## **Political Theory Modernity And Postmodernity:**

Political Theory, Modernity, and Postmodernity Nicholas J. Rengger, 1995-01-01 An account of the modernity debate and an analysis of its implications for political theory      **Political Theory, Modernity and Postmodernity** N. J. Rengger, 1995-10-30 Debates about the nature character and implications of modernity have moved centre stage within contemporary social thought but there has as yet been little work addressing the relevance of these debates to the agenda of Anglo American political theory In this pioneering survey N J Rengger remedies the problem by providing a short accessible and comprehensive account of the modernity debate and an analysis of its implications for political theory      The Politics of Postmodernity James Good, Irving Velody, 1998-07-23 In his study *Modernity and the Holocaust* Zygmunt Bauman contrasts the hopes and expectations of the modernising world of the nineteenth century with the real outcomes of the twentieth century where the very conditions of modernity have led to the mass destruction of humanity and of those early hopes for the betterment of humankind This volume explores the possibilities left to those once modernising societies not only in terms of the worlds they have constructed but also in discerning the novel conditions which the closure of modernity entails That closure in part the completion of industrialisation and the social order that went with it and in part the dislocation of the kinds of social knowledge used to understand it has raised profound and disturbing questions about the character of this brave new world and the ways in which its governance and the goal of the good society can be understood This volume explores some of the current vicissitudes of modernity especially in relation to the crises of the political and the political consequences of new technologies      **The Politics of Postmodernity** John R Gibbins, Bo Reimer, 1999-07-06 What happens to politics in the postmodern condition *The Politics of Postmodernity* is a political tour de force that addresses this key contemporary question Politics in postmodernity is carefully contextualized by relating its specific sphere the polity to those of the economic social technological and cultural The authors confront globalization and the notion of postmodernity as disorganized capitalism They analyze the role of the mass media the changing ways in which politics is used the role of the state and the progressive potential of politics in postmodern times Closing with a postscript on the future of the discipline of political science this book offers a profound yet highly accessible account      *International Relations, Political Theory, and the Problem of Order* Nicholas J. Rengger, 2000 This book seeks to offer a general interpretation and critique of both methodological and substantive aspects of International theory      **Explorations in Environmental Political Theory** Joel Jay Kassiola, 2015-03-04 The contributors to this volume focus on the political and value issues that in their shared view underlie the global environmental crisis facing us today They argue that only by transforming our dominant values social institutions and way of living can we avoid ecological disaster      **The Civil Condition in World Politics** Vassilios Paipais, 2023-10-17 Bringing together an international team of contributors this volume draws on international political theory and intellectual history to rethink the problem of a pluralistic world order Inspired by the work of international

political theorist Nicholas Rengger the book focuses on three main areas of Rengger's contribution to the political theory of international relations his Augustine inspired idea of an Anti Pelagian Imagination his Oakeshottian argument for a pluralist conversation of mankind and his ruminations on war as the uncivil condition in world politics Through a critical engagement with his work the book illuminates the promises and limitations of civility as a sceptical non utopian anti perfectionist approach to theorizing world order that transcends both realist pessimism and liberal utopianism     Beginning Postmodernism Tim Woods, 1999-08-20 Postmodernism has become the buzzword of contemporary society Yet it remains baffling in its variety of definitions contexts and associations Beginning Postmodernism aims to offer clear accessible and step by step introductions to postmodernism across a wide range of subjects It encourages readers to explore how the debates about postmodernism have emerged from basic philosophical and cultural ideas With its emphasis firmly on postmodernism in practice the book contains exercises and questions designed to help readers understand and reflect upon a variety of positions in the following areas of contemporary culture philosophy and cultural theory architecture and concepts of space visual art sculpture and the design arts popular culture and music film video and television culture and the social sciences     Global Civil Society 2004/5 Helmut K Anheier, 2005 Contains a wealth of detail on globalization people's values and attitudes governance and civil liberties plus a chronology of the conferences campaigns and protests that are the sinews of global civil society     *The Mightie Frame* Nicholas Greenwood Onuf, 2018-07-05 Inspired by Michel Foucault's *The Order of Things* this book tells a story about epochal change in the modern world Like Foucault Nicholas Onuf is concerned with how we moderns think about ourselves and our world but in this book he emphasizes the conceptual links in the ways we think talk get things done conduct ourselves and run societies from age to age As with his previous work Onuf emphasizes the rules for rule that have solidified over time through repeated behaviors that work themselves out into a system of social uniformity and hierarchy Rules set out who is a member of society establish goals provide opportunities to act and dictate who sits on top in other words what any political society looks like in a particular time and place This book looks at the political society that has evolved since the Renaissance or what might be called the modern world in order to consider what is yet to come Onuf argues that modernity although consisting of a succession of epochs or ages separated by great ruptures has continued to change within the confines of a mightie frame a turn of phrase he borrows from John Milton Epoch by epoch this frame has linked the limits of our knowledge la Michel Foucault to conditions of rule and it points to a plausible ethics for what comes next But unlike Foucault Onuf argues that modernism marked an end to societal and political transitions and that we have entered a period during which established conditions of rule are likely to be reinforced and the mighty frame will grow ever mightier     Building Democracy Geoffrey Pridham, Eric Herring, George Sanford, University of Bristol. Dept. of Politics, 1997-01-01 International factors have had a great effect upon the process of democratisation in Eastern Europe according to the contributors to this book Furthermore they maintain that the international dimension has not always been a

favourable one      The Oxford Handbook of Comparative Political Theory Leigh K. Jenko, Murad Idris, Megan Christine Thomas, 2020 Chapters emphasize exploration of substantive questions about political life in a range of global contexts with attention to whether and how those questions may be shared contested or reformulated across differences of time space and experience An interdisciplinary volume that bridges the gaps between various traditions regions and concerns regarding political theory Provides tags and keywords to aid navigation of the handbook and help readers trace disruptions thematic connections and conceptual contrasts across entries      **The Contemporary Bauman** Anthony Elliott, 2013-10-08 This text covers Bauman's contribution to sociology and social theory This ideal teaching text analyzes Bauman's shift from a sociology of postmodernity to liquid modernity and provides a critical assessment of the contemporary Bauman appraising his novel theory of liquid modernity in terms of its implications for self identity interpersonal relationships culture communications and the broad ranging institutional transformations associated with globalization In addition to various extracts from Bauman's work the book also contains a spirited reply from Zygmunt Bauman to both his sympathetic and unsympathetic critics Bauman concludes by providing a new perspectives on his theory of liquid modernity its differentiation from the modernity postmodernity debate and its relation to current developments in contemporary social theory      *History of Political Thought*, 1995      *International Relations Theory and the Politics of European Integration* Morten Kelstrup, Michael Williams, 2006-12-05 International Relations Theory and the Politics of European Integration focuses on the roles of community power and security within the European Union It features contributions from highly respected international scholars and covers subjects such as sovereignty and European integration the EU and the politics of migration the internationalisation of military security the EU as a security actor money finance and power the quest for legitimacy with regards to EU enlargement      **Spaces of Modernity** Miles Ogborn, 1998-07-11 From the civility of Westminster's newly paved streets to the dangerous pleasures of Vauxhall Gardens and the grand designs of the Universal Register Office this book examines the identities practices and power relations of the modern city as they emerged within and transformed the geographies of eighteenth century London Ogborn draws upon a wide variety of textual and visual sources to illuminate processes of commodification individualization state formation and the transformation of the public sphere within the new spaces of the metropolis      Modernity David Punter, 2017-09-16 This exciting volume in the Transitions series explores both history and contemporary ideas pushing forward the boundaries of what we understand by modernity This book is distinguished from its competitors by its clear focus on close readings of commonly studied texts and a strict policy on writing for an undergraduate readership      *Ethics and World Politics* Duncan Bell, 2010-03-25 The book opens with a discussion of different methods and approaches employed to study the subject including analytical political theory post structuralism and critical theory It then surveys some of the most prominent perspectives on global ethics including cosmopolitanism communitarianism of various kinds theories of international society realism postcolonialism feminism and

green political thought Part III examines a variety of more specific issues including immigration democracy human rights the just war tradition and its critics international law and global poverty and inequality Publisher description

**The Waves of Time** K. R. Dark, 2016-10-06 Since the end of the Cold War analysts of international politics have given much greater attention to issues of change It has become increasingly clear to specialists from many fields that any understanding of large scale political change must encompass far longer timescales than has been usual in the study of world politics and must incorporate multi disciplinary perspectives This book evaluates and draws on relevant theoretical approaches from other disciplines such as sociology economics geography history anthropology and archaeology as well as evolutionary theory and the mathematical study of complexity Using an epistemological framework Dark sets out a theory of long term world political change the theory of Macrodynamics This is then applied to historical anthropological and archaeological data to explain the changing forms of political organization from the earliest human societies to the late twentieth century The resulting analysis is a reinterpretation of the processes of global political change in the past and present This in turn opens new areas of enquiry in the study of international relations and has profound implications for how we understand the changing world of today

**The Postmodern in Latin and Latino American Cultural Narratives** Claudia Ferman, 2018-10-24 This volume of new and reprinted articles many translated here into English for the first time examines the conditions characteristics and implications of the debate on Latin American Postmodernism presenting an up to date rendering of its crucial issues Special considerations are given to the theoretical aspects such as ideological political literary critical and cultural implications The scope of this debate embraces such matters as the problematic modernization of Latin America cultural and political reformulation in the face of the media explosion new critical perspectives facing the collapse of utopian ideologies and new literary production women s writing and testimonio Contributors include John Beverly Antonio Ben tez Rojo and Antonio Vera Le n Celeste Olalquiaga Arturo Arias Santiago Col s Nelly Richard Jesoes Mart n Barbero Iumna Maria Simon and Vinicius Dantas The collection also contains some of the editor s personal interviews with scholars involved in this debate who live and work in Latin America Roger Bartra and Jorge Juanes Mexico and Nicol s Casullo Argentina
