Monopoly Capitalism Keith Cowling, 1982      *Radical Perspectives on the Economic Crisis of Monopoly Capitalism* Union for Radical Political Economics, 1975      *The Theory of Monopoly Capitalism* John Bellamy Foster, 2014-04

Absent any epoch making innovations like the automobile or vast new increases in military spending the result was a general trend toward economic stagnation a condition that persists and is increasingly apparent to this day Their analysis was also extended to issues of imperialism or accumulation on a world scale overlapping with the path breaking work of Samir Amin in particular John Bellamy Foster is a leading exponent of this theoretical perspective today continuing in the tradition of Baran and Sweezy's *Monopoly Capital* This new edition of his essential work *The Theory of Monopoly Capitalism* is a clear and accessible explication of this outlook brought up to the present and incorporating an analysis of recently discovered lost chapters from *Monopoly Capital* and correspondence between Baran and Sweezy      *Precarious Power* Susan Booyesen, 2021-02-01

An incisive analysis of South Africa's ANC power as party as government as state South Africa's African National Congress ANC is in decline its hegemony has been weakened its legitimacy diluted President Cyril Ramaphosa's appointment suspended the ANC's electoral decline it also heightened internal tensions between those who would deepen its acquired status as corrupt and captured and those who would remodel it as redeemable These are the incontrovertible knowns of South African politics what will evolve from this is less certain In *Precarious Power* renowned political scientist Susan Booyesen uses in depth research and analysis to distill that which is bound to shape South Africa's political future Booyesen focuses on contradictory party politics and internal ANC dissent that is veiled for the sake of retaining an electoral following Also exposed is the incongruous populist policymaking protest politics and the use of soft law to ensure it does not alienate angry citizens fueling further discontent and protest The ANC's power has become exceedingly precarious *Precarious Power* is the name of the political game for the foreseeable future The comprehensive analysis in *Precarious Power* will appeal not only to political scientists and postgraduate students but to all who take a keen interest in current affairs

**Radical Political Economy: A Concise Introduction** Charles A. Barone, 2015-03-26 This straightforward introduction to radical political economy strikes a balance between breadth and depth and was written for the beginning student and others interested in a relatively short text on radical economics      Revitalizing Marxist Theory for Today's Capitalism Paul Zarembka, Radhika Desai, 2011-11-07

Amidst a capitalist crisis that has upturned mainstream orthodoxies this title underscores the importance of historical and materialist understandings of capitalist economies It exposes the limitations of neoclassical economics endogenous growth theory and how it in fact gropes for understandings well established within Marxism      *Radical Economics and Labour* Frederic Lee, Jon Bekken, 2009-01-06

To celebrate the centenary of the most radical union in North America The Industrial Workers of the World this collection examines radical economics and the labor movement in the 20th Century The union advocates direct action to raise wages and increase job

control and it envisions the eventual abolition of capitalism and the wage system through the general strike The contributors to this volume speak both to economists and to those in the labor movement and point to fruitful ways in which these radical heterodox traditions have engaged and continue to engage each other and with the labor movement In view of the current crisis of organized labor and the beleaguered state of the working class phenomena which are global in scope the book is both timely and important Representing a significant contribution to the non mainstream literature on labor economics the book reactivates a marginalized analytical tradition which can shed a great deal of light on the origins and evolution of the difficulties confronting workers throughout the world This volume will be of most interest to students and scholars of heterodox economics those involved with or researching The Industrial Workers of the World as well as anyone interested in the more radical side of unions anarchism and labor organizations in an economic context     The Elgar Companion to Radical Political Economy Philip Arestis, Malcolm C. Sawyer, 1994-01-01 These valuable contributions will be very useful to students and nonspecialists wanting a clear introduction to specific topics or a convenient volume to browse to get a feel for a broader area of study A welcome addition to any library M Perelman Choice an excellent short encyclopedia of radical political economies Even experienced scholars could read a number of the entries to refresh themselves or to introduce themselves to new areas of inquiry Every university and college library should have a copy William M Dugger Southern Economic Journal Elgar s companions are a joy to read from cover to cover The volume is indexed and belongs in every library William M Dugger Journal of Economic Issues this is a worthwhile volume deserving a browse by anyone with radical pretensions Keith Cowling The Economic Journal This major reference book has been designed to provide a comprehensive coverage of radical political economy International in scope The Elgar Companion to Radical Political Economy includes contributions from a very wide range of specialists who discuss topics ideas and theories in the field Radical political economy is a term used to encompass a range of different schools of thought These include post Keynesian Kaleckian Marxian Institutionalist Sraffian and other approaches to economics which share the common theme of production rather than the exchange focus of neoclassical and Austrian economics Their concern with the generation and use of the surplus leads them to an interest in dynamics income distribution growth and development and capital accumulation With over 100 entries the companion provides detailed information on a wide range of aspects of radical political economy as well as some important insights into its theoretical underpinning A special feature of the book is its emphasis upon explaining the positive elements in radical political economy As the first book of its kind devoted to radical political economy the companion will be an essential reference source for scholars and students with an interest in the development of economic ideas     The Anthropology of White Supremacy Aisha M. Beliso-De Jesús, Jemima Pierre, Junaid Rana, 2025-01-28 White supremacy has shaped cultural anthropology from its inception yet the discipline also offers powerful tools for understanding how this corrosive force structures societies around the world The Anthropology of White Supremacy explores how this phenomenon

works around the globe and within anthropology itself Gathering original essays from a diverse international group of anthropologists this collection illustrates that white supremacy far from being only a fringe belief of white nationalists and fascists is a core mainstream ideology The book includes essays about many countries including Brazil Mexico Nigeria Norway Senegal South Africa and the United States and takes up such topics as American advertising the Belgian Congo South Asian philosophies police cadets U S immigration courts Guant namo memoirs Palestinian feminism Hollywood paparazzi and how Indigenous anthropologists can counter the damage of settler colonialism The result reveals not only how anthropology can help us to better comprehend white supremacy but also how the discipline can help us begin to dismantle it With contributions by Omolade Adunbi Samar Al Bulushi Aisha M Beliso De Jes s Michael Blakey Mitzi Uehara Carter Subhadra Mitra Channa Celina de S Vanessa Diaz Britt Halvorson Faye Harrison Sarah Ihmoud Anthony R Jerry Darryl Li Krist n Loftsd ttir Christopher Loperena Keisha Khan Y Perry Jemima Pierre Jean Muteba Rahier Laurence Ralph Renya K Ramirez Junaid Rana Joshua Reno Jonathan Rosa Shalini Shankar and Maria Styve The Economic Ideas of Marx's Capital Ludo Cuyvers,2016-09-13 Nearly two hundred years have passed since the birth of Karl Marx and continuing to this day the influence of his economic views insights and theories can still be felt However since the publication of Das Kapital the scientific community has not been sitting idle it is time to evaluate Marx as an economist and explore what he can bring to modern economic thinking particularly post Keynesian economics Starting with Marx s schemes of reproduction which it is shown are the basis of the linear model of production as used since the 1960s by Piero Sraffa Michio Morishima and others the book reviews and assesses Marx s major economic theses These include the labour theory of value accumulation and technical change and its impact on labour the concept of unproductive labour the tendential falling rate of profits the evolution and determinants of the share of wages in national income as well as short run and long run economic dynamics The Economic Ideas of Marx s Capital updates the theses of the labour theory of value and the conditions for balanced growth using the recent scholarly literature and also further develops issues related to Marx s concept of productive labour Moreover the book analyses the intellectual relationship of Marx s economic theory with post Keynesian neo Marxism particularly in the writings of Michal Kalecki Joan Robinson and others By doing so the book shows the need and possibilities of integrating major insights of Marxist and post Keynesian theory This volume will be of interest to those who wish to explore Marx s economic theories through a non ideological approach as well as students of Marxist economics post Keynesian economics and the history of economic thought **When Ads Work** John Philip Jones,2007 The accepted wisdom in advertising is that ad campaigns are good for building brand recognition and good will but not for immediate sales impact When Ads Work argues the opposite that well planned and well executed advertising campaigns can and should have an immediate impact on sales Featuring numerous examples from recent ad campaigns the new edition of this popular book is a model for any successful advertising research program With a device he calls STAS Short Term Advertising Strength a

measure of the immediate effect of advertising on sales the author demonstrates th *Elgar Encyclopedia of Post-Keynesian Economics* Louis-Philippe Rochon, Sergio Rossi, 2023-01-13 This Encyclopedia is an invaluable reference book for post Keynesian and heterodox economics It consists of 300 entries written by 180 different authors The volume includes entries on key concepts of interest to post Keynesians as well as descriptions of some of the seminal books in the post Keynesian tradition It will interest both students and scholars of heterodox economics as well as policy makers around the world looking for a better alternative to mainstream economic policies at national and international levels in the aftermath of the global financial crisis that burst in 2008 and the COVID 19 pandemic crisis that began in 2020 *Modern Economic Thought* Sidney Weintraub, 2016-11-11 This book is a volume in the Penn Press Anniversary Collection To mark its 125th anniversary in 2015 the University of Pennsylvania Press rereleased more than 1 100 titles from Penn Press s distinguished backlist from 1899 1999 that had fallen out of print Spanning an entire century the Anniversary Collection offers peer reviewed scholarship in a wide range of subject areas **A History of Marxian Economics, Volume II** Michael Charles Howard, John Edward King, 2014-07-14 This second volume completes a critical history of the social political and theoretical forces behind Marxian economics the only work in English to offer such comprehensive treatment Beginning with Marxian analyses of the Great Depression and Stalinism it explores the theories developed to explain the long boom in Western capitalism after the Second World War Later chapters deal with post Leninist theories of imperialism and continuing controversies in value theory and the theory of exploitation After outlining recent work on the second slump the integration of rational choice theory into Marxism and the political economy of socialism the book concludes with a review and evaluation of Marxian theory over the whole period since Marx s death Praise for the first volume Howard and King have done an excellent job One comes away with the impression of Marxian economics being a vibrant subject relevant to the problems of these times and useful in practical matters Meghnad Desai *The Times Higher Education Supplement* Originally published in 1992 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *The Ideal Worlds of Economics* Benjamin N. Ward, 1979

**Behind the Search Box** ShinJoung Yeo,2023-04-18 Once seen as a harbinger of a new enlightened capitalism Google has become a model of robber baron rapaciousness thanks to its ruthless monetizing of private data obsession with monopoly and pervasive systems of labor discrimination and exploitation Using the company as a jumping off point ShinJoung Yeo explores the political economy of the search engine industry against the backdrop of the relationship between information and capitalism s developmental processes Yeo s critical analysis draws on in depth discussions of essential issues like how the search engine evolved into a ubiquitous commercial service it s place in a global information business that is restructuring the information industry and our very social lives who exactly designs and uses search technology what kinds of workers labor behind the scenes and the influence of geopolitics An incisive look at a pervasive presence in our lives Behind the Search Box places the search engine industry s rise and ongoing success within an original political economy of digital capitalism

**A History of Heterodox Economics** Frederic Lee,2009-06-02 Economics is a contested academic discipline between neoclassical economics and a collection of alternative approaches such as Marxism radical economics Institutional economics Post Keynesian economics and others that can collectively be called heterodox economics Because of the dominance of neoclassical economics the existence of the alternative approaches is generally not known This book is concerned with the community history of heterodox economics seen primarily through the eyes of Marxian radical economics and Post Keynesian economics Throughout the 20th century neoclassical economists in conjunction with state and university power have attacked heterodox economists and tried to cleanse them from the academy Professor Lee his groundbreaking new title discusses issues including the contested landscape of American economics in the 1970s the emergence and establishment of Post Keynesian economics in the US and the development of heterodox economics in Britain from 1970 to 1996
