Political Roles And Military Rulers:

Political Roles and Military Rulers Amos Perlmutter, 2014-04-23 This book represents three decades of Perlmutter's experiences and observations. The author studies the relationship between the military and politics in the Middle East, focusing mainly on Egypt as a case study. He concludes by analysing the effect this internal relationship has on military performance.

The Political Role of International Trade Unions Gary K. Bosch, 1983-06-18 **Modern Politics and Government** Alan R. Ball, 1988-07-28 A fully revised and updated edition of an introductory text book which includes political concepts, institutions, processes and voting behaviour, the media and classification of governments among its contents, drawing on examples from a wide variety of countries and political parties.

Military Rule in Latin America Karen Remmer, 2025-04-30 First published in 1989, *Military Rule in Latin America* by Karen L. Remmer draws upon a wide variety of sources, including interviews with top government officials, to challenge prevailing interpretations of military rule. She questions the assumption that military regimes can be adequately understood in terms of their origins and shows how important variations among them reflect the roles of state actors and institutions. In the first part of the book, Remmer provides a broad overview of military rule in Latin America; in the second, a detailed case study of Chile under the Pinochet regime. She concludes by examining the implications of her findings for understanding transitions from authoritarianism and the consolidation of democracy. This groundbreaking work is essential reading for scholars and researchers of Latin American studies, political studies and comparative politics.

The SAGE Encyclopedia of Political Behavior Fathali M. Moghaddam, 2017-05-03 The *SAGE Encyclopedia of Political Behavior* explores the intersection of psychology, political science, sociology and human behavior. This encyclopedia integrates theories, research and case studies from a variety of disciplines that inform this established area of study.

Democratic Consolidation and Constitutional Endurance in Asia and Africa Tom Gerald Daly, Dinesha Samararatne, 2024-02-15 A well-articulated response to the growing scholarly conversation on democratic backsliding and resilience, this essay collection considers recent democratising events in Ethiopia, The Gambia, Malaysia, Maldives, Myanmar, Sri Lanka and Thailand.

The Political Impact of African Military Leaders Sabella Ogbobode Abidde, Felix Kumah-Abiwu, 2023-06-28 This edited volume examines the cases of four African military leaders who had enormous impact on the continent and beyond. These military officers and later heads of state—Jerry Rawlings of Ghana, Muammar Gaddafi of Libya, Thomas Sankara of Burkina Faso and Gamal Abdel Nasser of Egypt—were provocative and polarizing figures, beloved domestically but mostly viewed with suspicion and hostility by foreign governments. This volume studies these leaders as a group, engaging in a critical but systematic examination of their personalities, leadership styles, official performance, legacies and their continuing impact on the future and political destiny of the continent. Providing a survey of controversial but important African political figures, this volume will be of use to scholars and students in the social sciences, especially those interested in African history, African studies, military science, Black studies and political science.

Activists David W. Del Testa, 2014-01-27 In each volume an introductory essay outlines the history of the disciplines under discussion and describes how changes and innovations in these disciplines have affected our lives. The biographies that follow are organized in an A-Z format; each biography is divided into a life section describing the individual's life and influences and a legacy section summarizing the impact of that individual's work throughout history. These biographies cover a diverse group of men and women from around the globe and throughout history. Franklin Delano Roosevelt, Mao Tse-tung, and Genghis Khan are among the 200 well-known historical figures included in this volume. Examples of other lesser-known yet important individuals covered in this work are Gustavus Adolphus, Swedish empire creator; Hatshepsut, queen of ancient Egyptian dynasty; and Jean Jaurès, French socialist leader and pacifist. Each synopsis provides information on each individual's enduring impact on the common understanding of fundamental themes of human existence. *Makers of Democracy A.*

Ricardo López-Pedrerós, 2019-03-28 In *Makers of Democracy A*, Ricardo López Pedrerós traces the ways in which a thriving middle class was understood to be a foundational marker of democracy in Colombia during the second half of the twentieth century. Drawing on a wide array of sources ranging from training manuals and oral histories to school and business archives, López Pedrerós shows how the Colombian middle class created a model of democracy based on free market ideologies, private property rights, material inequality, and an emphasis on a masculine work culture. This model, which naturalized class and gender hierarchies, provided the groundwork for Colombia's later adoption of neoliberalism and inspired the emergence of alternate models of democracy and social hierarchies in the 1960s and 1970s that helped foment political radicalization. By highlighting the contested relationships between class, gender, economics, and politics, López Pedrerós theorizes democracy as a historically unstable practice that exacerbated multiple forms of domination, thereby prompting a rethinking of the formation of democracies throughout the Americas. *The Military and Democracy in Asia and the Pacific* Ronald James

May, Viberto Selochan, 2004-03-01 In *The Military and Democracy in Asia and the Pacific*, a number of prominent regional specialists take a fresh look at the military's changing role in selected countries of Asia and the Pacific, particularly with regard to the countries' performance against criteria of democratic government: Indonesia, Thailand, the Philippines, Burma, Pakistan, Bangladesh, South Korea, Fiji, and Papua New Guinea. All fall under the spotlight as the authors examine the role which the military has played in bringing about changes of political regime and in resisting pressures for change.

Myanmar Adam Simpson, Nicholas Farrelly, 2023-10-20 This new edition of *Myanmar: Politics, Economy and Society* provides a sophisticated yet accessible overview of the key political, economic, and social challenges facing contemporary Myanmar and explains the complex historical and ethnic dynamics that have shaped the country. Thoroughly revised, the book analyses the context and tragic consequences of the military coup in February 2021 and the COVID-19 pandemic. With clear and incisive contributions from the world's leading Myanmar scholars, this book assesses the policies and political reforms

that have provoked contestation in Myanmar's recent history and driven both economic and social change. In this context, questions of economic ownership and control and the distribution of natural resources are shown to be deeply informed by long-standing fractures among ethnic and civil-military relations. The chapters analyse the key issues that constrain or expedite societal development in Myanmar and place recent events of national and international significance in the context of its complex history and social relations. The book provides detailed analysis of the coup which overturned a decade of political and economic reforms and threw the country into chaos. It explains the drivers for the coup, how it has impacted on the country and the future prospects for accountability and justice. Filling a gap in the market, this research textbook and primer will be of interest to upper undergraduates, postgraduates and scholars of Southeast Asian politics, economics and society and to journalists and professionals working within governments, companies and other organisations. The Open Access version of this book is available at <http://www.taylorfrancis.com> and has been made available under a Creative Commons Attribution-NonCommercial-NoDerivatives 4.0 license.

Politics in Pacific Asia Xiaoming Huang, Jason Young, 2017-09-16. This lively and accessible new edition provides a uniquely broad-ranging introduction to the governance and politics of Pacific Asia. Thematically structured around the key institutions and issues, it is genuinely comparative in its approach to the whole region. A range of representative countries—China, Japan, Korea, Taiwan, Singapore, Malaysia, Thailand, Indonesia, Vietnam and the Philippines—are used as key case examples throughout and each of them is subject to a detailed full-page country profile. This diverse region is a fascinating area for study. *Politics in Pacific Asia* provides a framework to form a coherent understanding of the region's politics; it balances persistent patterns with the latest developments and general characteristics with the differing cultures, histories and institutions of individual countries.

Latin American Politics David Close, 2017-05-18. *Latin American Politics* Second Edition is a thematic introduction to the political systems of all 20 Latin American countries. The approach is self-consciously comparative and encourages students to develop stronger comparative analysis skills through such topics as history, violence, democracy and political economy. Fully updated and revised, this second edition also includes a new chapter on parties, elections and movements. Each chapter is now framed by a prologue and an epilogue to engage students and provide more country-specific content.

An Analysis of Africa's Unconstitutional Government Transitions Jibrin Ubale Yahaya, 2024-11-26. Over fifty years ago, military takeovers in Africa exacerbated unconstitutional political transitions. The African Union (AU), founded in 2001, has significantly impacted African law by addressing illegal government changes. The AU has created a legal framework including targeted sanctions to ease these transitions. Despite its poor design and implementation, the AU is an important player in advancing democracy. However, the definition of unconstitutional changes is too narrow, and sanctions are often unnecessary. The book explores the rise of unconstitutional changes in African governments, particularly in Mauritania, Guinea, Madagascar and Niger, which challenge the African democratic project. It explores the causes, reactions and methods of government change, including military takeovers.

presidential extensions and election manipulation The book also examines the limitations of institutional mechanisms and military intervention in Africa since the Cold War offering insights and suggestions for best way of transition of elected government with popular mandate by African peoples *Coercion and Governance* Muthiah Alagappa,2001 This far ranging volume offers both a broad overview of the role of the military in contemporary Asia and a close look at the state of civil military relations in sixteen Asian countries It discusses these relations in countries where the military continues to dominate the political realm as well as others where it is disengaging from politics
