Lauzon, Keren Zaiontz**

Political Protest And Cultural Revolution Nonviolent Direct Action In The 1970s And 1980s:

Political Protest and Cultural Revolution Barbara Epstein, 1991-03-14 From her perspective as both participant and observer Barbara Epstein examines the nonviolent direct action movement which inspired by the civil rights movement flourished in the United States from the mid seventies to the mid eighties Disenchanted with the politics of both the mainstream and the organized left and deeply committed to forging communities based on shared values activists in this movement developed a fresh philosophy and style of politics that shaped the thinking of a new generation of activists Driven by a vision of an ecologically balanced nonviolent egalitarian society they engaged in political action through affinity groups made decisions by consensus and practiced mass civil disobedience The nonviolent direct action movement galvanized originally in opposition to nuclear power with the Clamshell Alliance in New England and then the Abalone Alliance in California leading the way Its influence soon spread to other activist movements for peace non intervention ecological preservation feminism and gay and lesbian rights Epstein joined the San Francisco Bay Area s Livermore Action Group to protest the arms race and found herself in jail along with a thousand other activists for blocking the road in front of the Lawrence Livermore Laboratory She argues that to gain a real understanding of the direct action movement it is necessary to view it from the inside For with its aim to base society as a whole on principles of egalitarianism and nonviolence the movement sought to turn political protest into cultural revolution

Direct Action and Democracy Today April Carter, 2005-01-14 More and more people around the world are protesting to defend their rights resist injustice or oppose undemocratic rule In this book April Carter debates the nature and meaning of such protest and discusses the relationship between direct action and people s claims for greater democratic control not only against repressive regimes but also in liberal parliamentary states The book begins by looking at non violent direct action in historical context tracing its evolution from the end of the Second World War to the present day It examines the association between direct action and the social movements of recent decades and charts its role in the new global movement against neo liberal economic policies The second part of the book relates direct action to political theory to ascertain how it fits with theories of liberal republican and deliberative democracy It goes on to consider socialist and cosmopolitan approaches to democracy and popular resistance and concludes by looking at the implications of protest politics for current democratic thinking and contemporary world events This book will be a valuable resource for students and scholars of international politics and political theory

The Spirit of the Sixties James J. Farrell, 2013-10-18 The Spirit of the Sixties explains how and why the personal became political when Sixties activists confronted the institutions of American postwar culture The Spirit of the Sixties uses political personalism to explain how and why the personal became political when Sixties activists confronted the institutions of American postwar culture After establishing its origins in the Catholic Worker movement the Beat generation the civil rights movement and Ban the Bomb protests James Farrell demonstrates the impact of personalism on Sixties radicalism Students

antiwar activists and counterculturalists all used personalist perspectives in the here and now revolution of the decade These perspectives also persisted in American politics after the Sixties Exploring the Sixties not just as history but as current affairs Farrell revisits the perennial questions of human purpose and cultural practice contested in the decade *American Anti-Nuclear Activism, 1975-1990* K. Harvey, 2014-10-28 Looking at national peace organizations alongside lesser known protest collectives this book argues that anti nuclear activists encountered familiar challenges common to other social movements of the late twentieth century

The Oxford Handbook of Peace History Charles F. Howlett, Christian Philip Peterson, Christian Peterson, Deborah D. Buffton, David L. Hostetter, 2023 The Oxford Handbook of Peace History uniquely explores the distinctive dynamics of peacemaking across time and place and analyzing how past and present societies have created diverse cultures of peace and applied strategies for peaceful change The analysis draws upon the expertise of many well respected and distinguished scholars from disciplines such as anthropology economics history international relations journalism peace studies sociology and theology This work is divided into six parts The first three sections address the chronological sweep of peace history from the Ancient Egyptians to the present while the last three cover biographical profiles of peace advocates key issues in peace history and the future of peace history A central theme throughout is that the quest for peace is far more than the absence of war or the pursuit of social justice ideals Students and scholars alike will appreciate that this work examines the field of peace history from an international perspective and expands analysis beyond traditional Eurocentric frameworks This volume also goes far beyond previously published handbooks and anthologies in answering what are the strengths and limits of peace history as a discipline and what can it offer for the future It also has the unique features of a state of the field introduction with a detailed treatment of peace history historiography and a chapter written by a noted archivist in the field that provides a comprehensive list of peace research resources It is a work ably suited applicable for classrooms and scholarly bookshelves

Research in Social Movements, Conflicts and Change Patrick G. Coy, 2013-07-01 This volume brings together multi method research on political mobilization in the USA rights in Peru peacebuilding in Croatia and Israel Palestine local forums in the Occupy movement and a crowd behaviors in the context of university party riots

Sustainable Tools for Precarious Times Natalie Alvarez, Claudette Lauzon, Keren Zaiontz, 2019-10-25 This collection promises to be a cornerstone in the field of performance studies and human rights activism By mixing scholarly chapters with artists manifestos or interruptions it promotes the idea of the collective work between academia and social movements Not only is it very timely theoretically savvy and well written it also brings together scholars activists artists and activists in a very fluid collective approach something many of us strive to do Paola S Hernandez University of Wisconsin USA This book charts the changing frontiers of activism in the Americas Travelling Canada the US the US Mexico border Chile Argentina Brazil Cuba Colombia and Indigenous territories on Turtle Island it invites readers to identify networks clusters and continuities of art activist tactics designed to exceed the event horizon of the performance

protest Essays feature Indigenous artists engaging in land based activism and decolonial cyberactivism grass roots movements imagining possible futures through cross sector alliance building art activists forwarding tactics of reinvention and student groups in the throes of theatrical assembly Artist pages interspersed throughout the collection serve as animated first person perspectives of those working on the front lines of interventionist art Taken together the contributions offer a vibrant picture of emergent tactics and strategies over the past decade that allow art activists to sustain the energy and press of political resistance in the face of a whole host of rights emergencies across the Americas Winner of the Excellence in Editing Award from the Association for Theatre in Higher Education and recipient of an Honourable Mention for the Patrick O Neill Prize administered by the Canadian Association for Theatre Research Project Artists The Great Collective Cough In L M Bogad Le Temps d une Soupe ATSA For Freedoms Hank Willis Thomas and Eric Gottesman Down with Self Management Re Booting Ourselves as Feminist Servers subRosa Journey for Activism and Sustainability Escola de Ativismo Unstoppable micha c rdenas Patrisse Cullors Chris Head and Edxie Betts Listen to Black Women Syrus Marcus Ware Notes on Sustainable Tools Fred Moten and Stefano Harney with Sun Woods The Mirror Shield Project Cannupa Hanska Luger The Human Billboard Project Leah Decter with Stop Violence Against Aboriginal Women Action Group

Culture Moves Thomas R. Rochon, 2018-06-05 Some periods in history are marked by stability in cultural values at other times values undergo rapid change How and why do cultural transformations such as those affecting race and gender relations take place How does one value win acceptance in society when there are conflicting values competing for attention In Culture Moves Thomas Rochon addresses this complex process and develops a theory to explain both how values originate and how they spread In particular he analyzes the crucial role that small communities of critical thinkers play in developing new ideas and inspiring their dissemination through larger social movements Rochon develops this theory by drawing from such sources as survey research content analysis of the mass media and historical accounts He focuses mainly on contemporary issues in the United States such as feminism civil rights and environmentalism but also discusses cases ranging from the French Revolution to the abolition of slavery He explores the cultural niches typically universities and research institutes where new ideas and values evolve and then traces how these ideas play out in society through movements that may have little formal structure Attention in the media he argues is often a deciding move in the contest over public opinion This book will fundamentally revise how we understand the process of social change and what the prospects are for particular culture moves in the future

The Failure of Planning Richard Hogan, 2003 **The Politics of Authenticity** Douglas Charles Rossinow, 1998 In the 1960s a left wing movement emerged in the United States that not only crusaded against social and economic exploitation but also confronted the problem of personal alienation in everyday life These new radicals young white raised in relative affluence struggled for peace equality and social justice Their struggle was cultural as well as political a search for meaning and authenticity that marked a new phase in the long history of American radicalism

Real Democracy Occupy Anna

Szolucha,2016-10-04 The liberal representative model of democracy is in a crisis In protest camps neighbourhood assemblies and through other non hierarchical initiatives the Occupy movement as well as other recent anti austerity movements are redefining democracy as a positive way to engage with this crisis The more direct democratic models of organisation that they are employing are not aimed at making the politicians regain their lost public legitimacy Instead direct democracy is perceived by these movements as a radical alternative to the established forms of representation Can direct democracy become an actual alternative to representative democracy This book takes an engaged and in depth look at the Occupy movement in Ireland and the San Francisco Bay Area in the US in order to present the most up to date evidence of the changing nature of popular democratic demands It takes an insider s perspective to analyse the internal processes and iterations of the movement Establishing links between social movements and transformations of democracy as well as underscoring the significance of the recent movements for the future of democracy this book is essential reading for students scholars and activists interested in direct democracy social movements and radical politics more generally

Democracy in the Making Kathleen M. Blee,2012-03-07 Winner of the 2012 ARNOVA Outstanding Book in Nonprofit and Voluntary Action Research Award 2013 Charles Tilly Award for Best Book from the American Sociological Association Section on Collective Behavior and Social Movements *Democracy in the Making* offers a marvelous synthesis of sociological acumen and hope Kathleen Blee finds that while social activists often narrow their visions of doable social change they also can learn together and take surprising new directions with unpredictable results A wide range of activists will recognize themselves in this book s wonderfully fine grained portraits of politics at the grassroots Paul Lichterman author of *Elusive Togetherness* Church Groups Trying to Bridge America s Divisions This book is an enormous breath of fresh air in an area that often recycles concepts and perspectives Blee offers a strikingly original approach to grassroots activism that will substantially reorient research in collective action and social movements Marc W Steinberg Associate Professor of Sociology Smith College With civic engagement commonly understood to be on the decline and traditional bases of community and means of engagement increasingly fractured how do people become involved in collective civic action How do activist groups form What hampers the ability of these groups to invigorate political life and what enables it Kathleen Blee s groundbreaking new study provides a provocative answer the early times matter By following grassroots groups from their very beginnings Blee traces how their sense of possibility shrinks over time as groups develop a shared sense of who they are that forecloses options that were once open At the same time she charts the turning points at which options re open and groups become receptive to change and reinvention Based on observing more than sixty grassroots groups in Pittsburgh for three years *Democracy in the Making* is an unprecedented look at how ordinary people come together to change society It gives a close up look at the deliberations of activists on the left and right as they work for animal rights an end to the drug trade in their neighbourhood same sex marriage global peace and more It shows how grassroots activism can provide an alternative to civic

disengagement and a forum for envisioning how the world can be transformed At the same time it documents how activist groups become mired in dysfunctional and undemocratic patterns that their members dislike but cannot fix By analyzing the possibilities and pitfalls that face nascent activist organizations Blee reveals how critical early choices are to the success of grassroots activism Vital for scholars and activists alike this practical yet profound study shows us through the examples of both groups that flourish and those that flounder how grassroots activism can better live up to its democratic potential

'Grease Is the Word' Oliver Gruner,Peter Krämer,2019-11-22 Bringing together a group of international scholars from diverse academic backgrounds Grease Is the Word analyses the cultural phenomenon Grease With essays covering everything from the film s production history political representations and industrial impact to its stars and reception the book shines a spotlight on one of Broadway s and Hollywood s biggest commercial successes By adopting a range of perspectives and drawing on various visual textual and archival sources the contributors maintain a vibrant dialogue throughout offering a timely reappraisal of a musical that continues to resonate with fans and commentators the world over

Radical Sisters Anne M. Valk,2024-03-18 Radical Sisters offers a fresh exploration of the ways that 1960s political movements shaped local grassroots feminism in Washington D C Rejecting notions of a universal sisterhood Anne M Valk argues that activists periodically worked to bridge differences for the sake of alleviating women s plight even while maintaining distinct political bases While most historiography on the subject tends to portray the feminist movement as deeply divided over issues of race Valk presents a more nuanced account showing feminists of various backgrounds both coming together to promote a notion of sisterhood and being deeply divided along the lines of class race and sexuality

Angelic Troublemakers A. Terrance Wiley,2014-01-02 Angelic Troublemakers is the first detailed account of what happens when religious ethics political philosophy and the anarchist spirit intermingle Wiley deftly captures the ideals that inspired three revered heroes of nonviolent disobedience Henry Thoreau Dorothy Day and Bayard Rustin Resistance to slavery empire and capital is a way of life a transnational tradition of thought and action This book is a must read for anyone interested in religion ethics politics or law

A New Dawn for the New Left B. Slonecker,2012-12-05 This book examines the underground Liberation News Service and the commune Montague Farm to trace the evolution of the New Left after 1968 In the process it extends the chronological breadth of the long Sixties rethinks the relationship between political and cultural radicalism and explores the relationships between diverse social movements

Protest: Analysing Current Trends Matthew Johnson,Samid Suliman,2016-03-22 The politics of the twenty first century is marked by dissent tumult and calls for radical change whether through food riots anti war protests anti government tirades anti blasphemy marches anti austerity demonstrations anti authoritarian movements and anti capitalist occupations Interestingly contemporary political protests are borne of both the Right and Left and are staged in both the Global North and South Globally different instances of protest have drawn attention to the deep fissures which challenge the idea of globalisation as a force for peace Given the

diversity of these protests it is necessary to examine the particular nature of grievances the sort of change which is sought and the extent to which localised protest can have global implications The contributions in this book draw on the theoretical work of Hardt and Negri David Graeber and Judith Butler among others in order to explore the nature of hegemony the Occupy movement the Arab Spring the responses of authorities to protest and emotion and public performance in and representation of protest The book concludes with David Graeber's reply to reviews of his recent *The Democracy Project: A History, A Crisis, A Movement* This book was published as a special issue of *Global Discourse* **Environmental Justice and the New**

Pluralism David Schlosberg, 1999-04-01 In the first ever theoretical treatment of the environmental justice movement David Schlosberg demonstrates the development of a new form of critical pluralism in both theory and practice Taking into account the evolution of environmentalism and pluralism over the course of the century the author argues that the environmental justice movement and new pluralist theories now represent a considerable challenge to both conventional pluralist thought and the practices of the major groups in the US environmental movement Much of recent political theory has been aimed at how to acknowledge and recognize rather than deny the diversity inherent in contemporary life In practice the myriad ways people define and experience the environment has given credence to a form of environmentalism that takes difference seriously The environmental justice movement with its base in diversity its networked structure and its communicative practices and demands exemplifies the attempt to design political practices beyond those one would expect from a standard interest group in the conventional pluralist model *Resisting Citizenship* Martha A. Ackelsberg, 2013-01-11 Political

participation in America supposedly the world's strongest democracy is startlingly low and many of the civil rights and economic equity initiatives that were instituted in the 1960s and 70s have been abandoned as significant proportions of the populace seem to believe that the civil rights battle has been won However rates of collective engagement like community activism are surprisingly high In *Resisting Citizenship* renowned feminist political scientist Martha Ackelsberg argues that community activism may hold important clues to reviving democracy in this time of growing bureaucratization and inequality This book brings together many of Ackelsberg's writings over the past 25 years combining her own field work and interviews with cutting edge research and theory on democracy and activism She explores these efforts in order to draw lessons and attempt to incorporate knowledge about current notions of democracy from those who engage in non traditional participation those who have in many respects been relegated to the margins of political life in the United States People of the Bomb

Hugh Gusterson, 2004 E L Doctorow suggested that in the years since 1945 the nuclear bomb has come to compose the identity of the American people Developing this theme Hugh Gusterson shows how the military industrial complex has transformed public culture personal psychology in America to create a nuclear people

Yeah, reviewing a books **Political Protest And Cultural Revolution Nonviolent Direct Action In The 1970s And 1980s** could mount up your near contacts listings. This is just one of the solutions for you to be successful. As understood, expertise does not suggest that you have extraordinary points.
