Police Officer Protector Of The Peace:

Police Officers' Rights and Benefits United States. Congress. House. Committee on the Judiciary. Subcommittee on Crime, 1997 Distributed to some depository libraries in microfiche

Protection of Personnel in Peace Operations Ola Engdahl, 2007 The 1994 Convention on the Safety of United Nations and Associated Personnel Safety Convention was the first multilateral convention to deal specifically with the protection of personnel engaged in peace operations It should be viewed against the background of the increasingly volatile environments in which peace operation personnel were required to operate at the beginning of the 1990s An Optional Protocol extending the automatic application of the Safety Convention to new categories of operation was adopted in December 2005 Protection which a host government is responsible for securing for personnel in peace operations may be categorised as general and special protection The former includes for example human rights law and international humanitarian law The latter comprises privileges and immunities accorded to agents of states or organisations The contribution of the Safety Convention is mainly one of interstate penal law co operation States parties are obligated to co operate in order to effectively prosecute the perpetrators of stipulated crimes The protection afforded by the Safety Convention may therefore be categorised as being part of an emerging legal regime against impunity An effective protection needs to address the specific challenges surrounding peace operations Some of these challenges identified in this study are related to the interplay between the rules of peace and war as well as responsibility and accountability of protected personnel It is also contended that there is a need for an effective implementation of existing rules and a careful development of so called status of forces agreements applicable in peace operations

Law

Enforcement Officers Protection Act of 1985 United States. Congress. House. Committee on the Judiciary. Subcommittee on Crime, 1986

The Protection of Civilians in Peacekeeping Operations Tamer Morris, 2024-09-09 While the Security Council has been mandating peacekeepers to protect civilians since 1999 there is still contention on its legal meaning Even though the concept of protection can seem self evident as the concept of protection is borrowed language each body of law will perceive protection through a different lens However as the mandate creates a legal obligation on UN peace missions a clear understanding of protection is fundamental to ensure performance and accountability

Cases Determined by the St. Louis, Kansas City and Springfield Courts of Appeals of the State of Missouri Missouri. Courts of Appeals, 1910

China, the UN, and Human Protection Rosemary Foot, 2020-05-27 Over a relatively short period of time Beijing moved from dismissing the UN to embracing it How are we to make sense of the People's Republic of China's PRC embrace of the UN and what does its engagement mean in larger terms This study focuses directly on Beijing's involvement in one of the most contentious areas of UN activity human protection contentious because the norm of human protection tips the balance away from the UN's Westphalian state based profile towards the provision of greater protection for the security of individuals and their individual liberties The argument that follows shows that as an ever more crucial actor within the United Nations

Beijing's rhetoric and some of its practices are playing an increasingly important role in determining how this norm is articulated and interpreted. In some cases the PRC is also influencing how these ideas of human protection are implemented. At stake in the questions this book tackles is both how we understand the PRC as a participant in shaping global order and the future of some of the core norms which constitute that order. *California.
