Jacques de Maillard

Policing A Short History Policing And Society Series:

Policing: A Short History Philip Rawlings, 2012-12-06 Providing an overview of the history of policing in the UK the book investigates the changes in policing strategies over time and provides a historical foundation for contemporary debates It will be essential reading for anybody interested in the history of policing and in today's intense debates on what the police do

Policing Philip Rawlings, 2012 *A Short History of Police and Policing* Clive Emsley, 2021 A Short History of Police and Policing traces the evolution of the multiple forms of policing that existed in the past and the historical development of the various bodies individuals and officials who carried these out in different societies

Transforming Youth Justice Anna Souhami, 2012-12-06 In 1997 the newly modernized Labour party swept into power promising a radical overhaul of the youth justice system The creation of inter agency Youth Offending Teams YOTs for the delivery of youth justice services were the cornerstone of the new approach These new YOTs were designed to tackle an excuse culture that was alleged to pervade the youth justice system and aimed to encourage the emergence of a shared culture among youth justice practitioners from different agencies The transformation of the youth justice system brought about a period of intense disruption for the practitioners working within it The nature and purpose of contemporary youth justice work was called into question and wider issues of occupational identity and culture became of crucial importance Through a detailed ethnographic study of the formation of a YOT this book explores a previously neglected area of organisational cultures in criminal justice It examines the nature of occupational culture and professional identity through the lived experience of youth justice professionals in this time of transition and change It shows how profound and complex the effects of organisational change are and the fundamental challenges it raises for practitioners sense of professional identity and vocation Transforming Youth Justice makes a highly significant contribution not only to the way that professional cultures are understood in criminal justice but to an understanding of the often dissonant relationship between policy and practice

A Fair Hearing? Stephen Shute, Roger Hood, Florence Seemungal, 2013-06-17 The book begins by showing how widely held the belief has been that ethnic minorities are discriminated against by the courts and by other agencies in the criminal justice system It discusses the factors that contributed to this belief including the findings of the Macpherson Report and the notion of institutional racism It then looks at the institutional setting in which the research took place the experience of defendants and witnesses their views about how they were treated by the criminal courts and the views of others involved in the court process Final chapters address the issue of sensitivity to ethnicity on the part of judges magistrates and lawyers

Police Powers and Citizens' Rights Layla Skinns, 2019-01-31 Police detention is the place where suspects are taken whilst their case is investigated and a case disposal decision is reached It is also a largely hidden but vital part of police work and an under explored aspect of police studies This book provides a much needed comparative perspective on police detention It examines variations in the relationship between police powers and citizens rights inside police detention in cities in four jurisdictions in Australia England Ireland and the US

exploring in particular the relative influence of discretion the law and other rule structures on police practices as well as seeking to explain why these variations arise and what they reveal about state citizen relations in neoliberal democracies This book draws on data collected in a multi method study in five cities in Australia England Ireland and the US This entailed 480 hours of observation as well as 71 semi structured interviews with police officers and detainees Aside from filling in the gaps in the existing research this book makes a significant contribution to debates about the links between police practices and neoliberalism In particular it examines the police not just the prison as a site of neoliberal governance By combining the empirical with the theoretical the main themes of the book are likely to be of utmost importance to contemporary discussions about police work in increasingly unequal societies As a result it will also have a wide appeal to scholars and students particularly in criminology and criminal justice *Handbook of Policing* Tim Newburn,2012-08-21 This new edition of the Handbook of Policing updates and expands the highly successful first edition and now includes a completely new chapter on policing and forensics It provides a comprehensive but highly readable overview of policing in the UK and is an essential reference point combining the expertise of leading academic experts on policing and policing practitioners themselves

Accountability of Policing Stuart Lister,Michael Rowe,2015-07-30 Accountability of Policing provides a contemporary and wide ranging examination of the accountability and governance of police and policing Debates about who guards the guards are among the oldest and most protracted in the history of democracy but over the last decade we have witnessed important changes in how policing and security agencies are governed regulated and held to account Against a backdrop of increasing complexity in the local national and transnational landscapes of policing political legal administrative and technological developments have served to alter regimes of accountability The extent and pace of these changes raises a pressing need for ongoing academic research analysis and debate Bringing together contributions from a range of leading scholars this book offers an authoritative and comprehensive analysis of the shifting themes of accountability within policing The contributions explore questions of accountability across a range of dimensions including those individuals and institutions responsible for its delivery within and between the public and private sectors and at local national and transnational scales of jurisdiction They also engage with the concept of accountability in a broad sense bringing to the surface the various meanings that have become associated with it and demonstrating how it is invoked and interpreted in different contexts Accountability of Policing is essential reading for academics and students involved in the study of policing criminal justice and criminology and will also be of great interest to practitioners and policymakers *Criminology* Eamonn Carrabine,Pamela Cox,Pete Fussey,Dick Hobbs,Nigel South,Darren Thiel,Jackie Turton,2014-03-21 Building on the success of the second edition Criminology A Sociological Introduction offers a comprehensive overview of the study of criminology from early theoretical perspectives to pressing contemporary issues such as the globalization of crime crimes against the environment and state crime Authored by an internationally renowned and experienced group of authors in the Sociology

department at Essex University this is a truly international criminology text that delves into areas that other texts may only reference This new edition will have increased coverage of psychosocial theory as well as more consideration of the social political and economic contexts of crime in the post financial crisis world Focusing on emerging areas in global criminology such as green crime state crime and cyber crime this book is essential reading for criminology students looking to expand their understanding of crime and the world in which they live Policing the Victorian Town D. Taylor,2002-07-23 The book looks at the development of policing in a town noted for its high levels of crime Through a detailed study of policing and police work over the period c 1840 1914 it shows how the turbulent community of the early Victorian years was turned into a policed society by the end of the century *Policing: An introduction to concepts and practice* Alan Wright,2012-12-06 This book provides a highly readable introduction to the role and function of the police and policing examining the issues and debates that surround this It looks at the core functions of the police the ways in which police functions have developed their key characteristics and the challenges they face From the outset questions are asked about the conceptual contestability and ambiguity of policing and different views of police roles are addressed in turn policing as social control crime investigation managing risk policing as community justice and as a public good Police Culture Tom Cockcroft,2013 Police culture has for over half a century attracted interest from academics students policy makers police institutions and the general public However the literature of this area has proven to be diverse sprawling and prone to contradiction which has led to an enthralling yet intricate body of knowledge that whilst continuing to provoke interest and debate has largely escaped any wider commentary This book provides a comprehensive overview of the area of police culture primarily by situating it in the context of the literature of organisational culture From this starting point the idea of police culture is developed as an occupationally situated response to the uniqueness of the police role and one in which our understanding is at times hindered by the challenges of definitional operational and analytical concerns The book then charts the development of our understanding of the concept through traditional explanations to the contemporary highlighting in turn the tensions that exist between the elements of continuity in the police world and those of change Police culture themes and concepts draws on research from the 1950s to the 21st century from the UK USA and elsewhere to show how the historical trajectory of police work from its early origins through to the late modern present have imbued it with a complexity that is undermined by deterministic explanations that seek to simplify the social world of the police officer This book will be of interest to academics and students studying the sociology of policing as well as criminology **Policing and Criminology** Craig Paterson,Ed Pollock,2011-07-28 A concise and up to date introduction to criminology for those undertaking degrees and foundation degrees in policing police studies and related subjects It provides an introduction to criminological perspectives on the development of the police service over the last 200 years alongside an overview of contemporary themes Key topics include the changing role of policing police governance and accountability policing philosophies and strategies and the globalisation

of policing The book also examines the role criminology has played in the modernisation agenda and police reform the shift to evidence led policing and the relationship between criminological theory and police practice **Do Police Need Guns?**

Richard Evans, Clare Farmer, 2020-11-20 This book challenges what are for many people deep rooted expectations regarding the routine arming of police and compares jurisdictions in which police are routinely armed Toronto Canada and Brisbane Australia and those where police are not routinely armed Manchester England and Auckland New Zealand With a focus on Western jurisdictions and by examining a range of documentary media and data sources this book provides an evidence based examination of the question Do police really need guns This book first provides detailed insight into the armed policing tradition and perceptions expectations with respect to police and firearms A range of theoretical concepts regarding policing state power and the use of force is applied to an examination of what makes the police powerful This is set against the minimum force tradition which is typified by policing in England and Wales Consideration is also given to the role played by key tropes and constructs of popular culture Drawing on Surette's model of symbolic reality the book considers contrasting media traditions and the positioning of firearms within narrative arcs especially the role of heroes The book concludes by drawing together the key themes and findings and considering the viability of retaining and or moving towards non routinely armed police **Violent Crime in North America** Louis A. Knafla, 2003-12-30 This the nineteenth volume of Criminal Justice History features seven original essays on the history of violent crimes and punishments in North America in the nineteenth and twentieth centuries including a major bibliography on capital punishment and the death penalty in the United States The volume also contains a long book review essay on eleven books dealing with aspects of global terrorism and reviews of eleven individual major works on the history and ideology of crime and criminal justice that have appeared from the end of the 1990s The introduction outlines the issues and themes that are contained in the essays and reviews As in the earlier volumes in this series a comprehensive index identifies all subjects names and places in the volume **A Certain Share of Low Cunning** David J. Cox, 2010-02 This book provides an account and analysis of the history of the Bow Street Runners precursors of today's police force Through a detailed analysis of a wide range of both qualitative and quantitative research data this book provides a fresh insight into their history arguing that the use of Bow Street personnel in provincially instigated cases was much more common than has been assumed by many historians It also demonstrates that the range of activities carried out by Bow Street personnel whilst employed on such cases was far more complex than can be gleaned from the majority of books and articles concerning early nineteenth century provincial policing which often do little more than touch on the role of Bow Street By describing the various roles and activities of the Bow Street Principal Officers with specific regard to cases originating in the provinces it also places them firmly within the wider contexts of provincial law enforcement and policing history The book investigates the types of case in which the Runners were involved who employed them and why how they operated including their interaction with local law enforcement bodies and how they were perceived

by those who utilized their services It also discusses the legacy of the Principal Officers with regard to subsequent developments within policing Bow Street Police Office and its personnel have long been regarded by many historians as little more than a discrete and often inconsequential footnote to the history of policing leading to a partial and incomplete understanding of their work This viewpoint is challenged in this book which argues that in several ways the utilization of Principal Officers in provincially instigated cases paved the way for important subsequent developments in policing especially with regard to detective practices It is also the first work to provide a clear distinction between the Principal Officers and their less senior colleagues

Comparative Policing Jacques de Maillard,2022-09-08 This book is a systematic and comparative analysis of police systems in the Western world looking at their structure and how they tackle contemporary social problems such as economic austerity multi level governance transnational change relations with minorities and transformation of delinquency Core content includes Comparative histories of the formation of national police systems A discussion of centralised and decentralised police systems International differences in community policing A review of different police strategies in fighting delinquency and reducing urban disorder A comparative analysis of different ways of controlling police misconduct An exploration of different models of plural policing While other books focus on policing in relation to measures effective in decreasing delinquency and augmenting security this book considers the political professional administrative and political economic parameters which frame and shape the course of police reforms It also explores how operational policing is shaped by the cultural and institutional contexts in which it is located It is essential reading for students engaged in international police studies and comparative criminal justice

Police in the Age of Improvement David Barrie,2008-05 This book provides an in depth analysis of the economic social intellectual and political factors that shaped police reform development and policy in Scottish burghs during the Age of Improvement In doing so it moves beyond many of the problem response interpretations which have preoccupied many police historians and locates reform within the wider contexts of urban improvement municipal administration and Scottish Enlightenment thought

Policing Suspicion Eleanor Bland,2021-11-04 Policing Suspicion is an innovative examination of policing practices and the impact of these on patterns of arrest and prosecution in London 1780 1850 The work establishes and defines the idea of proactive policing in historical context where police officers exercised discretion to arrest defendants on suspicion that they had recently committed or were about to commit an offence Through detailed examination of primary sources including the Old Bailey Proceedings newspaper reports instructions for police officers archival records of policing practices and Select Committee reports the book examines the reasons given for arrests and the characteristics of those arrested Suggesting that individual police officers made active choices using their discretion the book highlights how policing practices affected the received record of criminal activity It also explores continuities and changes in policing practices before and after the establishment of the Metropolitan Police force in 1829 examining the expectations placed on the various officials responsible

for law enforcement The book contends that policing practices and proactive officers themselves contributed to the prevalence of criminal stereotypes Beyond the historical the book is situated within criminological frameworks around policing and preventive justice noting parallels between historical policing based on suspicion and contemporary police powers such as stop and search Speaking to issues of wider significance for criminologists by examining interactions between the police and suspects and reflecting on police decision making processes the book offers an original approach to those researching both the history of crime and policing and criminology and criminal justice more broadly

Invisible Men Joanne Klein, 2010-01-01 T This book provides a comprehensive study of English police constables walking the beat in the early part of the twentieth century Joanne Klein has mined a rich seam of archival evidence to present a fascinating insight into the everyday lives of these working class men The book explores how constables influenced law enforcement and looks at the changing nature of policing during this period

Thank you entirely much for downloading **Policing A Short History Policing And Society Series**. Maybe you have knowledge that, people have look numerous period for their favorite books similar to this Policing A Short History Policing And Society Series, but end stirring in harmful downloads.

Rather than enjoying a fine PDF past a mug of coffee in the afternoon, on the other hand they juggled later than some harmful virus inside their computer. **Policing A Short History Policing And Society Series** is understandable in our digital library an online permission to it is set as public consequently you can download it instantly. Our digital library saves in combined countries, allowing you to acquire the most less latency epoch to download any of our books in the same way as this one. Merely said, the Policing A Short History Policing And Society Series is universally compatible when any devices to read.

Policing A Short History Policing And Society Series Introduction

In today's digital age, the availability of Policing A Short History Policing And Society Series books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Policing A Short History Policing And Society Series books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Policing A Short History Policing And Society Series books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Policing A Short History Policing And Society Series versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Policing A Short History Policing And Society Series books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Policing A Short History Policing And Society Series books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another

popular platform for Policing A Short History Policing And Society Series books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Policing A Short History Policing And Society Series books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Policing A Short History Policing And Society Series books and manuals for download and embark on your journey of knowledge?

FAQs About Policing A Short History Policing And Society Series Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Policing A Short History Policing And Society Series is one of the best book in our library for free trial. We provide copy of Policing A Short History Policing And Society Series in digital format, so the resources that you find are reliable. There are also many Ebooks of related with
