Purdy, 2019-01-15 Published in 1997 It is well known in Australia that Aboriginal people are currently massively over represented amongst the prison population Although it is not officially acknowledged to the same degree in Trinidad it is also well known that Afro Trinidadians are over represented in the prisons of that county The disproportionate criminalisation of Aboriginal Australians and Afro Trinidadians is interpreted by the author as a continuation and concretion of the myth of the barbaric uncivilised and ungoverned savage in opposition to which Western legal systems and societies have created their own identities The book departs from much contemporary analysis in this area by drawing strongly upon a historical analysis of the operations of the common law in Trinidad and Western Australia By doing so the book illustrates that race ethnicity and criminalisation are not necessarily contiguous What such analysis does reveal is another and more constant dimension to criminalisation and that is economic basis of many of the legal relations instituted under British derived legal systems with respect to colonised **Policing White-Collar Crime** Petter Gottschalk, 2013-12-11 Combating white collar crime is a challenge as peoples these criminals are found among the most powerful members of society including politicians business executives and government officials While there are many approaches to understanding this topic Policing White Collar Crime Characteristics of White Collar Criminals highlights the importance of po **Political Corruption in Australia** Peter John Perry, 2017-10-05 This title was first published in 2001 Despite considerable expansion the scholarly literature on political corruption has remained fragmentary often polarized consisting either of sweeping systematic statements or case specific examples Perry bridges this gap and proves the need for further such study in this most worthwhile examination of the place of political corruption in Australia The Australian experience is paid thorough yet concise attention and then it is related to the concept of political corruption in its various and changing forms and interpretations Assuming no familiarity with the

central intellectual issues Perry lucidly explores them in terms of their method practice and definition with particular reference to Australia Primarily suitable for academics interested in politics geography development studies history and sociology this book s accessible style also makes it of interest to a general audience **Community Policing and Peacekeeping** Peter Grabosky, 2009-06-25 In modern industrial societies the demand for policing services frequently exceeds the current and foreseeable availability of public policing resources Conversely developing nations often suffer from an inability to provide a basic level of security for their citizens Community Policing and Peacekeeping offers a fresh overview of the challenge Child Witnesses in Twentieth Century Australian Courtrooms Robyn Blewer, 2021-04-15 This book considers the law policy and procedure for child witnesses in Australian criminal courts across the twentieth century It uses the stories and experiences of over 200 children in many cases using their own words from press reports to highlight how the relevant law was or was not applied throughout this period. The law was sympathetic to the plight of child witnesses and exhibited a significant degree of pragmatism to receive the evidence of children but was equally fearful of innocent men being wrongly convicted The book highlights the impact safeguards like corroboration and closed court rules had on the outcome of many cases and the extent to which fear of children of lies or the truth and of reform influenced the criminal justice process Over a century of children giving evidence in court it is clear that the more things changed the more they staved the same The Handbook of Crime & Punishment Michael H. Tonry, 2000 Consisting of 28 articles this comprehensive reference work on the study of crime examines its causes effects trends and institutions current philosophies of punishment and ways of controlling crime **Policing Marital Violence in Singapore** Ganapathy Narayanan, 2008 Why have years of police reform in Singapore not produced significant changes in improving the policing of marital violence is the fundamental question raised by this volume Carefully exploring the police response to marital violence in Singapore while paying due attention to the particular culture and historical context in place the author reframes the questions about the problem of intimate violence The book goes into the ramifications for the criminal justice system particularly into the issues of policing safety and protection of victims from such violence A careful documentation of the reform process but also the resistance encountered within the police organisation especially by the rank and file police Democratizing the Police Abroad David H. Bayley, 2001 **Blue Army** Jude McCulloch, 2012-11-27 We expect the police to stop armed robbers to arrest drug dealers to keep the peace at demonstrations and to protect us from crime Many of us believe that police officers need to carry guns to protect themselves as well as us But do we want our police forces to become armies Most of us are shocked when suspects are shot dead by police before they can be tried and disturbed to see police wearing riot gear and using baton charges at peaceful demonstrations When police begin using paramilitary tactics the essential nature of their role is redefined switching from protection and peacekeeping to active aggression Some units within our police forces such as the Special Operations Group train with the military and use military weapons and tactics In looking behind the

extraordinary number of police shootings in Victoria Blue Army examines how the Special Operations Group and their tactics which are passed on to ordinary police have contributed to the toll Jude McCulloch's involvement as a lawyer in cases of police shootings led her to detailed investigation of changes to policing in Australia Blue Army arises from her research into the paramilitarisation of the police It exposes the risks of allowing Australia's police forces to move away from the key principle of keeping the peace with the use of minimum force Blue Army is a very disturbing book and one of great Ibss: Political Science: 1992 British Library of Political and Economic Science, 1993 The IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences Restorative Justice Declan Roche, 2017-11-30 The legitimacy and performance of the traditional criminal justice system is the subject of intense scrutiny as the world economic crisis continues to put pressure on governments to cut the costs of the criminal justice system This volume brings together the leading work on restorative justice to achieve two objectives to construct a comprehensive and up to date conceptual framework for restorative justice suitable even for newcomers and to challenge the barriers of restorative justice in the hope of taking its theory and practice a step further The selected articles start by answering some fundamental questions about restorative justice regarding its historical and philosophical origins and challenge the concept by bringing into the debate the human rights and equality discourses Also included is material based on empirical testing of restorative justice claims especially those impacting on reoffending rates victim satisfaction and reintegration The volume concludes with a critique of restorative justice as well as with analytical thinking that aims to push its barriers It is hoped that the investigations offered by this volume not only offer hope for a better system for abolitionists and reformists but also new and convincing evidence to persuade the sceptics in the debate over restorative justice
