Policing And Stress:

Stress and Police Personnel Leonard Territo, Harold J. Vetter, 1981-01-01 This compilation of articles on job related stress in policing addresses the complexities of the stress syndrome among police officers and advocates the incorporation of a stress intervention and management component into police officer training programs The volume is designed for practical use by police officers and administrators Articles are arranged in topical sections and begin with an orientation and introduction to the general subject providing terminology and background to some of the principle psychological physiological and social consequences of stress Job stress and some of its more destructive manifestations in police officers such as alcoholism divorce other family problems and suicide are examined In addition specific and unique stress experienced by women and minorities in law enforcement is also discussed Recommendations are given concerning the most effective ways that both the officer and the law enforcement agency can deal with these problems Articles on stress and the police administrator concern factors in the managerial task and function that contribute to stress Among them are upward mobility with accompanying loss of supportive relationships among colleagues family and friends the risks of decisionmaking with consequences affecting the lives of many people and political pressures in balancing resources against goals and objectives Under the topic of stress and the family articles look at the toll exacted on wives children and relatives of police personnel by the stressful aspects of police work of which the high divorce rate is but the most visible consequence The concluding section presents organizational and individual programs for coping with stress illustrated by stress control and counseling programs available to officers administrators and families in the police departments of Miami Dallas and Chicago A retirement counseling program for police officers is also discussed because of the unique nature of police retirement which occurs early and isolates former officers from agency friends and informal peer groups that have served as a source of personal support Tabular data and endnotes accompany individual articles The appendix contains a listing of police stress training films An index is also supplied

Stress and the Police Officer Katherine W. Ellison, 2004 Good policing is not impossible The reactions that have been associated with stressors are not inevitable Many officers retire in good physical and emotional health and 100 back on their careers with pleasure In a situation where stressors have led to maladaptive behavior on the part of individuals or organizations change is called for Change must be constant as social conditions in the world around us vary The police represent a force for the order necessary for society to function It is not an easy job but it is one that is worth doing well

Policing Stress on the Homefront Jessica Burke M. S.,2019-05-02 Policing Stress on the Homefront was designed for police officers and the people who love them This unique set of principles regards spouses and romantic partners as a critical component in mental health management Learn how to mitigate the effects of repeated exposure to trauma as a partner an officer or as a team **TREATING POLICE STRESS** John M. Madonna,Richard E. Kelly,2002-01-01 This is an important

work that addresses a very timely issue police stress and its treatment Its authors both hold doctoral degrees in education and teach at the university level In addition both gentlemen have extensive experience treating police stress The book begins by tracing the history of the treatment or lack thereof of police stress specifically its treatment by peers It describes the obstacles peer counselors face and their tactics for addressing them It goes into detail regarding the types of stress that officers face on the job and the ways in which these stresses make this work so very different from other jobs It also provides statistics regarding the high rates of divorce suicide illness and premature death that police are subject to In these ways it provides a strong argument supporting the establishment of stress reduction programs for police The book also makes it clear that peers are uniquely qualified to do this counseling work they have been there and can gain the respect and trust more easily than an outsider It recounts instances of successful peer counseling and it recounts instances of sad failure The book artfully presents the results of extensive surveys and interviews of the people involved in a large peer counseling program from both the peers and those they counsel Perhaps most important departments and organizations wishing to emulate the work that is profiled will find this to be an invaluable guide *Stress in Policing* Ronald J.
