## **Political Leadership In Liberal Democracies:**

*Political Leadership in Liberal Democracies* Robert Elgie, 1995-10-11 A compelling case for the institutional analysis of political leadership you must buy and read this book R A W Rhodes Public Administration A valuable contribution not only to the study of political leadership but also to the study of comparative politics Valerie Mort Talking Politics Concentrating on the period since 1945 Political Leadership in Liberal Democracies examines the resources of and constraints on political leaders in contemporary political systems The book compares six countries to assess the effectiveness of political leadership and its relationship to the nature of institutional structures and political environments The author argues that while the leadership environment has become more constraining and difficult in recent years the potential for effective leadership in liberal democracies has not been extinguished Political Leadership in Liberal Democracies Robert Elgie, 1995-01-01 Concentrating on the period since 1945 Political Leadership in Liberal Democracies examines the resources of and constraints on political leaders in contemporary political systems The book compares six countries to assess the effectiveness of political leadership and its relationship to the nature of institutional structures and political environments The author argues that while the leadership environment has become more constraining and difficult in recent years the potential for effective leadership in liberal democracies has not been extinguished *Political Leadership in Liberal and Democratic Theory* Joseph Femia, András Körösi, Gabriella Slomp, 2016-08-22 The working hypothesis of this book is that the issue of leadership is neglected by mainstream democratic and liberal theories This deficiency has especially become evident in the last three or four decades which have witnessed a revival of deontological liberalism and radical theories of participatory and deliberative democracy The contributors examine discuss and evaluate descriptive analytical and normative arguments regarding the role of leadership in liberal and democratic theory The volume seeks to provoke debate and to foster new research on the significance and function of leaders in liberal democracies The book as a whole and in its constitutive chapters works on two levels First it aims to expose the lack of systematic treatment of leadership in mainstream liberal and democratic theory Second it explores the reasons for this neglect Overall the book tries to convince the reader that liberal and democratic theories should revive the issue of leadership *Democracy, Leadership and Governance - Application of Artificial Intelligence* K. Gireesan, Jos Chathukulam, 2024-10-10 In today's rapidly evolving political landscape the intersection of democracy leadership and governance with artificial intelligence AI has become a focal point for academic inquiry and practical explorations This book is a machine generated literature overview that explores the opportunities challenges and impacts of integrating AI technologies in democratic processes leadership dynamics and sustainable governance Through a collection of thought provoking chapters readers will gain insights into the transformative potential of AI that revisits the tenets of deliberative democracy redefines leadership roles and rejuvenates public service delivery This volume offers a comprehensive exploration of the processes and practices of democratic decision making leadership development and

sustainable governance It serves as a valuable resource to academics policymakers and practitioners navigating through the concepts dimensions and praxis of democracy leadership and governance It is an important value addition to the body of knowledge and paves the way for informed decision making and responsible application of digital technologies for good governance

Australian Politics in the Twenty-First Century Stewart Jackson,Joff Lelliott,Shannon Brincat,Josephine Bourne,Nick Economou,2022-09-02 The global political environment in the twenty first century is proving dynamic and challenging for Australian policymakers and political institutions Australian Politics in the Twenty first Century contextualises the Australian political landscape through an institutional lens It examines the legislative and judicial bodies minor parties lobby groups the media and the citizenry providing historical and contemporary facts explaining political issues and examining new challenges The second edition has been updated to reflect the application of political theories in today s civic environment New spotlight boxes highlight issues including marriage equality COVID 19 and federalism the inclusion of First Nations peoples in the political system and gender equality in public policy Short answer reflection research and discussion questions encourage students to test and extend their knowledge of each topic and to clearly link theory to practice Written in an accessible and engaging style Australian Politics in the Twenty First Century is an invaluable introduction to the Australian political system

*Handbook of International and Cross-Cultural Leadership Research Processes* Yulia Tolstikov-Mast,Franziska Bieri,Jennie L. Walker,2021-11-29 An invaluable contribution to the area of leadership studies the Handbook of International and Cross Cultural Leadership Research Perspectives Practice Instruction brings together renowned authors with diverse cultural academic and practitioner backgrounds to provide a comprehensive overview and analysis of all stages of the research process The handbook centers around authors international research reflections and experiences with chapters that reflect and analyze various research experiences in order to help readers learn about the integrity of each stage of the international leadership research process with examples and discussions Part I introduces philosophical traditions of the leadership field and discusses how established leadership and followership theories and approaches sometimes fail to capture leadership realities of different cultures and societies Part II focuses on methodological challenges and opportunities Scholars share insights on their research practices in different stages of international and cross cultural studies Part III is forward looking in preparing readers to respond to complex realities of the leadership field teaching learning publishing and applying international and cross cultural leadership research standards with integrity The unifying thread amongst all the chapters is a shared intent to build knowledge of diverse and evolving leadership practices and phenomena across cultures and societies The handbook is an excellent resource for a broad audience including scholars across disciplines and fields such as psychology management history cognitive science economics anthropology sociology and medicine as well as educators consultants and graduate and doctoral students who are interested in understanding authentic leadership practices outside of the traditional Western

paradigm      **Philosophical Perspectives on Power and Domination** ,2021-09-20 The essays in this volume explore in detail many of the ways power structures our daily personal political and intellectual lives and evaluate the workings of power using a variety of theoretical paradigms from Hobbesian liberalism to Foucauldian feminist postmodernism Taken as a whole the book aims towards an end to unjust and destructive uses of power and the flowering of an encouraging educated empowerment for all human beings in a pluralistic world Section I offers a progressive chain of arguments that moves from the acceptance of domination through the rejection of domination and finally to a new vision of power based on equality and mutual respect Section II explores the questions how is the philosophical self that is our very understanding of who we are implicated in the web of power and domination Section III responds to political realism as it explores morally ideal solutions to the global problems of poverty war and hunger Section IV discusses ways in which our thought and practice in both public and private life are bound up in hierarchies of domination      *Japanese Diplomacy* H. D. P. Envall,2015-02-17 A political leader is most often a nation s most high profile foreign policy figure its chief diplomat But how do individual leadership styles personalities perceptions or beliefs shape diplomacy In Japanese Diplomacy the question of what role leadership plays in diplomacy is applied to Japan a country where the individual is often viewed as being at the mercy of the group and where prime ministers have been largely thought of as reactive and weak In challenging earlier simplified ideas of Japanese political leadership H D P Envall argues that Japan s leaders from early Cold War figures such as Yoshida Shigeru to the charismatic and innovative Koizumi Jun ichir to the present leadership of Abe Shinz have pursued leadership strategies of varying coherence and rationality often independent of their political environment He also finds that different Japanese leaders have shaped Japanese diplomacy in some important and underappreciated ways In certain environments individual difference has played a significant role in determining Japan s diplomacy both in terms of the country s strategic identity and summit diplomacy What emerges from Japanese Diplomacy therefore is a more nuanced overall picture of Japanese leadership in foreign affairs      **Psychology of Democracy** Ashley Weinberg,2022-03-03 Democracy was forged in the furnaces of oppression whether combatting tyranny or affirming the rights of the individual As democracy is under threat in many parts of the world there has never been a more urgent need to understand political thoughts and behaviours This lucid and accessible book brings together a global group of scholars from psychology political science communication sociology education and psychiatry The book s structure based on Abraham Lincoln s well known phrase Of by and for the people scrutinises the psychological factors experienced by politicians as representatives of the electorate the political institutions and systems devised by those we elect and the societies that influence the context for us as citizens From trust to risk from political values to moral and religious priorities from the personality and language of leaders to fake news and anti democratic forces this book provides vital new insights for researchers politicians and citizens alike      *The Democratic Leader* John Kane,Haig Patapan,2012-03-29 Democratic leadership is the most familiar form of leadership and yet the least

well understood by people in democratic countries This book explores the tensions and dilemmas that beset such leadership in order to explain why democracies produce simultaneously the strongest and weakest of leaders     **Elites: New Comparative Perspectives** Masamichi Sasaki, 2007-12-31 Elites come in many forms and express themselves in an extraordinary variety of ways This collection reflects just that diversity From an overview of elites for the relatively uninitiated to comparative studies of elites in individual national social and political contexts this work is both historical and contemporary and encompasses a variety of case studies of elite individuals as well as elites in a broad range of national and political environments All this is intended to assist those interested in the study of elites from historical and contemporary theoretical and empirical perspectives Ultimately this volume suggests many opportunities for further study and research

**Theory and Practice of Leadership** Roger Gill, 2011-12-15 Praise for the first edition At last a well written balanced and insightful British book on leadership It is probable that every theory and assertion of consequence is commented upon A real tour de force Emeritus Professor Gerry Randell University of Bradford School of Management Theory and Practice of Leadership is an all encompassing global review of examples and case studies that is both comprehensive and easily adaptable to almost any situation one would encounter in leading people Richard J Conwell Nova Southeastern University Journal of Applied Management and Entrepreneurship If you are looking for a more holistic and critical take on the field of leadership look no further The second edition of this engaging and highly respected text offers an exploration of leadership in a variety of contexts both profit orientated and non profit New to this edition Refined to capture and delineate the essential theories more clearly with broader coverage taking in the latest developments in areas such as change politics assessment and development of leadership and multiple intelligences Further development of a new integrative model of core leadership themes and practices Abundant examples and illustrations together with detailed explanations of how they apply in practice A companion website with an Instructor s Manual PowerPoint slides links to additional case studies and full text journal articles Theory and Practice of Leadership will prove a highly stimulating read for undergraduate and postgraduate students of leadership and related subjects as well as management consultants and practising managers     *The Politics of Party Leadership* William Cross, Jean-Benoit Pilet, 2015-11-26 Making use of a unique data set that includes more than 1000 leadership elections from over 100 parties in 14 countries over an almost 50 year period this volume provides the first comprehensive comparative examination of how parties choose their leaders and the impact of the different decisions they make in this regard Among the issues examined are how leaders are chosen the factors that result in parties changing their selection rules how the rules affect the competitiveness of leadership elections the types of leaders chosen the impact of leadership transition on electoral outcomes the factors affecting the length of leadership tenures and how leadership tenures come to an end This volume is situated in the literature on intra party decision making and party organizational reform and makes unique and important contributions to our understanding of these areas The analysis includes parties in Australia

Austria Belgium Canada Denmark Germany Hungary Israel Italy Portugal Romania Spain Norway and the United Kingdom Comparative Politics is a series for students teachers and researchers of political science that deals with contemporary government and politics Global in scope books in the series are characterised by a stress on comparative analysis and strong methodological rigour The series is published in association with the European Consortium for Political Research For more information visit [www.ecprnet.eu](http://www.ecprnet.eu)

The Ethics of National Security Intelligence Institutions Adam Henschke, Seumas Miller, Andrew Alexandra, Patrick F. Walsh, Roger Bradbury, 2024-03-19 This book explores the ethics of national security intelligence institutions operating in contemporary liberal democracies Intelligence collection by agencies such as the CIA MI6 and Mossad involves practices that are apparently inconsistent with the principles of ordinary morality practices such as lying spying manipulation and covert action However in the defence of national security such practices may not only be morally permissible but may also under some circumstances be morally obligatory One approach to the ethics of national security intelligence activity has been to draw from the just war tradition so called just intelligence theory This book identifies significant limitations of this approach and offers a new institutionally based teleological normative framework In doing so it revises some familiar principles designed for application to kinetic wars such as necessity and proportionality and invokes some additional ones such as reciprocity and trust It goes on to explore the applications of this framework and a revised set of principles for national security intelligence institutions and practices in contemporary and emerging political and technological settings This book will be of much interest to students of intelligence studies ethics security studies and International Relations

*Provincial Strategies of Economic Reform in Post-Mao China* Peter T. Y. Cheung, Zhimin Lin, 1998 This book studies economic decentralization in eight Chinese provinces Shanghai Zhejiang Guangdong Shaanxi Shandong Fujian Hainan and Sichuan by focusing on the role of provincial leadership in the initiation and implementation of economic reform

*Toward Leader Democracy* Jan Pakulski, András Körösenyi, 2013-12-01 In today's liberal democracies does the political process focus on the people or on the political leaders representing them Building upon the ideas of Joseph Schumpeter and Max Weber *Toward Leader Democracy* argues that we are currently seeing a movement toward an increasingly pronounced focus on political leaders leader democracy This form of democracy is fashioned by the political will determination and commitment of top politicians and is exercised through elite persuasion that actively shapes the preferences of voters so as to give meaning to political processes As the text reveals this marks a definite evolution within the world's advanced democracies democratic representation is today realised increasingly through active political leadership as opposed to the former practices of statistically mirroring constituencies or the deliberative self adjustment of the executive to match citizen preferences

**City Politics, Canada** Jim Lightbody, 2005-12-01 *City Politics, Canada* is an introduction to the basic politics and core policies of today's city halls While the book surveys classic discussions and accurately describes municipal institutions in Canada it also explains why particular policies assume the specific shape they do James Lightbody

draws on over thirty years experience researching and participating in city politics to argue that transparent accountability from local public officials related to specific policies and the general condition of the community is an important and desired end for democratic city government Arguments for change within city politics are insufficient if the result is that everyone has a say but no one is accountable In following this theme throughout the book Lightbody examines the various facets of metropolitan politics in a lively and engaging manner and explains why city politics are important to all Canadians Provincial agenda setting is viewed through the lens of the urban political landscape as are the reasons behind the Toronto Megacity 1996 and Montreal s consolidation Finally the book expands its discussion to explore the global reach of the urban phenomenon and the impact of world practices on Canada s metropolitan cities The ultimate hope for this book is that readers as citizens will be better able to understand the basic politics and core policies of today s city halls and will be better equipped to participate effectively in the processes by which those policies are made

**The Kohl Chancellorship** Clay Clemens, William E. Paterson, 2014-02-04 In this volume Helmut Kohl s leadership and legacy are assessed and contributors analyse the chancellor s goals and governing style including his part in promoting European integration and his domestic political role vis a vis his own party its main opponents and the public

*Examining Human Rights Issues and the Democracy Project in Sub-Saharan Africa* E. Ike Udogu, 2014-03-06 Sub Saharan Africa is experiencing an impressive measure of economic revivalism that is driven by both national and international forces at the beginning of the twenty first century That political and business leaders in the region are determined that development in this millennium will not mimic the slow pace of growth in the twentieth is a given Undoubtedly the rapid spread of information communications technology ICT and contemporary investments of China in the region s growth agenda bear this thesis out This book among other things advances the theory that improving human rights practices and the democracy project i e democratic consolidation in sub Saharan Africa will create an enabling environment that is critical for stimulating the current inspiring development objectives

**Strategic Crisis Leadership in the Middle East** Alessia Tortolini, 2024-09-01 This book assesses strategic crisis management in Lebanon during the Covid 19 pandemic It compares the government s responses to the crisis with those offered by Hezbollah and assesses how their varying responses were perceived by the public By shining light on the case of Lebanon the book broadens our understanding of crisis management into a region that due to social and political complexity has been vastly understudied It will appeal to scholars and students of public administration crisis management and international relations as well as all those interested in the Middle East more generally
