## **Poison Play And Duel A Study In Hamlet:**

**Poison, Play, and Duel** Nigel Alexander, 2022-11-30 First published in 1971 *Poison Play and Duel* explores the dominant symbols of the language and action of *Hamlet* The Ghost first reveals that Claudius murdered his brother by poison and this act of poisoning is then dramatically presented before the King The ultimate consequence of the poison in jest performed by the actors is the poisoned play with rapiers between Laertes and Hamlet This representation of violence and the vengeful response to violence creates the moral and the psychological problems of Hamlet Critics naturally question and disagree about the way that Hamlet plays his role in this play because the role of Hamlet is a theatrical device designed to bring all human actions into debate and question It is hardly surprising that audiences have seen mirrored in Hamlet their own most fundamental and inescapable problems Nigel Alexander shows how Shakespeare like Raphael Titian and other Renaissance artists developed and adapted the imagery inherited from the Christian and classical past The battle within the soul the choice of life the hunt of passion the triple face of prudence and the dance of the graces are given dramatic habitation in Hamlet's soliloquies in the inner play and in the savage contrast of sexuality between Gertrude and Ophelia This book will be of interest to students of literature drama psychology and philosophy **Shakespeare and the supernatural** Victoria

Bladen, Yan Brailowsky, 2020-02-05 This edited collection of twelve essays from an international range of contemporary Shakespeare scholars explores the supernatural in Shakespeare from a variety of perspectives and approaches The Ordeals of Interpretation Maria Sequeira Mendes, 2020-06-02 Ordens da Interpretação analisa ordens medievais a leitura de dados no polígrafo e alguns métodos de tortura ao mesmo tempo que textos como *Hamlet* e *Macbeth* Este livro descreve a ambição por uma pedra de toque que demonstre a veracidade ou autenticidade de certas entidades De notar que pedra de toque basanos era um termo usado para denominar a pedra com que se testava em contextos mercantis a qualidade do ouro mas que designava igualmente a ideia de teste tortura e torturador Para os intérpretes mencionados neste livro a pedra de toque que pode ser um objecto uma pessoa ou um teste teria a capacidade de nos auxiliar a distinguir amigos de inimigos de identificar a qualidade de alguns versos e de iluminar a verdade Argumenta-se todavia que a capacidade de fazer juízos precisos deriva de um entendimento técnico de interpretação conduzida por indivíduos habéis observando-se que a capacidade de descobrir a verdade depende da perícia de cada examinador da sua intuição da capacidade para aprender um método ou uma técnica específica de detectar erros e fazer perguntas qualidades importantes na actividade de um crítico literário

**Inscribing the Time** Eric S. Mallin, 2023-11-15 Combining the resources of new historicism feminism and postmodern textual analysis Eric Mallin reveals how contemporary pressures left their marks on three Shakespeare plays written at the end of Elizabeth's reign Close attention to the language of *Troilus and Cressida* *Hamlet* and *Twelfth Night* reveals the ways the plays echo the events and anxieties that accompanied the beginning of the seventeenth century *Troilus* reflects the rebellion of the Earl of Essex and the failure of the courtly chivalric style *Hamlet* resonates with the danger of the bubonic

plague and the difficult succession history of James I Twelfth Night is imbued with nostalgia for an earlier period of Elizabeth's rule when her control over religious and erotic affairs seemed more secure This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1995

**Hamlet's Moment** András Kiséry, 2016-04-28 Hamlet's Moment identifies a turning point in the history of English drama and early modern political culture the moment when the business of politics became a matter of dramatic representation Drama turned from open military conflict to diplomacy and court policy from the public contestation of power to the technologies of government Tragedies of state turned into tragedies of state servants inviting the public to consider politics as a profession to imagine what it meant to have a political career By staging intelligence derived from diplomatic sources and by inflecting the action and discourse of their plays with a Machiavellian style of political analysis playwrights such as Shakespeare Jonson Chapman and Marston transformed political knowledge into a more broadly useful type of cultural capital something even people without political agency could deploy in conversation and use in claiming social distinction In Hamlet's moment the public stage created the political competence that enabled the rise of the modern public sphere

**The Function of Evil across Disciplinary Contexts** Malcah

Effron, Brian Johnson, 2017-02-15 The Function of Evil Across Disciplinary Contexts explores answers to two important questions about the age old theme of evil is there any use in using the concept of evil in cultural psychological or other secular evaluations of the world and its productions Most importantly if there is what might these functions be By looking across several disciplines and analyzing evil as it is referenced across a broad spectrum of phenomena this work demonstrates the varying ways that we interact with the ethical dilemma as academics as citizens and as people The work draws from authors in different fields including history literary and film studies philosophy and psychology and from around the world to provide an analysis of evil in such topics as deeply canonical as Beowulf and Shakespeare to subjects as culturally resonant as Stephen King Captain America or the War on Terror By bringing together this otherwise disparate collection of scholarship this collection reveals that discussions of evil across disciplines have always been questions of how cultures represent that which they find socially abhorrent This work thus opens the conversation about evil outside of field specific limitations simultaneously demonstrating the assumptions that undergird the manner by which such a conversation proceeds

**The Ludic Self in Seventeenth-Century English Literature** Anna K. Nardo, 1991-09-03 This book argues

that play offered Hamlet John Donne George Herbert Andrew Marvell Robert Burton and Sir Thomas Browne a way to live within the contradictions and conflicts of late Renaissance life by providing a new stance for the self Grounding its argument in recent theories of play and in a historical analysis that sees the seventeenth century as a point of crisis in the formation of the western self the author demonstrates how play helped mediate this crisis and how central texts of the period enact this mediation

**A Buddhist's Shakespeare** James Howe, 1994 The essential Buddhist perspective Howe argues is that reality lacks the solidity which we habitually assume it has and that therefore the appropriate attitude toward life is to play it as we would a game with unusual seriousness for itself rather than for any ulterior motive even that of investing it with meaning Howe also demonstrates that the real subject of representational art is always just itself The significance of such art depends upon the concession that it has no significance In the same way it is precisely the self deconstructive nature of Shakespeare's plays which makes their Buddhist like affirmative positions visible
