Political Thought Of Lord Durham:

The Political Thought of Lord Durham Janet Ajzenstat, 1968
Ajzenstat, 1988-01-01 While the standard interpretation has portrayed Durham as prejudiced and ignorant about French Canada Ajzenstat shows that on the contrary the assimilation proposal follows from Durham's consideration of ways of opening the widest political and economic opportunities for French Canadians She argues that far from being racist as so many historians have suggested Durham's proposals reflect the tolerance at the heart of liberalism which prohibits discrimination on the basis of race origin or creed To illuminate the Report's argument Ajzenstat draws on Durham's speeches letters and dispatches as well as material on Canada which he consulted before arriving at his final proposals One of his sources she argues was Tocqueville's *Democracy in America* She compares Durham's position on political reform in Britain and in the colonies and concludes that his ideas on reform empire and revolution political constitutions nationality and political culture form a single forceful theory Ajzenstat suggests that Durham's argument clarifies what she sees as a present dilemma for Canada that legislation intended to protect cherished minority traditions necessarily erodes liberal rights that those minorities hold equally dear

Canadian Conservative Political Thought Lee Trepanier, Richard Avramenko, 2023-03-24 This book corrects an imbalance in Canadian political literature through offering a conservative account of Canadian political thought Across 15 chronologically organized chapters and with a mixture of established and rising scholars the book offers an investigation of the defining features and characteristics of Canadian conservative political thought asking what have Canadian conservative political thinkers and practitioners learned from other traditions and in turn what have they contributed to our understanding of conservative political thought today Rather than its culmination Canadian Conservative Political Thought will be the beginning of conservative political thought's recovery and will spark debates and future research The book will be a great resource for courses on Canadian politics history political philosophy and conservatism Canadian Studies and political theory

Canadian History: Beginnings to Confederation Martin Brook Taylor, Doug Owram, 1994-01-01 In these two volumes which replace the Reader's Guide to Canadian History experts provide a select and critical guide to historical writing about pre and post Confederation Canada with an emphasis on the most recent scholarship Cover

Empire of Political Thought Bruce Buchan, 2015-10-06 A book about how European colonists in Australia represented the Indigenous peoples they found there and the tasks of governing them within the terms of Western political thought It emphasises how the framework of ideas drawn from the traditions of Western political thought was employed in the imperial government of Indigenous peoples

Empire and Modern Political Thought Sankar Muthu, 2012-09-17 This collection of original essays by leading historians of political thought examines modern European thinkers' writings about conquest colonization and empire The creation of vast transcontinental empires and imperial trading networks played a key role in the development of modern European political thought The rise of modern empires raised

fundamental questions about virtually the entire contested set of concepts that lay at the heart of modern political philosophy such as property sovereignty international justice war trade rights transnational duties civilization and progress From Renaissance republican writings about conquest and liberty to sixteenth century writings about the Spanish conquest of the Americas through Enlightenment perspectives about conquest and global commerce and nineteenth century writings about imperial activities both within and outside of Europe these essays survey the central moral and political questions occasioned by the development of overseas empires and European encounters with the non European world among theologians

historians philosophers diplomats and merchants **Canada's Origins** Janet Ajzenstat,1995-11-15 Ajzenstat and Smith challenge the idea of Canada as a country whose liberal individualism unlike that of the United States is redeemed by a tradition of government intervention in economic and social life the so called tory touch This ground breaking book begins with the now classic article in which the red tory view was formulated It then presents a new and illuminating picture of Canadian political life in which liberal individualism confronts not toryism but the participatory tradition of civic republicanism In the final section the two editors one a liberal the other a civic republican debate the crucial questions dominating Canadian politics today including Quebec s search for recognition from the perspective of their shared understanding of Canada s founding Politics, Order and History Glenn Hughes,Stephen McKnight,Geoffrey

Price,2001-03-01 This volume brings together critical review papers many specially commissioned on key themes and questions in the work of the political scientist philosopher and religious thinker Eric Voegelin 1901 1985 Areas covered include 1 Political science Political Religions manifestations in Nazi Germany and in contemporary European and North American nationalism 2 International relations the Cold War in critical perspective 3 Philosophy Plato and Aristotle in the reading of Eric Voegelin contemporary assessments 4 Sociology Correspondence of Voegelin and Alfred Sch tz 5 New Testament studies and Christology questions and developments for Voegelin s interpretations 6 Old Testament studies questions and developments from Voegelin s Israel and Revelation 7 Historical sociology Revelation and order in axial age societies 8 Philosophy of history Voegelin and Toynbee in contrast 9 Literary studies Voegelin in contrast with contemporary literary theory critical readings of Milton Greek tragedy **Colonialism and Capitalism: Canada's Origins 1500-1890**

BRYAN D. PALMER,2024-09-17 In the past decade Canadian history has become a hotly contested subject Iconic figures notably Sir John A Macdonald are no longer unquestioned nation builders The narrative of two founding peoples has been set aside in favour of recognition of Indigenous nations whose lands were taken up by the incoming settlers An authoritative and widely respected Truth and Reconciliation Commission together with an honoured Chief Justice of the Supreme Court have both described long standing government policies and practices as cultural genocide Historians have researched and published a wide range of new research documenting the many complex threads comprising the Canadian experience As a leading historian of labour and social movements Bryan Palmer has been a major contributor to this literature In this first

volume of a major new survey history of Canada he offers a narrative which is based on the recent and often specialized research and writing of his historian colleagues One major theme in this book is the colonial practices of the authorities as they pushed aside the original peoples of this country While the methods varied the result was opening up Canada's rich resources for exploitation by the incoming European settlers The second major theme is the role of capitalism in determining how those resources were exploited and who would reap the enormous power and wealth that accrued The first volume of this challenging and illuminating new survey history covers the period that concludes in the 1890s after the creation out of Britain's northern colonies of the semi autonomous federal Canadian state Volume II to be published in spring 2025 takes the narrative to the present

Liberalism and Hegemony Jean-Francois Constant, Michel Ducharme, 2009-04-07 In 2000 Ian McKay a highly respected historian at Queen's University published an article in the Canadian Historical Review entitled The Liberal Order Framework A Prospectus for a Reconnaissance of Canadian History Written to address a crisis in Canadian history this detailed programmatic and well argued article had an immediate impact on the field Proposing that Canadian history should be mapped through a process of reconnaissance and that the Canadian state should be understood as a project of liberal rule in North America the essay prompted debate immediately upon publication Liberalism and Hegemony assembles some of Canada's finest historians to continue the debate sparked by McKay's essay The essays collected here explore the possibilities and limits presented by The Liberal Order Framework for various segments of Canadian history and within them the paramount influence of liberalism throughout the nineteenth and twentieth centuries is debated in the context of aboriginal history environmental history the history of the family the development of political thought and ideas and municipal governance Like McKay's The Liberal Order Framework which is included in this volume with a response to recent criticism Liberalism and Hegemony is a fascinating foray into current historical thought and provides the historical community with a book that will act both as a reference and a guide for future research

Le Concept de liberté au Canada à l'époque des Révolutions atlantiques (1776-1838) Michel Ducharme, 2009-12-01 Cet ouvrage revisite l'histoire intellectuelle et politique canadienne entre la révolution américaine et les rébellions de 1837-1838 au Haut et au Bas Canada en la rattachant dans le cadre des Révolutions atlantiques qui ont secoué l'Europe et l'Amérique entre 1776 et 1838 Reposant sur un cadre théorique inspiré des travaux des historiens intellectuels du monde atlantique il traite plus particulièrement de l'importance du concept de liberté dans le développement de l'état dans les deux colonies Il démontre que ces dernières se sont développées dès 1791 en suivant un idéal de liberté qui tout en étant différent de la liberté l'œuvre au sein des mouvements révolutionnaires de la fin du XVIIIe siècle n'en était pas moins issu des Lumières Il présente également les rébellions de 1837-1838 comme tant en partie le résultat d'un affrontement entre deux concepts très différents de liberté

The Loyal Atlantic Jerry Bannister, Liam Riordan, 2012-01-01 Adding to a dynamic new wave of scholarship in Atlantic history The Loyal Atlantic offers fresh interpretations of the key role played by Loyalism in shaping the early modern British Empire This cohesive collection

investigates how Loyalism and the empire were mutually constituted and reconstituted from the eighteenth century onward Featuring contributions by authors from across Canada the United States and the United Kingdom The Loyal Atlantic brings Loyalism into a genuinely international focus Through cutting edge archival research The Loyal Atlantic contextualizes Loyalism within the larger history of the British Empire It also details how far from being a passive allegiance Loyalism changed in unexpected and fascinating ways especially in times of crisis Most importantly The Loyal Atlantic demonstrates that neither the conquest of Canada nor the American Revolution can be properly understood without assessing the meanings of Loyalism in the wider Atlantic world Canadian Federalist Experiment Frederick Vaughan, 2003 Frederick Vaughan looks at changes that have taken place in Canada since 1867 arguing that Pierre Trudeau's 1982 Constitution Act quietly undermined the monarchic character of the constitution by introducing republican principles of government leaving Canada clinging to the wreckage of the old aristocratic order while attempting to provide a new order founded on republican equality BOOK JACKET *Reimagining Canada* Jeremy Webber, 1994-02-21 Webber begins by showing how different conceptions of culture language and nation shaped Canada's constitutional negotiations from 1960 until the referendum of 1992 He then calls for a reconception of the terms of the debate claiming that the terms now used often borrowed from quite different societies have made resolution of the constitutional issues more difficult He rejects the language of nation and nationalism and the tendency towards exclusiveness implicit in that language arguing for a Canadian community founded not on a rigid set of shared values but on shared debates and shared engagements through time Recognizing that Canadians belong simultaneously to the larger community and to other more local communities each generating its own sense of allegiance Webber describes how their relationships are shaped by institutional linguistic and cultural factors and notes that these multiple influences produce an asymmetrical structure He maintains that this structure should be reflected in an asymmetrical constitution and can be accommodated without undermining individual rights Webber offers both an overview of the constitutional negotiations and a set of reflections on the appropriate relationship between culture language and political community in Canada These reflections while rooted in the Canadian context hold lessons for other pluralistic federations or for nations confronting similar issues of cultural accommodation Republicanism and Responsible Government Benjamin T. Jones, 2014-06-01 Despite remarkable similarities little attempt has been made to compare the political development of colonial era Australia and Canada Both nations were born as British colonies and used violent and non violent means to agitate for democratic freedoms Republicanism and Responsible Government explores how these sister colonies transformed the very nature of the British Empire by insisting on democratic self rule Focusing on the middle of the nineteenth century Benjamin Jones explores key points in colonial Australian and Canadian history Canada's Rebellions of 1837-38 and the Durham Report and Australia's anti transportation movement and the Eureka Stockade Previously historians have looked to liberalism when explaining radicalism and democratization Jones however contends that Canadian and

Australian radicals and reformers were influenced by the ancient political philosophy of civic republicanism with its focus on collectivism civic duty and virtue William Lyon Mackenzie and John Dunmore Lang he argues did not champion republicanism to achieve individual rights but to create a virtuous society free from the corruption they saw in the status quo

Republicanism and Responsible Government challenges traditional interpretations of key events in Australian and Canadian history and shows that even though both nations remain constitutional monarchies republican ideas have shaped their foundations since the earliest days of settlement

Divergent Paths : How Culture and Institutions Have Shaped North American Growth Marc Egnal Professor of History York University,1996-06-11 Why are some countries without an apparent abundance of natural resources such as Japan economic success stories while other languish in the doldrums of slow growth In this comprehensive look at North American economic history Marc Egnal argues that culture and institutions play an integral role in determining economic outcome He focuses his examination on the eight colonies of the North five colonies of the South which together made up the original thirteen states and French Canada Using census data diaries travelers accounts and current scholarship Egnal systematically explores how institutions such as slavery in the South and the seigneurial system in French Canada and cultural arenas such as religion literacy entrepreneurial spirit and intellectual activity influenced development He seeks to answer why three societies with similar standards of living in 1750 became so dissimilar in development By the mid nineteenth century the northern states had surged ahead in growth and this gap continued to widen into the twentieth century Egnal argues that culture and institutions allowed this growth in the North not resources or government policies Both the South and French Canada stressed hierarchy and social order more than the drive for wealth Rarely have such parallels been drawn between these two societies Complete numerous helpful appendices figures tables and maps Divergent Paths is a rich source of unique perspectives on economic development with strong implications for emerging societies

Churches and Social Order in Nineteenth- and Twentieth-Century Canada Michael Gauvreau,Ollivier Hubert,2006-08-07 Changing social and cultural strategies pursued by Protestant and Catholic religious institutions have shaped the social order in Quebec and English Canada Through a sustained comparison of Protestantism and Catholicism this volume explores the transition from pre industrial to industrial society and challenges conventional chronologies of religious change

Divergent Paths Marc Egnal,1996 Why are some countries without an apparent abundance of natural resources such as Japan economic success stories while other languish in the doldrums of slow growth In this comprehensive look at North American economic history Marc Egnal argues that culture and institutions play an integral role in determining economic outcome He focuses his examination on the eight colonies of the North five colonies of the South which together made up the original thirteen states and French Canada Using census data diaries travelers accounts and current scholarship Egnal systematically explores how institutions such as slavery in the South and the seigneurial system in French Canada and cultural arenas such as religion literacy entrepreneurial spirit and intellectual

activity influenced development He seeks to answer why three societies with similar standards of living in 1750 became so dissimilar in development By the mid nineteenth century the northern states had surged ahead in growth and this gap continued to widen into the twentieth century Egnal argues that culture and institutions allowed this growth in the North not resources or government policies Both the South and French Canada stressed hierarchy and social order more than the drive for wealth Rarely have such parallels been drawn between these two societies Complete numerous helpful appendices figures tables and maps Divergent Paths is a rich source of unique perspectives on economic development with strong implications for emerging societies

Ruling by Schooling Quebec Bruce Curtis,2012-01-01 Ruling by Schooling Quebec provides a rich and detailed account of colonial politics from 1760 to 1841 by following repeated attempts to school the people This first book since the 1950s to investigate an unusually complex period in Quebec s educational history extends the sophisticated method used in author Bruce Curtis s double award winning Politics of Population Drawing on a mass of archival material the study shows that although attempts to govern Quebec by educating its population consumed huge amounts of public money they had little impact on rural ignorance while near universal literacy reigned in New England by the 1820s at best one in three French speaking peasant men in Quebec could sign his name in the insurrectionary decade of the 1830s Curtis documents educational conditions on the ground but also shows how imperial attempts to govern a tumultuous colony propelled the early development of Canadian social science He provides a revisionist account of the pioneering investigations of Lord Gosford and Lord Durham

Discovering Confederation Janet Ajzenstat,2014-04-01 Janet Ajzenstat is one of Canada s most respected thinkers on the moral and philosophical foundations of responsible government and Confederation Discovering Confederation is a study of political science over the last forty years through the intellectual lens of her career Ajzenstat details her academic journey from her early years as a hopeful radical activist in the 1960s through her graduate studies at McMaster University and the University of Toronto her commitment to the importance of primary source documents and to her decades long teaching career Learning from prominent political thinker Allan Bloom and philosopher and political commentator George Grant Ajzenstat began to form her own opinions about parliamentary democracy and constitutional debate She presents her discovery of the argument for parliamentary democracy explaining how and why parliamentary democracy is sufficient security for individual rights Though sometimes referred to as a conservative Ajzenstat shows that her work is a defence of the political constitution which ensures unconstrained and continuing deliberation amongst parties interests and philosophies of all political stripes A candid and engaging showcase of a great mind at work Discovering Confederation is a revealing account of Canada s political history and recent academic life
