The Madras Law Journal ,1920 Vols 11 23 25 27 include the separately paged supplement The acts of the governor general of India in council *Journal of the Royal Institute of British Architects* ,1923 *Professional Legal Ethics* Donald Nicolson,Julian Webb,2000-02-03 Ethics and regulation have become catchwords of the late 1990s yet relatively little has been written about the ethical discourse and regulation of the legal professions in England and Wales This book represents the first attempt to subject the ethical discourse of the English legal professions to in depth analysis and sustained critique Drawing on insights from moral philosophy social theory the sociology of the legal profession public law

theories of regulation and the extensive American literature on lawyers ethics it argues that in seeking to provide definitive answers to particular problems of professional conduct professional legal ethics has failed to deliver an approach which requires lawyers actively to engage with the ethical issues raised by legal practice Through an analysis of the core issues facing lawyers the authors locate this failure in the profession s reliance on a liberal and adversarial role morality that conceptualises the ethical values of human dignity autonomy and equality in a formalistic and narrowly legalistic manner This encourages lawyers to overlook the real invasions of these values so often wrought by upholding clients legal rights and to ignore the competing claims of affected third parties the wider community and the environment In seeking to move beyond critique the authors develop throughout the book a contextual approach to individual ethical decision making and outline a range of institutional regulatory and educational reforms which they suggest could form the basis for a more ethical brand of professionalism Professional Legal Ethics Critical Interrogations is a wide ranging and thought provoking analysis written for lawyers ethicists and policy makers interested in this neglected area of professional ethics and regulation

Medical Ethics And Legislations For Doctor's - Part 3 Dr. Shaikh Ahmad, Indian doctors schooled in Western science are ignorant of the medical ethics of their own culture They make a conscious effort to distance themselves from Ayurvedic medicine in which the ethical codes are enshrined Teachers and students forget that values have universal applicability regardless of the mode of practice Western or traditional and that the patient remains the same regardless of the system Unethical practices in getting entry into medical colleges as students *Interpreting: an Art, a Craft or a Superpower?* Karolina

Puchała-Ladzińska,2024-01-22 Karolina Pucha a Ladzi ska discusses the nature of language interpreting First she addresses selected theoretical issues related to interpreting and discusses the specifics of the most common types of interpreting This is followed by an overview of an interpreter s competencies and skills and a chapter on note taking as an aid to consecutive interpreting The process of interpreting is presented in detail the success or failure of which depends largely on the choice of techniques and strategies This part also addresses the problem of errors in interpreting as well as nonverbal elements and interpreting assessment Finally before presenting a selection of practical exercises for interpreting courses the role of creative thinking in the context of interpreting is discussed *Ethics and Law for School Psychologists* Susan Jacob,Timothy
