Rural Versus Urban

Suzanne Mettler, Trevor E. Brown, 2025-09-23 How the urban rural divide drives partisan polarization Why have Americans living in different places come to experience politics as a battle between us and them In Rural Versus Urban Suzanne Mettler and Trevor Brown argue that political polarization is not just about red states and blue states or coastal elites who alienate those in fly over country Instead polarization permeates every region and every state and has become organized through a pernicious rural urban division Mettler and Brown explain the evolution of this gulf across five decades charting political trends in both places Drawing on data on individuals communities and members of Congress as well as interviews with local

party leaders and former elected officials they show how the divide emerged and why it poses a threat to democracy Until about thirty years ago both political parties attracted support from rural and urban voters But after place based inequality grew due to deregulation and trade liberalization white rural dwellers began to view urban people and Democrats as affluent elites out of touch with their needs Politically active evangelical churches antiabortion organizations and gun groups helped deepen the divide encouraging many of these rural residents to become staunch supporters of the GOP Now regional one party rule in rural America gives Republicans a systematic edge for gaining control of crucial political institutions including the Senate House of Representatives the Presidency and even the Supreme Court This is helping enable an extremist political party and pushing democracy to the brink Mettler and Brown argue that the divide can be repaired but only if the Democrats build their own robust local organizations and offer citizens a meaningful choice **Financial Or Business Interests of** Officers Or Employees of the Senate United States. Kuypers, 2006-10-10 Immediately after the attacks of September 11 2001 Americans looked to President Bush for words of leadership In his most formal reply of the day he said Today our fellow citizens our way of life our very freedom came under attack in a series of deliberate and deadly terrorist acts The victims were in airplanes or in their offices secretaries businessmen and women military and federal workers moms and dads friends and neighbors Thousands of lives were suddenly ended by evil despicable acts of terror The stark tone of Bush s speech suggested the promise of more words to come from the president and it is these words that Bush s War addresses While many books have offered a take on the attacks of 9 11 and their impact upon American society one area has been comparatively ignored presidential justifications for war in the age of terrorism Specifically what did President Bush say to justify American military actions in the postD9 11 world And how did the public hear what he said especially as it was filtered through the news media The eloquent and thoughtful Bush s War shows how public perception of what the president says is shaped by media bias Jim A Kuypers compares Bush s statements with press coverage arguing that the nature of American public knowledge concerning our role in the world has been changed not by 9 11 but by the subsequent argumentative back and forth between Bush and the press
