## **Monkey Business Swinging Through The Wall Street Jungle:**

**Monkey Business** John Rolfe, Peter Troob, 2024-09-24 This behind the scenes memoir of a brief and brutal career at a hot Wall Street investment bank is the funniest read since Michael Lewis's *Liar's Poker*. The Industry Standard Newly graduated business students John Rolfe and Peter Troob thought life at major investment banking firm Donaldson Lufkin Jenrette would be a dream come true. Instead they discovered Wall Street employees to be overworked and at their wit's end. Twenty hour work days, strip clubs and inflated salaries. This hilarious book reveals it all. *Monkey Business* is a wild ride following two young men as they realize they're selling their souls in exchange for the American Dream. Deadly accurate and no holds barred take on associate life. *Fortune*, *An*, *adrenaline fueled*, *Animal House*, *Entertainment Weekly*. Not for the faint of heart. Details. *Monkey Business* John Rolfe, Peter Troob, *The Birth of a Jungle* Michael Lundblad, 2013-03-07 The Birth of a Jungle probes the historical emergence of the jungle as a discourse in the U.S. during the Progressive Era. **The Oxford Handbook of the Sociology of Finance** Karin Knorr Cetina, Alex Preda, 2012-11-29 Recent years have seen a surge of interest in the workings of financial institutions and financial markets beyond the discipline of economics which has been accelerated by the financial crisis of the early twenty-first century. The Oxford Handbook of the Sociology of Finance brings together twenty-nine chapters written by scholars of international repute from Europe, North America and Asia to provide comprehensive coverage on a variety of topics related to the role of finance in a globalized world and its historical development. Topics include global institutions of modern finance, types of actors involved in financial transactions and supporting technologies, mortgage markets, rating agencies and the role of financial economics. Particular attention is given to financial crises which are discussed in a special section as well as to alternative forms of finance including Islamic finance and the rise of China. The Handbook will be an indispensable tool for academics, researchers and students of contemporary finance and economic sociology and will serve as a reference point for the expanding international community of scholars researching these areas from a broadly defined sociological perspective. *How to Be an Investment Banker, + Website* Andrew Gutmann, 2013-04-01 A top notch resource for anyone who wants to break into the demanding world of investment banking.
