building tells a broader story of modern American history from the eve of World War II to the new wars of the twenty first century Steve Vogel has crafted a dazzling work of military social history that merits comparison with the best works of David Halberstam or David McCullough Like its namesake The Pentagon is a true landmark *Directory of Historical Organizations in the United States and Canada* American Association for State and Local History, 2002 This multi functional reference is a useful tool to find information about history related organizations and programs and to contact those working in history across the country
