

HOW MASS MEDIA IMPACTS Government & Politics

THE MASS MEDIA CAN INFLUENCE

- Individuals and culture
- Elections in America
- Public opinion

PROS & CONS

PROS:

- Spreads political information to a wider audience and increases political participation.
- Allows organizations from across the political spectrum to quickly and effectively reach their target audiences.
- Educates and engages the public on political issues.

CONS:

- Media can be **one-sided**, resulting in impartial reporting or blatantly untrue/unsubstantiated propaganda, i.e., "fake news".
- Individuals use social media as a platform for **influencing political opinion** and do not follow traditional journalistic ethical standards.
- Information can be **distorted** to appeal to certain audiences and could alter decision making.

MASS MEDIA'S IMPACT ON POLITICS THROUGH TIME

- 1787**: Federalist Papers. Use of print media.
- 1960**: Kennedy vs. Nixon. First televised debate.
- 1998**: Online campaign fundraising.
- 2008**: Election of Barack Obama. Use of digital media.
- 2016**: Election of Donald Trump. Use of social media.

1. What harm do you see in mass media promoting election candidates and their own agenda on political issues?
2. Do you think mass media has been a positive or negative addition to the election process?
3. What criteria would you use to determine that a news story is biased?

Bacon's Quick Guide to the Internet for Political Science Kenneth C. Wedding,Prentice Hall PTR,1997-07-01 The Politics of Cyberspace Chris Toulouse,Timothy W. Luke,2013-12-16 The Politics of Cyberspace provides an overview of the impact of the world wide web on the political process Chris Toulouse organizes the articles according to their theoretical approach those who take up Habermas s concern with civil society and those who take up the postmodern critique of popular culture The book covers key issues such as the potential for electronic democracy the use of the web by mainstream political parties challenges to the First Amendment inequalities of access and new understanding of gender It also calls for progressive intellectuals to embrace the Internet in their political struggles *Processing Politics* Doris A. Graber,2001-05 How often do

we hear that Americans are so ignorant about politics that their civic competence is impaired and that the media are to blame because they do a dismal job of informing the public Processing Politics shows that average Americans are far smarter than the critics believe Integrating a broad range of current research on how people learn from political science social psychology communication physiology and artificial intelligence Doris Graber shows that televised presentations at their best actually excel at transmitting information and facilitating learning She critiques current political offerings in terms of their compatibility with our learning capacities and interests and she considers the obstacles both economic and political that affect the content we receive on the air on cable or on the Internet More and more people rely on information from television and the Internet to make important decisions Processing Politics offers a sound well researched defense of these remarkably versatile media and challenges us to make them work for us in our democracy **The Web of Politics** Richard

Davis,1999-03-04 Is the Internet destined to upset traditional political power in the United States This book answers with an emphatic no Author Richard Davis shows how current political players including candidates public officials and the media are adapting to the Internet and assuring that this new medium benefits them in their struggle for power In doing so he examines the current function of the Internet in democratic politics educating citizens conducting electoral campaigns gauging public opinion and achieving policy resolution and the roles of current political actors in those functions Davis s unconventional prediction concerning the Internet s impact on American politics warrants a closer look by anyone interested in learning how this new communication medium will affect us politically **Political Science on the Internet** M. Neil Browne,Stuart M. Keeley,2001 How to Track Politics on the Internet Bruce Maxwell,2000 Describes over six hundred of the best political Web sites electronic mailing lists and Usenet newgroups as identified by the author organized alphabetically by topic with cross references and a detailed index *Politics on the Internet* Steve Buckler,David P. Hacker,2018-05-30 A seminal shift has taken place in the relationship between Internet usage and politics At the turn of the century it was presumed that digital communication would produce many positive political effects like improvements to political information retrieval support for public debate and community formation or even enhancements in citizen participation in political decision making While there have been positive effects negative effects have also occurred including fake news and other political disinformation social media appropriation by terrorists and extremists echo chambers and filter bubbles elections influenced by hostile hackers and campaign manipulation by micro targeting marketing It is time for critical re evaluation Designed to encourage critical thinking on the part of the student internationally recognized experts Jan A G M van Dijk and Kenneth Hacker chronicle the political significance of new communication technologies for the promotion of democracy over the last two decades Drawing upon structuration theory and network theory and real world case studies from across the globe the book is logically structured around the following topics Political Participation and Inclusion Habermas and the Reconstruction of Public Space Media and Democracy in Authoritarian States Democracy and the Internet in China E government and democracy Views of democracy and Internet use Underpinned by up to date literature this important textbook is aimed at students and scholars of communication studies political science sociology political communication and international relations **Google and Democracy** Sean Richey,J. Benjamin Taylor,2017-09-01 For the first time in human history access to information on almost any topic is accessible through the Internet A powerful extraction system is needed to disseminate this knowledge which for most users is Google Google Search is an extremely powerful and important component to American political life in the

twenty first century yet its influence is poorly researched or understood Sean Richey and J Benjamin Taylor explore for the first time the influence of Google on American politics specifically on direct democracy Using original experiments and nationally representative cross sectional data Richey and Taylor show how Google Search returns quality information that users click on quality information and gain political knowledge and other contingent benefits Additionally they correlate Google usage with real world voting behavior on direct democracy Building a theory of Google Search use for ballot measures Google and Democracy is an original addition to the literature on the direct democracy Internet politics and information technology An indispensable read to all those wishing to gain new insights on how the Internet has the power to be a normatively valuable resource for citizens

Democracy's Double-Edged Sword Catie Snow Bailard, 2014-09-22 As digital media becomes more omnipresent in our lives it becomes ever more important for political scientists and communication scholars to understand its influence on all aspects of the political process from campaigning to governance Catie Snow Bailard seeks to determine the Internet's influence on citizens' evaluations of their governments' performance particularly whether the Internet influences their satisfaction regarding the quality of democratic practices available in their nation While it is clearly important to understand how the Internet can streamline political organization once people are moved to action the discipline has afforded less attention to whether the Internet influences citizens at this more foundational antecedent stage of political action Bailard originates two theories for democratization specialists to consider mirror holding and window opening Mirror holding explores how accessing the Internet allows citizens to see a more detailed and nuanced view of their own government's performance dirty laundry and all Window opening on the other hand enables those same citizens to see how other governments perform in general particularly in comparison to their own The author offers a theory of the impact of Internet use on evaluations of government as well as tests of that theory at the country and individual levels based on survey data collected in 73 countries and two field experiments conducted in Bosnia Herzegovina and Tanzania
