Political And Military Masonic Leaders

Maximo Manguiat Kalaw

Political And Military Masonic Leaders:

Political and Military Masonic Leaders Ray V. Denslow, 2005-12-01 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work **African Military History and Politics** Y. Alex-Assensoh, 2002-01-11 Africa s former colonial masters including Great Britain France Portugal and Spain trained members and leaders of the various colonial Armed Forces to be politically non partisan Yet the modern day Armed Forces on the continent made up of the Army Police Air Force and Navy have become so politicized that many countries in Africa are today ruled or have already been ruled by military dictators through coups d etat occasionally for good reasons as the book points out This book traces the historical cum political evolution of these events and what bodes for Africa where the unending military incursions into partisan politics are concerned *The Everything Freemasons Book* John K Young, Barb Karg, 2006-03-13 For thousands of years one clandestine organization has been rumored to control the destinies of men cities even nations Freemasonry Often traced back to the stonemason guilds of the Middle Ages Freemasons were supposedly to be found among all the great minds of the Renaissance including Da Vinci The Freemasons have claimed such illustrious personages as Mozart Benjamin Franklin Darwin FDR Churchill W C Fields Herbert Hoover and many others as members Even today Freemasonry boasts Masonic lodges all over the globe The Everything Freemasons Book examines all the aspects of this fascinating organization including myths legends and stories of this ancient order what s true and what s not the closely guarded secret rituals symbols and esoteric arts the Freemasons enemies from the Catholic Church to the Nazis the many controversies surrounding this secret society past and present Leaders and Intelligence Michael I. Handel, 2012-05-13 From a systematic point of view all intelligence work can be studied on three levels Acquisition analysis and acceptance The author focuses on the third of these levels studying the attitudes and behavioural patterns developed by leaders during their political careers their willingness to consider information and ideas contrary to their own their ability to admit mistakes and change course in the implementation of a failing policy and their capacity to cooperate **Freemasonry and the Press in the Twentieth Century** Paul Calderwood, 2016-04-15 By the end of the twentieth century Freemasonry had acquired an unsavoury reputation as a secretive network of wealthy men looking out for each others interests The popular view is of an organisation that if not actually corrupt is certainly viewed with deep mistrust by the press and wider society Yet as this book makes clear this view contrasts sharply with the situation at the beginning of the century when the public s perception of Freemasonry in Britain was much more benevolent with numerous establishment figures including monarchs government ministers archbishops and civic worthies enthusiastically recommending Freemasonry as the key to model citizenship Focusing particularly on the role of the press this book investigates the transformation of the image of

Freemasonry in Britain from respectability to suspicion It describes how the media projected a positive message of the organisation for almost forty years based on a mass of news emanating from the organisation itself before a change in public regard occurred during the later twentieth century This change in the public mood the book argues was due primarily to Masonic withdrawal from the public sphere and a disengagement with the press Through an examination of the subject of Freemasonry and the British press a number of related social trends are addressed including the decline of deference the erosion of privacy greater competition in the media the emergence of more aggressive and investigative journalism the consequences of media isolation and the rise of professional Public Relations The book also illuminates the organisation's collisions with nationalism communism and state welfare provision As such the study is illuminating not only for students of Freemasonry but those with an interest in the wider social history of modern Britain **Territorial Masonry** Ray Vaughn Denslow,1925

The Development of Philippine Politics, 1872-1920 Maximo Manguiat Kalaw,1926 *The Darkest Sides of Politics, I* Jeffrey M. Bale,2017-09-04 This book examines a wide array of phenomena that arguably constitute the most noxious extreme terrifying murderous secretive authoritarian and or anti democratic aspects of national and international politics Scholars should not ignore these dark sides of politics however unpleasant they may be since they influence the world in a multitude of harmful ways The first volume in this two volume collection focuses on the history of underground neo fascist networks in the post World War II era neo fascist paramilitary and terrorist groups operating in Europe and Latin America in the 1960s and 1970s and the manipulation of those and other terrorist organizations by the security forces of various states both authoritarian and democratic A range of global case studies are included all of which focus on the lesser known activities of certain secular extremist milieus This collection should prove to be essential reading for students and researchers interested in understanding seemingly arcane but nonetheless important dimensions of recent historical and contemporary politics **Historical Dictionary of Mexico** Ryan Alexander,Amelia M. Kiddle,2024-07-02

Tracing the historical development of Mexico from the pre Hispanic period to the present the Historical Dictionary of Mexico Third Edition is an excellent resource for students teachers researchers and the general public This reference work includes a detailed chronology an introduction surveying the country's history and an extensive bibliography The dictionary section includes cross referenced entries on the historical actors who shaped Mexican history as well as entries on politics government the economy culture and the arts

The Foundations of Modern Freemasonry Ric Berman MA,2022-01-01

Following the appointment of its first aristocratic Grand Masters in the 1720s and in the wake of its connections to the scientific Enlightenment Free and Accepted Masonry became part of Britain's national profile and the largest and most influential of Britain's extensive clubs and societies The organisation did not evolve naturally from the mediaeval guilds and religious orders that pre dated it but was reconfigured radically by a largely self appointed inner core at London's most influential lodge the Horn Tavern Freemasonry became a vehicle for the expression of their philosophical and political views

and the Craft attracted an aspirational membership across the upper middling and gentry Through an examination of previously unexplored primary documentation Foundations contributes to an understanding of contemporary English political and social culture and explores how Freemasonry became a mechanism that promoted the interests of the Hanoverian establishment and connected the metropolitan and provincial elites The book explores social networks centred on the aristocracy parliament the learned and professional societies and the magistracy and provides pen portraits of the key individuals who spread the Masonic message Foundations and Schism Sussex Academic 2013 have been described as the most important books on English Freemasonry published in recent times providing a precise social context for the invention of English Freemasonry Berman s analysis throws a new and original light on the formation and development of what rapidly became a national and international phenomenon

The Middle Classes in Latin America Mario Barbosa Cruz,A. Ricardo López-Pedrerros,Claudia Stern,2022-07-13 As a collective effort this volume locates the formation of the middle classes at the core of the histories of Latin America in the last two centuries Featuring scholars from different places across the Americas it is an interdisciplinary contribution to the world histories of the middle classes histories of Latin America and intersectional studies It also engages a larger audience about the importance of the middle classes to understand modernity democracy neoliberalism and decoloniality By including research produced from a variety of Latin American North American and other audiences the volume incorporates trends in social history cultural studies and discursive theory It situates analytical categories of race and gender at the core of class formation This volume seeks to initiate a critical and global conversation concerning the ways in which the analysis of the middle classes provides crucial re readings of how Latin America as a region has historically been understood

Mafia, Deviant Masons and Corruption Anna Sergi,Alberto Vannucci,2023-05-29 This book is the first to consider the intersection between mafia power and deviant masonic lodges within the political sphere of the contemporary Italian state At its core it offers an analysis of the shifting interactions across powerful actors and the ways in which they balance reciprocal obedience and a unique insight into the political processes where mafia actors and deviant lodges play a significant role in the allocation of resources Mafia Deviant Masons and Corruption draws on a wealth of literature from across criminology and political science and a range of primary data sources including judicial files indictments arrest warrants intercepted materials and sentences for key cases official documentation from Parliamentary commissions and special committees of inquiry rituals of affiliation and codes of initiation and interviews with prosecutors journalists and experts In doing so it redefines how we have come to understand the relationship between mafias and power in Italy It considers how criminal groups are defined and enriched by a relational capital in shifty environments where every actor assumes often a double nature the mafia boss acts as an entrepreneur the entrepreneur acts as a politician the politician mixes with masons a deviant mason supports mafia organisations This book is a major contribution to the literature on mafias and organised crime across criminology sociology and political science and will be of great interest to students

researchers scholars and engaged general readers **My Granny Made Me an Anarchist** Stuart Christie,2002

Military Interventions in Portuguese Politics Antonio R. Bandeira,1975 Military Governors and Imperial Frontiers C. 1600-1800 Andrew MacKillop,Steve Murdoch,2003-01-01 This volume examines Scots serving as governors in the empires of Denmark Norway Sweden Russia and the Atlantic and South Asian sectors of the British Empire with a view to understanding Scotland s distinctive participation within European imperialism **The Military in Latin American Socio-political Evolution** Lyle N. McAlister,Anthony P. Maingot,Robert A. Potash,1970 *Writing Secrecy in Caribbean Freemasonry* Jossianna Arroyo,2013-04-24 Addressing the transnational relationships of Freemasonry politics and culture in the field of Latin American and Caribbean literatures and cultures Writing Secrecy provides insight into Pan Caribbean transnational and diasporic formations of these Masonic lodges and their influences on political and cultural discourses in the Americas *Masonic History of the Northwest* John Milton Hodson,1902 Unforgettable Sacrifice Hilary N. Green,2025-02-25 Rediscover the Civil War through the voices that refused to be silenced Unforgettable Sacrifice offers a groundbreaking exploration into the heart of African American memory of the Civil War challenging conventional narratives and revealing a rich history preserved through oral traditions and communal efforts Through extensive archival research and stories shared on the porches of African American families Hilary Green provides a detailed examination of how diverse Black communities across the United States have actively preserved and contested the memory of the Civil War from the nineteenth century to the present By rejecting the reduction of their experiences to mere footnotes in history African Americans have established a vibrant commemorative culture that respects the complexity of their ancestors sacrifices and struggles From the rural landscapes of Black Pennsylvanians to the heart of emancipated communities in the South Green connects the narratives of those who not only fought on battlefields but also in the realms of memory and heritage ensuring their stories of resilience courage and patriotism are remembered Unforgettable Sacrifice brings to light the untold stories of ordinary African Americans who took extraordinary steps in remembrance and resistance By refusing to accept diluted narratives and lies they have ensured the legacy of the Civil War includes the end of slavery the valor of Black soldiers and civilians and the ongoing struggle for democracy and full citizenship This book is a testament to the enduring power of memory and the steadfast spirit of the African American community It is an indispensable addition to the libraries of scholars general readers and descendant communities alike offering new perspectives on the lasting impact of the Civil War on American identity and the persistent pursuit of justice and equality Civil-Military Conflict in Imperial Russia, 1881-1914 William C. Fuller Jr.,2014-07-14 This book is a full scale study in English of tsarist civil military relations in the last decades of the Russian Empire Originally published in 1985 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover

editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
