Castellano, 2024-11-25 This book examines the evolution of contemporary narrative in Portuguese from the point of view of
cultural labour The main objective of this volume is to analyse the panorama of contemporary literary fiction in Portuguese
under the prism of the economization of cultural creativity and the expansion of neoliberal understanding of creative
subjectivity and self realization Assuming that neoliberalism still constitutes a haunting presence that becomes present in
ways that are far from universal and homogeneous and that are shaped by coloniality this book expands the debates on
cultural labour and literary materialisms beyond European and North American contexts Dealing with contemporary literary
production from Brazil Portugal Angola Mozambique Cabo Verde Macau Canada and Goa the volume also tries to reimagine
