The Politics of Memoir and the Northern Ireland Conflict Stephen Hopkins, 2013 This book examines memoir writing by many of the key political actors in the Northern Irish Troubles 1969-1998 and argues that memoir has been a neglected dimension of the study of the legacies of the violent conflict It investigates these sources in the context of ongoing disputes over how to interpret Northern Ireland's recent past A careful reading of these memoirs can provide insights into the lived experience and retrospective judgments of some of the main protagonists of the conflict The period of relative peace rests upon an uneasy calm in Northern Ireland Many people continue to inhabit contested ideological territories and in their strategies for shaping the narrative telling of the conflict key individuals within the Protestant Unionist and Catholic Irish Nationalist communities can appear locked into exclusive and self-justifying discourses In such circumstances while some memoirists have been genuinely self-critical many others have utilised a post-conflict language of societal

France and the Origins of the Second World War Robert J. Young, 1996-09-18 France's drift into war and subsequent collapse have often been attributed to her level of confidence Either she had too much or too little This work contends that these two moods were not mutually exclusive that they coexisted throughout the interwar years sustained by competing visions of the Republic and of the best way to ensure national security Early chapters describe the tensions within French interwar foreign policy as well as the ensuing historiographical tensions among scholars intent on interpreting the French experience Subsequent chapters explore tensions in defence and economic policies domestic politics and ideological allegiance public attitudes and opinion

Revolution Rekindled Polly Jones, 2019-08-14 Towards the end of the Khrushchev era a major Soviet initiative was launched to rekindle popular enthusiasm for the revolution which eventually gave rise to over 150 biographies and historical novels The Fiery Revolutionaries Plamennyye revoliutsionery series authored by many key post Stalinist writers and published throughout late socialism until the Soviet collapse What new meanings did revolution take on as it was reimagined by writers including dissidents leading historians and popular historical novelists How did their millions of readers engage with these highly varied texts To what extent does this Brezhnev era publishing phenomenon challenge the notion of late socialism as a time of stagnation and how does it confirm it By exploring the complex processes of writing editing censorship and reading of late Soviet literature Revolution Rekindled highlights the dynamic negotiations that continued within Soviet culture well past the apparent turning point of 1968 through to the late Gorbachev era It also complicates the opposition between official and underground post Stalinist culture by showing how Soviet writers and readers engaged with both as they sought answers to key questions of revolutionary history ethics and ideology Polly Jones reveals the enormous breadth and vitality of the historical turn amongst the late Soviet population Revolution Rekindled is the first archival oral history and literary study of this unique late socialist publishing experiment from its beginnings in the early 1960s to its collapse in the early 1990s It draws on a wide range of previously untapped archives including those of the publisher Politizdat of Soviet institutions in charge of propaganda publishing and literature

and of many individual writers It also uses in depth interviews with Brezhnev era writers editors and publishers and assesses the generic and stylistic innovations within the series biographies and novels Representing Post-Revolutionary Iran Hossein Nazari, 2022-06-30 Memoirs of diasporic Iranian American authors are a unique and culturally powerful way in which Iran its politics and people are understood in the USA and the rest of the world This book offers an analysis of the processes of production promotion and reception of the representations of post revolutionary Iran The book provides new perspectives on some of the most famous examples of the genre such as Betty Mahmoody's Not Without My Daughter Azar Nafisi's Reading Lolita in Tehran A Memoir in Books and Fatemeh Keshavarz's Jasmine and Stars Reading More Than Lolita in Tehran Hossein Nazari places these texts in their social historical and political contexts tracing their origins within the trope of the American captivity narrative teasing out and critiquing neo Orientalist tendencies within and finally focusing on modes of discursive resistance to neo Orientalist narratives The book analyzes the structural means by which stereotypes about Islam and women in the Islamic Republic in these narratives are privileged by news media and the creative industries while also charting a growing number of counterhegemonic memoirs which challenge these narratives by representing more nuanced accounts of life in Iran after 1979 **Interpreting Myanmar** Andrew Selth, 2020-12-10 Since the abortive 1988 pro democracy uprising Myanmar formerly Burma has attracted increased attention from a wide range of observers Yet despite all the statements publications and documentary films made about the country over the past 32 years it is still little known and poorly understood It remains the subject of many myths mysteries and misconceptions Between 2008 and 2019 Andrew Selth clarified and explained contemporary developments in Myanmar on the Lowy Institute's internationally acclaimed blog The Interpreter This collection of his 97 articles provides a fascinating and informative record of that critical period and helps to explain many issues that remain relevant today *Autobiography, Travel and Postnational Identity* Javed Majeed, 2007-01-18 This book examines concepts of travel in the autobiographies of leading Indian nationalists in order to show how nationalism is grounded in notions of individual selfhood and how the writing of autobiography fused with the genre of the travelogue played a key role in formulating the complex tie between interiority and nationality in South Asia

Bismarck's Shadow Richard Frankel, 2004-12-01 History is a tale often told by ghosts and demi gods and our relationship to these figures often determines the shape of the narratives we weave about the past Bismarck's Shadow targets this idea as it is a book that unearths a fascinating phenomenon of German political culture the elevation of a dead political figure Otto von Bismarck to the level of a demi god and the effects of such deification on the course of German politics during the first half of the 20th century Already a central national symbol during his lifetime after his death Bismarck became the object of a political religion what Frankel regards as a Bismarck Cult This book examines how certain ritual practices and a particular historical understanding a Bismarckian gospel provided its followers meaning and direction Extending beyond the cultural as well Bismarck's Shadow also looks at how the cult of Bismarck translated into political

practice In Frankel's estimation the logic of the Bismarckian political religion contributed to the right's progressive radicalization from the turn of the century to the triumph of the Nazis The image of the deceased figure of Bismarck serves as a tool to investigate the transformation of the German right from a traditional state supporting group to a populist radical nationalist movement like Nazism Timely and compelling Bismarck's Shadow raises long overdue questions about the political religion of National Socialism Germans' perceptions about Bismarck and the relationship between Otto von Bismarck and Adolf Hitler

The Last Revolutionaries Catherine Epstein, 2009-06-30 The Last Revolutionaries tells a story of unwavering political devotion it follows the lives of German communists across the tumultuous twentieth century Before 1945 German communists were political outcasts in the Weimar Republic and courageous resisters in Nazi Germany they also suffered Stalin's Great Purges and struggled through emigration in countries hostile to communism After World War II they became leaders of East Germany where they ran a dictatorial regime until they were swept out of power by the people's revolution of 1989 In a compelling collective biography Catherine Epstein conveys the hopes fears dreams and disappointments of a generation that lived their political commitment Focusing on eight individuals The Last Revolutionaries shows how political ideology drove people's lives Some of these communists including the East German leaders Walter Ulbricht and Erich Honecker enjoyed great personal success But others including the purge victims Franz Dahlem and Karl Schirdewan experienced devastating losses And as the book demonstrates female and Jewish communists faced their own sets of difficulties in the movement to which they had given their all Drawing on previously inaccessible sources as well as extensive personal interviews Epstein offers an unparalleled portrait of the most enduring and influential generation of Central European communists In the service of their party these communists experienced solidarity and betrayal power and persecution sacrifice and reward triumph and defeat At once sordid and poignant theirs is the story of European communism from the heroic excitement of its youth to the bureaucratic authoritarianism of its middle age to the sorry debacle of its death

Churchill and Fisher Barry Gough, 2017-10-06 A vivid study of the politics and stress of high command this book describes the decisive roles of young Winston Churchill as political head of the Admiralty during the First World War Churchill was locked together in a perilous destiny with the ageing British Admiral Jacky Fisher the professional master of the British Navy and the creator of the enormous battleships known as Dreadnoughts Upon these Titans at the Admiralty rested British command of the sea at the moment of its supreme test the challenge presented by the Kaiser's navy under the dangerous Admiral Alfred von Tirpitz Churchill and Fisher had vision genius and energy but the war unfolded in unexpected ways There were no Trafalgars no Nelsons Press and Parliament became battlegrounds for a public expecting decisive victory at sea An ill fated Dardanelles adventure by ships alone as Churchill determined on top of the Zeppelin raids on Britain brought about Fisher's departure from the Admiralty in turn bringing down Churchill They spent the balance of the war in the virtual wilderness This dual biography based on fresh and thorough appraisal of the Churchill and Fisher papers is

a story for any military history buff It is about Churchill's and Fisher's war how each fought it how they waged it together and how they fought against each other face to face or behind the scenes It reveals a strange and unique pairing of sea lords who found themselves facing Armageddon and seeking to maintain the primacy of the Royal Navy the guardian of trade the succour of the British peoples and the shield of Empire *Rogue Tory* Denis Smith, 2013-11-19 Winner of the Dafoe Book Prize Winner of the University of British Columbia Medal for Canadian Biography 1995 marked the 100th anniversary of that most charismatic and enigmatic public figure the thirteenth prime minister of Canada John George Diefenbaker Beloved and reviled with equal passion he was a politician possessed of a flamboyant self-fabulizing nature that is the essential ingredient of spellbinding biography After several runs at political office Diefenbaker finally reached the Commons in 1940 sixteen years later he was leader of the Progressive Conservative Party In 1958 after a campaign that dazzled the voters the Tories won the largest majority in the nation's history the Liberal party was shattered its leader Lester Pearson humiliated by an electorate that had chosen to follow John Diefenbaker's victory promised a long and sunny Conservative era It was not to be instead Dief gave the country a decade of continuous convulsion marked by his government's defeat in 1963 and his own forced departure from the leadership in 1967 a very public drama that divided his party and riveted the nation When Diefenbaker died in 1979 he was given a state funeral modeled at his own direction on those of Churchill and Kennedy It culminated in a transcontinental train journey and burial on the bluffs overlooking Saskatoon alongside the archive that houses his papers the only presidential style library built for a Canadian prime minister Canadians embraced the image of Dief as a morally triumphant underdog even as they were repelled by his outrageous excesses He revived a moribund party and gave the country a fresh sense of purpose but he was no match for the dilemmas of the Cold War of Quebec nationalism or the subtleties of the country's relations with the United States This compelling biography illuminating both legend and man and the nation he helped shape was among the most highly praised books of the year *The Father-Daughter Plot* Rebecca L. Copeland, Esperanza Ramirez-Christensen, 2001-07-31 This provocative collection of essays is a comprehensive study of the father-daughter dynamic in Japanese female literary experience Its contributors examine the ways in which women have been placed politically ideologically and symbolically as daughters in a culture that venerates the father They weigh the impact that this daughterly position has had on both the performance and production of women's writing from the classical period to the present Conjoining the classical and the modern with a unified theme reveals an important continuum in female authorship a historical approach often ignored by scholars The essays devoted to the literature of the classical period discuss canonical texts in a new light offering important feminist readings that challenge existing scholarship while those dedicated to modern writers introduce readers to little-known texts with translations and readings that are engaging and original Contributors Tomoko Aoyama Sonja Arntzen Janice Brown Rebecca L. Copeland Midori McKeon Eileen Mikals Adachi Joshua S. Mostow Sharalyn Orbaugh Esperanza Ramirez-Christensen Edith Sarra Atsuko Sasaki Ann Sherif
