Political Alternatives For Southern Africa Principles And Perspectives:

Political Alternatives for Southern Africa D. J. Van Vuuren, Dan J. Kriek, 1983 **South Africa** Siri Gloppen, 2019-05-23 Originally published in 1997 South Africa The Battle over the Constitution analyses rivaling positions in the South African constitutional debate from the early 1990s via the 1993 interim constitution to the adoption and certification of the new Final Constitution in December 1996 A theoretical framework is developed to analyze the constitutional structure of the contesting constitutional models and the book looks into their potential for addressing the problems of violence social inequality and ethnic tension and for achieving legitimacy and constitutionalism It argues that the constitutional solutions are premised on incomparable conceptions of South African reality and that the Final Constitution includes elements based on incompatible world views The compromises required by the constitutional moment could pose problems for the constitutional function The book also discusses other factors influencing the consolidation of a constitutional democracy in South Africa such as the role of the Constitutional Court and the attempts to create legitimacy for the constitution by broad public participation in the constitution making process **Political Science in South Africa** Peter Vale, Pieter Fourie, 2016-01-13 In 2013 and in 2014 respectively the South African Association of Political Studies SAAPS and Politikon the South African Journal of Political Studies celebrate their 40th anniversary Also in April 2014 South Africa celebrates twenty years since the advent of the post Apartheid democracy and the birth of the rainbow nation This book provides a timely account of the birth and evolution of South African politics over the past four decades but also of the study of Political Science and International Relations in this country Fourteen political scientists contribute chapters to this volume situating the study of politics within its global context and recounting the development of politics as a field of study at South African universities The fourteen contributions evaluate the state of the discipline s and suggest conclusions that are surprising and in many instances unsettling not only with regards to what and how politics is taught but also how its study has variously gained and lost pertinence for South Africans understanding of their own polity as well as its place in the world The implications are uncomfortable and pose interesting challenges for South African scholarship pedagogy and national self reflection This book was published as a special issue of Politikon **Politocracy** Koos Malan, 2012 Politocracy An assessment of the coercive logic of the territorial state and ideas around a response to it by Koos Malan Translated by Johan Scott 2012 ISBN 978 1 920538 10 1 Pages xii 356 Print version Available Electronic version Free PDF available **South Africa's Crisis of Constitutional Democracy** Robert A. Licht, 1994 This book is designed to help bring about the desired transition to liberal democracy in South Africa particularly as the deliberations about a permanent constitution get under way *A First Directory of South African Political Scientists* André Du Pisani, 1987 *Political Science in South Africa*, 1994 *Irishness in a Changing Society* Princess Grace Irish Library, 1989-01-01 Contents R V Comerford Political Myths In Modern Ireland Hugh Leonard The Unimportance of Being Irish Louis Le Brocqy A Painter s Notes On His Irishness Patrick
