Miller, Louis Aucoin, 2010 Analyzing nineteen cases this title offers practical perspective on the implications of constitution making procedure and explores emerging international legal norms      Poland's Transformation Bjorn Kurten, 2017-07-12 Poland has carried out two peaceful revolutions in the span of one generation first the self limiting movement of Solidarity which undermined the legitimacy of Communism and then a negotiated transfer of power from Communism to free market democracy Today while Poland is seen as a success story and is joining political and economic associations in the democratic West Poles themselves seem downcast They ask is social anomie a price worth paying for a successful transformation In making moral compromises with an outgoing tyranny can one avoid cynicism and disappointment with democracy Zbigniew Brzezinski professor of American Foreign Policy at Johns Hopkins University has called Polish Transformation a work that provides a comprehensive as well as incisive overview of the extraordinary difficult and historically unprecedented process of transforming an increasingly corrupt and decayed totalitarian system into a modern democracy John Lenczowski director of the Institute of World Politics adds that this extremely useful volume explains the essential elements of the post communist political transition in Poland Its authors convey the cultural and ideological underpinnings that can be captured only by authorities who have developed over a lifetime that special sixth sense for detecting the elusive and unquantifiable soul of a country Radek Sikorski the executive director of the New Atlantic Initiative at the American Enterprise Institute writes that we should be grateful to the authors and editors of this thoughtful volume for asking questions which remain relevant for that uncomfortably large part of humanity that still lives under totalitarian or authoritarian regimes      *Poland* George Sanford, 2012-12-06 Poland pioneered the collapse of communism in Eastern Europe Domestic reformism and the negotiated abdication of ruling elites in 1989 have structured the country's politics in the 1990s But the division between the communist and Solidarity camps continues to cause problems for a potential reform coalition aiming to complete modernisation through the restructuring required for EU

membership Secular Catholic and rural urban conflicts and well as the growing regional split between the north west and south east have fragmented political life and the party system Nevertheless Poland has made remarkable steps in the consolidation of democracy and the development of her political system whilst maintaining social stability she is also successfully transcending her historical security dilemma of open western and eastern frontiers and stronger aggressive neighbours by embedding herself in Europe through membership of NATO and the EU Poland is overcoming her historical problems
