-05-25 This book examines how the media approached long standing and long simmering issues of race class violence and social responsibility in Baltimore during the demonstrations violence and public debate in the spring of 2015 Contributors take Baltimore to be an important place symbol and marker though the issues are certainly not unique to Baltimore they have crucial implications for contemporary journalism in the U S These events prompt several questions How well did journalism do in Baltimore nearby and nationally in explaining the endemic issues besetting Baltimore What might have been done differently What is the responsibility of journalists to anticipate and cover these problems How should they cover social problems in urban areas What do the answers to such questions suggest about how journalists should in future cover such problems

Community, Space and Online Censorship Scott Beattie, 2016-05-23 Internet censorship is a controversial topic while the media periodically sounds alarms at the dangers of online life the uncontrollable nature of the internet makes any kind of pervasive regulatory control impossible This book

compares the Australian solution a set of laws which have been criticized as being both draconian and ineffectual to major regulatory systems in the UK and US and understanding what drives them The impossibility of internet regulation opens deeper issues what do we mean by regulation and how do we judge the certainty and effectiveness of law These questions lead to an exploration of the theories of legal geography which provide tools to understand and evaluate regulatory practices The book will be a valuable guide for academics students and policy makers working in media and censorship law those from a civil liberties interest and people interested in internet theory generally Museums in the New Mediascape Jenny Kidd, 2016-04-22

The museum today faces complex questions of definition representation ethics aspiration and economic survival Alongside this we see burgeoning use of an array of new media including increasingly dynamic web portals and content digital archives social networks blogs and online games At the heart of this are changes to the idea of visitor and audience and their participation and representation in the new cultural sphere This insightful book unpacks a number of contradictions that help to frame and articulate digital media work in the museum and questions what constitutes authentic participation Based on original empirical research and a range of case studies the author explores questions about the museum as media from a number of different disciplines and shows that across museums and the study of them the cultural logic is changing

Audience Transformations Nico Carpentier, Kim Christian Schrøder, Lawrie Hallett, 2013-07-31 The concept of the audience is changing In the twenty first century there are novel configurations of user practices and technological capabilities that are altering the way we understand and trust media organizations and representations how we participate in society and how we construct our social relations This book embeds these transformations in a societal cultural technological ideological economic and historical context avoiding a naive privileging of technology as the main societal driving force but also avoiding the media centric reduction of society to the audiences that are situated within Audience Transformations provides a platform for a nuanced and careful analysis of the main changes in European communicational practices and their social cultural and technological affordances

True Story Danielle J. Lindemann, PhD, 2022-02-15 Named a Best Nonfiction Book of 2022 by Esquire A sociological study of reality TV that explores its rise as a culture dominating medium and what the genre reveals about our attitudes toward race gender class and sexuality What do we see when we watch reality television In True Story What Reality TV Says About Us the sociologist and TV lover Danielle J Lindemann takes a long hard look in the funhouse mirror of this genre From the first episodes of The Real World to countless rose ceremonies to the White House reality TV has not just remade our entertainment and cultural landscape which it undeniably has Reality TV Lindemann argues uniquely reflects our everyday experiences and social topography back to us Applying scholarly research including studies of inequality culture and deviance to specific shows Lindemann layers sharp insights with social theory humor pop cultural references and anecdotes from her own life to show us who we really are By taking reality TV seriously True Story argues we can better understand key institutions like families schools and prisons and

broad social constructs such as gender race class and sexuality From The Bachelor to Real Housewives to COPS and more so much more reality programming unveils the major circuits of power that organize our lives and the extent to which our own realities are in fact socially constructed Whether we re watching conniving Survivor contestants or three year old beauty queens these guilty pleasures underscore how conservative our society remains and how steadfastly we cling to our notions about who or what counts as legitimate or real At once an entertaining chronicle of reality TV obsession and a pioneering work of sociology True Story holds up a mirror to our society the reflection may not always be pretty but we can t look away

The World Information War Timothy Clack,Robert Johnson,2021-05-10 This book outlines the threats from information warfare faced by the West and analyses the ways it can defend itself Existing on a spectrum from communication to indoctrination information can be used to undermine trust amplify emotional resonance and reformulate identities The West is currently experiencing an information war and major setbacks have included fake news disinformation campaigns the manipulation of users of social media the dissonance of hybrid warfare and even accusations of state capture Nevertheless the West has begun to comprehend the reality of what is happening and it is now in a position defend itself In this volume scholars information practitioners and military professionals define this new war and analyse its shape scope and direction Collectively they indicate how media policies including social media represent a form of information strategy how information has become the centre of gravity of operations and why the further exploitation of data by scale and content by adversaries can be anticipated For the West being first with the truth being skilled in cyber defence and demonstrating virtuosity in information management are central to resilience and success This book will be of much interest to students of strategic studies information warfare propaganda studies cyber security and International Relations

Engendering Democracy in Africa Niamh Gaynor,2022-06-01 This book investigates women s political participation in Africa Going beyond the formal institutions of electoral politics it explores a range of spaces where everyday politics take place at national and at local levels In recent years there have been significant improvements in the number of women elected to parliament in Africa However there is little indication that this is translating into better developmental outcomes and indeed there is mounting evidence that it could in fact help to bolster some authoritarian regimes Starting from the premise that politics is a far broader project than securing a seat in national or local legislatures alone this book explores the opportunities for women s political participation across a number of informal spaces where women and men gather organise and interact in a more regular and systematic manner Combining insights from political science sociology and feminist theory and drawing on detailed cases from the Congo Kenya Malawi Nigeria and Rwanda it examines how power in its multiple dimensions circulates across a range of everyday political spaces while drawing attention to the links between domestic gender inequalities and the global political economy Inviting scholars practitioners and activists to broaden their focus beyond formal electoral institutions if they want to support women to become more politically active this book provides fresh insights into major issues at the heart
