

THE POLITICAL ECONOMY OF DICTATORSHIP

RONALD WINTROBE

Political Economy Of Dictatorship

J Ma

Political Economy Of Dictatorship:

The Political Economy of Dictatorship Ronald Wintrobe, 2000-09-25 Although much of the world still lives today as always under dictatorship the behaviour of these regimes and of their leaders often appears irrational and mysterious In *The Political Economy of Dictatorship* Ronald Wintrobe uses rational choice theory to model dictatorships their strategies for accumulating power the constraints on their behavior and why they are often more popular than is commonly accepted The book explores both the politics and the economics of dictatorships and the interaction between them The questions addressed include What determines the repressiveness of a regime Can political authoritarianism be good for the economy After the fall who should be held responsible for crimes against human rights The book contains many applications including chapters on Nazi Germany Soviet Communism South Africa under apartheid the ancient Roman Empire and Pinochet's Chile It also provides a guide to the policies which should be followed by the democracies towards dictatorships

Dictators and Dictatorships Natasha M. Ezrow, Erica Frantz, 2011-02-24 *Dictators and Dictatorships* is a qualitative enquiry into the politics of authoritarian regimes It argues that political outcomes in dictatorships are largely a product of leader elite relations Differences in the internal structure of dictatorships affect the dynamics of this relationship This book shows how dictatorships differ from one another and the implications of these differences for political outcomes In particular it examines political processes in personalist military single party monarchic and hybrid regimes The aim of the book is to provide a clear definition of what dictatorship means how authoritarian politics works and what the political consequences of dictatorship are It discusses how authoritarianism influences a range of political outcomes such as economic performance international conflict and leader and regime durability Numerous case studies from around the world support the theory and research presented to foster a better understanding of the inner workings of authoritarian regimes By combining theory with concrete political situations the book will appeal to undergraduate students in comparative politics international relations authoritarian politics and democratization

How Dictatorships Work Barbara Geddes, Joseph Wright, Erica Frantz, 2018-08-23 This accessible volume shines a light on how autocracy really works by providing basic facts about how post World War II dictatorships achieve retain and lose power The authors present an evidence based portrait of key features of the authoritarian landscape with newly collected data about 200 dictatorial regimes They examine the central political processes that shape the policy choices of dictatorships and how they compel reaction from policy makers in the rest of the world Importantly this book explains how some dictators concentrate great power in their own hands at the expense of other members of the dictatorial elite Dictators who can monopolize decision making in their countries cause much of the erratic warlike behavior that disturbs the rest of the world By providing a picture of the central processes common to dictatorships this book puts the experience of specific countries in perspective leading to an informed understanding of events and the likely outcome of foreign responses to autocracies

Martial Law Melodrama José B. Capino, 2020-01-07 Lino Brocka

1939-1991 was one of Asia and the Global South's most celebrated filmmakers. A versatile talent, he was at once a bankable director of genre movies, an internationally acclaimed auteur of social films, a pioneer of queer cinema, and an outspoken critic of Ferdinand Marcos's autocratic regime. Jos B. Capino examines the figuration of politics in the Filipino director's movies, illuminating their historical contexts, allegorical tropes, and social critiques. Combining eye-opening archival research with fresh interpretations of over fifteen of Brocka's major and minor works, *Martial Law Melodrama* does more than reveal the breadth of his political vision. It also offers a timely lesson about popular cinema's vital role in the struggle for democracy.

The Palgrave Handbook of Mass Dictatorship Paul Corner, Jie-Hyun Lim, 2016-09-22 This book offers a fresh and original approach to the study of one of the dominant features of the twentieth century. Adopting a truly global approach to the realities of modern dictatorship, this handbook examines the multiple ways in which dictatorship functions both for the rulers and for the ruled and draws on the expertise of more than twenty-five distinguished contributors coming from European, American, and Asian universities. While confronting the immense complexities of repression and popular response under dictatorship, the volume also poses a series of wide-ranging questions about the political organization of present-day mass society.

The Oxford Handbook of Public Choice Roger D. Congleton, Bernard Grofman, Stefan Voigt, 2019 The Oxford Handbook of Public Choice provides a comprehensive overview of the research in economics, political science, law, and sociology that has generated considerable insight into the politics of democratic and authoritarian systems as well as the influence of different institutional frameworks on incentives and outcomes. The result is an improved understanding of public policy, public finance, industrial organization, and macroeconomics as the combination of political and economic analysis sheds light on how various interests compete both within a given set of rules of the game and at times to change the rules. These volumes include analytical surveys, syntheses, and general overviews of the many subfields of public choice, focusing on interesting, important, and at times contentious issues. Throughout, the focus is on enhancing understanding of how political and economic systems act and interact and how they might be improved. Both volumes combine methodological analysis with substantive overviews of key topics. This second volume examines constitutional political economy and also various applications, including public policy, international relations, and the study of history, as well as methodological and measurement issues. Throughout both volumes, important analytical concepts and tools are discussed, including their application to substantive topics. Readers will gain increased understanding of rational choice and its implications for collective action, various explanations of voting, including economic and expressive, the role of taxation and finance in government dynamics, how trust and persuasion influence political outcomes, and how revolution, coups, and authoritarianism can be explained by the same set of analytical tools as enhance understanding of the various forms of democracy.

The Elgar Companion to Public Economics Attiat F. Ott, Richard J. Cebula, 2006-01-01 Attiat Ott and Richard Cebula have recognised the need to present in an accessible and straightforward way the voluminous literature in the public economics arena. Advances in econometric techniques and the

spillover of knowledge from other disciplines made it difficult not only for students but also for lecturers to accurately find the information they need This major Companion addresses a wealth of topics common to the study of both public economics and public choice including questions such as How does one structure the whole spectrum of public finance in a manageable framework What is Wagner s Law really about and what does empirical testing tell us How binding is the budget constraint How encompassing is a dictator s interest How do veto powers of the executive institutional structures and regimes affect public sector outcomes Do voters behave rationally Do conflicts yield benefits Is war cost effective and does secession offer a viable exit option The contributions both theoretical and empirical shed light on some contentious issues in the public economics literature and provide readers with insight into issues that are at the forefront of discussions about the public economy The empirical analysis utilizes recent econometric techniques to validate or refute empirical findings based on older vintage econometrics The diversity of coverage ranges from traditional models of the public economy to the incorporation of defence spending as a significant and often neglected function of the public sector The contributors include many pioneers and leading lights in the field The Elgar Companion to Public Economics will be required reading for academics and scholars at many levels in the fields of public economics and public choice but mainly graduate and above The Companion will also be of value to scholars in the wider social sciences in general and political science in particular

The Encyclopedia of Public Choice Charles Rowley, Friedrich Schneider, 2008-01-25 The Encyclopedia provides a detailed and comprehensive account of the subject known as public choice However the title would not convey sufficiently the breadth of the Encyclopedia s contents which can be summarized better as the fruitful interchange of economics political science and moral philosophy on the basis of an image of man as a purposive and responsible actor who pursues his own objectives as efficiently as possible This fruitful interchange between the fields outlined above existed during the late eighteenth century during the brief period of the Scottish Enlightenment when such great scholars as David Hume Adam Ferguson and Adam Smith contributed to all these fields and more However as intellectual specialization gradually replaced broad based scholarship from the nineteenth century onwards it became increasingly rare to find a scholar making major contributions to more than one Once Alfred Marshall defined economics in neoclassical terms as a narrow positive discipline the link between economics political science and moral philosophy was all but severed and economists redefined their role into that of the humble dentist providing technical economic information as inputs to improve the performance of impartial benevolent and omniscient governments in their attempts to promote the public interest This indeed was the dominant view within an economics profession that had become besotted by the economics of John Maynard Keynes and Paul Samuelson immediately following the end of the Second World War

The Remnants of the Rechtsstaat Jens Meierhenrich, 2018 This book offers an intellectual history of Ernst Fraenkel s classic *The Dual State* 1941 recently republished by OUP and one of the most erudite books on the theory of dictatorship ever written It was the first comprehensive analysis of the nature and rise of Nazism and the only such analysis

written from within Hitler's Germany **The Great Betrayal** Fawaz A. Gerges, 2025-04-29 How the Middle East can achieve political change and social progress The Middle East is in upheaval a widening chasm between state and society the failure of governing elites to address citizens genuine grievances massive economic mismanagement all made worse by repeated interventions by Western powers Why has political change been so difficult to achieve In *The Great Betrayal* Fawaz Gerges argues that the convergence of political authoritarianism meddling by the West and the effects of prolonged regional conflicts have produced political paralysis and economic stagnation The agency of everyday people has been thwarted by an authoritarian status quo that is maintained by a powerful partnership of external and internal forces Gerges traces more than a century of consequential events in the region from the end of the Ottoman Empire and the European carve up of the Middle East to the Iranian Revolution and the Arab Spring uprisings He shows how the people of the Middle East have been systematically denied self determination political representation and effective government Gerges finds that the region with its diversity variability and volatility defies abstract grand theories previous accounts that have attributed the Middle East's problems to any one cause such as modernism ignore the complexity and specificity of the issues What can we learn from the Middle East's vexed history Gerges is optimistic declaring that the region's future will be determined not by dictators and their superpower patrons but by a growing population of Arab and Muslim youth who demand to be treated as citizens and not as subjects Secret Leviathan Mark Harrison, 2023-06-06 The Soviet Union was one of the most secretive states that ever existed Defended by a complex apparatus of rules and checks administered by the secret police the Soviet state had seemingly unprecedented capabilities based on its near monopoly of productive capital monolithic authority and secretive decision making But behind the scenes Soviet secrecy was double edged it raised transaction costs incentivized indecision compromised the effectiveness of government officials eroded citizens trust in institutions and in each other and led to a secretive society and an uninformed elite The result is what this book calls the secrecy capacity tradeoff a bargain in which the Soviet state accepted the reduction of state capacity as the cost of ensuring its own survival This book is the first comprehensive analytical multi faceted history of Soviet secrecy in the English language Harrison combines quantitative and qualitative evidence to evaluate the impact of secrecy on Soviet state capacity from the 1917 Bolshevik Revolution to the collapse of the Soviet Union in 1991 Based on multiple years of research in once secret Soviet era archives this book addresses two gaps in history and social science one the core role of secrecy in building and stabilizing the communist states of the twentieth century the other the corrosive effects of secrecy on the capabilities of authoritarian states The Oxford Handbook of Comparative Politics Carles Boix, Susan Carol Stokes, 2007 The Oxford Handbooks of Political Science is a ten volume set of reference books offering authoritative and engaging critical overviews of the state of political science Each volume focuses on a particular part of the discipline with volumes on Public Policy Political Theory Political Economy Contextual Political Analysis Comparative Politics International Relations Law and Politics Political Behavior Political

Institutions and Political Methodology The project as a whole is under the General Editorship of Robert E Goodin with each volume being edited by a distinguished international group of specialists in their respective fields The books set out not just to report on the discipline but to shape it The series will be an indispensable point of reference for anyone working in political science and adjacent disciplines The Oxford Handbook of Comparative Politics offers a critical survey of the field of empirical political science through the collection of a set of chapters written by 47 top scholars in the discipline of comparative politics Part I includes chapters surveying the key research methodologies employed in comparative politics the comparative method the use of history the practice and status of case study research the contributions of field research and assessing the possibility of constructing a science of comparative politics Parts II to IV examine the foundations of political order the origins of states and the extent to which they relate to war and to economic development the sources of compliance or political obligation among citizens democratic transitions the role of civic culture authoritarianism revolutions civil wars and contentious politics Parts V and VI explore the mobilization representation and coordination of political demands Part V considers why parties emerge the forms they take and the ways in which voters choose parties It then includes chapters on collective action social movements and political participation Part VI opens up with essays on the mechanisms through which political demands are aggregated and coordinated This sets the agenda to the systematic exploration of the workings and effects of particular institutions electoral systems federalism legislative executive relationships the judiciary and bureaucracy Finally Part VII is organized around the burgeoning literature on macropolitical economy of the last two decades

Democracies and Authoritarian Regimes Andrea Kendall-Taylor, Natasha Lindstaedt, Erica Frantz, 2019 The only introduction to cover the full spectrum of political systems from democracy to dictatorship and the growing number of systems that fall between equipping readers to think critically about democracy's future trajectory **Developmental Dictatorship and the Park Chung-hee Era** Pyŏng-ch'ŏn Yi, 2006 By examining the most controversial Park Chung hee period 1961-1979 Developmental Dictatorship and the Park Chung hee Era helps the reader rediscover the socioeconomic origins of modern Korea The essays in this book written by twelve noted Korean social scientists discuss the relationship between South Korea's economic development and totalitarianism in the form of the Park dictatorship ABOUT THE EDITOR lee Byeong cheon holds a PhD in economics from Seoul National University He is a professor in the Department of Economics and International Trade at Kangwon National University Dr Lee was a visiting professor at University of California Berkeley CONTRIBUTORS Lee Byeong cheon Kim Sam soo Seo Ick jin Yoo Chul gyue Lee Sang cheol Lee Joung woo Lee Chong suk Cho Young chol Chin Jung kwon Han Hong koo Hong Seong tae Hong Yun gi **Capitalist Dictatorship** Milan Zafirovski, 2021-04-26 Milan Zafirovski identifies and investigates the resurgence of capitalist dictatorship in contemporary society especially after 2016 This book introduces the concept of capitalist dictatorship to the academic audience for the first time It examines the capitalist dictatorship as a total social system composed of specific systems such as a coercive economy

repressive polity illiberal civil society and irrational culture in contrast to liberal democracy It also investigates multiple dimensions forms and indicators of capitalist dictatorship and calculates degrees of capitalist dictatorship for contemporary Western and comparable societies such as OECD countries Capitalist dictatorship including autocracy Zafirovski argues is the gravest threat to contemporary democratic society post 2016

40 Years of Research on Rent Seeking 2 Roger D. Congleton, Arye L. Hillman, Kai A. Konrad, 2008-08-01 The last survey of the rent seeking literature took place more than a decade ago Since that time a great deal of new research has been published in a wide variety of journals covering a wide variety of topics The scope of that research is such that very few researchers will be familiar with more than a small part of contemporary research and very few libraries will be able to provide access to the full breadth of that research This two volume collection provides an extensive overview of 40 years of rent seeking research The volumes include the foundational papers many of which have not been in print for two decades They include recent game theoretic analyses of rent seeking contests and also applications of the rent seeking concepts and methodology to economic regulation international trade policy economic history political competition and other social phenomena The new collection is more than twice as large as any previous collection and both updates and extends the earlier surveys Volume I contains previously published research on the theory of rent seeking contests which is an important strand of contemporary game theory Volume II contains previously published research that uses the theory of rent seeking to analyze a broad range of public policy and social science topics The editors spent more than a year assembling possible papers and although the selections fill two large volumes many more papers could have been included

The Economics of Conflict Karl Warneryd, 2014-03-07 Economists offer a rational choice perspective on conflict using approaches that range from the game theoretic to the experimental Modern economics has largely ignored the issue of outright conflict as an alternative way of allocating goods assuming instead the existence of well defined property rights enforced by an undefined third party And yet even in ostensibly peaceful market transactions conflict exists as an outside option sometimes constraining the outcomes reached through voluntary agreement In this volume economists offer a crucial rational choice perspective on conflict using methodological approaches that range from the game theoretic to the experimental Several chapters use the recently developed contest success function to model conflict examining such topics as alliance formation regional conflicts under fiscal federalism coups d'etat in developing countries and the correlation between conflict and economic growth in Bolivia Other chapters consider subjects that include the link between occupational choices and antigovernment activity in Afghanistan social unrest and the IMF's Structural Adjustment Program and the effect of Tajikistan's civil war on ex combatants capacity for trust and cooperation Taken together these contributions show that economics needs a theory of conflict to understand both outright conflict and transactions in the shadow of conflict But beyond this they show that the study of conflict also needs the rigorous methodology based perspectives of economics Contributors Vincenzo Bove Raul Caruso Alessandra Cassar Jacopo Costa

Maria Cubel Leandro Elia Jose Luis Evia Davide Fiaschi Pauline Grosjean Ruixue Jia Kai A Konrad Roberto Laserna Pinghan Liang Roberto Ricciuti Stergios Skaperdas Caleb Stroup Karl W rneryd Sam Whitt Ben Zissimos **An Outline of Political Economy** Iosif Abramovich Lapidus,Iosif Lapidus,Konstantin Ostrovitiġaġnov,Konstantin Vasil'evich Ostrovitiġaġnov,1929

Intimation of Revolution Subho Basu,2023-06-15 Intimation of Revolution studies the rise of Bengali nationalism in East Pakistan in the 1950s and 60s by showcasing the interactions between global politics and local social and economic developments It argues that the revolution of 1969 and the national liberation struggle of 1971 were informed by the global sixties that transformed the political landscape of Pakistan and facilitated the birth of Bangladesh Departing from the typical understanding of the Bangladesh as a product of Indo Pakistani diplomatic and military rivalry it narrates how Bengali nationalists resisted the processes of internal colonization by the Pakistani military bureaucratic regime to fashion their own nation It details how this process of resistance and nation formation drew on contemporaneous decolonization movements in Asia Africa and Latin America while also being shaped by the Cold War rivalries between the USA USSR and China

Reinterpreting the End of the Cold War Silvio Pons,Federico Romero,2014-08-28 As the activities of individuals organizations and nations increasingly occur in cyberspace the security of those activities is becoming a growing concern Political economic and military leaders must manage and reduce the level of risk associated with threats from hostile states malevolent nonstate actors such as organized terrorist groups or individual hackers and high tech accidents The impact of the information technology revolution on warfare global stability governance and even the meaning of existing security constructs like deterrence is significant These essays examine the ways in which the information technology revolution has affected the logic of deterrence and crisis management definitions of peace and war democratic constraints on conflict the conduct of and military organization for war and the growing role of the private sector in providing security This book was previously published as a special issue of the journal Contemporary Security Policy

Political Economy Of Dictatorship Introduction

In the digital age, access to information has become easier than ever before. The ability to download Political Economy Of Dictatorship has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Political Economy Of Dictatorship has opened up a world of possibilities. Downloading Political Economy Of Dictatorship provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Political Economy Of Dictatorship has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Political Economy Of Dictatorship. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Political Economy Of Dictatorship. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Political Economy Of Dictatorship, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Political Economy Of Dictatorship has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available

and embark on a journey of continuous learning and intellectual growth.

FAQs About Political Economy Of Dictatorship Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Political Economy Of Dictatorship is one of the best book in our library for free trial. We provide copy of Political Economy Of Dictatorship in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Political Economy Of Dictatorship. Where to download Political Economy Of Dictatorship online for free? Are you looking for Political Economy Of Dictatorship PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Political Economy Of Dictatorship. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Political Economy Of Dictatorship are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with Political Economy Of Dictatorship. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with Political Economy Of Dictatorship To get started finding Political Economy Of

Dictatorship, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with Political Economy Of Dictatorship So depending on what exactly you are searching, you will be able to choose ebook to suit your own need. Thank you for reading Political Economy Of Dictatorship. Maybe you have knowledge that, people have search numerous times for their favorite readings like this Political Economy Of Dictatorship, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop. Political Economy Of Dictatorship is available in our book collection an online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, Political Economy Of Dictatorship is universally compatible with any devices to read.
