Real Of Favorite Classics:

Favorite Classical 5-String Banjo Solos Daniel Horn,2025-10-15 This collection of twenty classical masterworks was created for advanced 5 string banjo players who use the 3 finger picking style The pieces vary in length and complexity from a short Boccherini minuet to Bach s monumental Chaconne from the Partita No 2 in D minor Regardless of duration each piece has been carefully chosen for its beauty as a solo and for its capacity to provide an interesting challenge Each selection is accompanied by insightful performance notes and will give any player ample material to practice along the road to mastery The adaptations are generally as faithful as possible to the original material with deviations only where the limited range of the banjo requires them Each arrangement has been meticulously optimized for musicality and playability making full use of the entire fretboard and all five strings The music is presented in an enhanced banjo tablature format closely resembling classical guitar music with left and right hand fingering and dynamics suggestions throughout With one exception for a minor key the tablature is written in gDGBD tuning To facilitate learning and ensure playability the author has provided online recordings of these exacting arrangements *Classic American Popular Song* David Jenness,Donald Velsey,2014-02-04 Classic American Popular Song The Second Half Century 1950 2000 addresses the question What happened to American popular song after 1950 There are numerous books available on the so called Golden Age of popular song but none that follow the development of popular song styles in the second half of the 20th century While 1950 is seen as the end of an era the tap of popular song creation hardly ran dry after that date Many of the classic songwriters continued to work through the following decades Porter was active until 1958 Rodgers until the later 1970s Arlen until 1976 Some of the greatest lyricists of the classic era continued to do outstanding and successful work Johnny Mercer and Dorothy Fields for example continued to produce lyrics through the early 70s These works could be explained as simply the Golden Age s last stand a refusal of major figures to give in to a new reality But then how can we explain the outstanding careers of Frank Loesser Cy Coleman Jerry Herman Jerry Bock and Sheldon Harnick Fred Kander and John Ebb Jule Styne Alan Jay Lerner and Frederick Loewe and several other major figures Where did Stephen Sondheim come from For anyone interested in the development of American popular song and its survival this book will make fascinating reading **The Founders and the Classics** Carl J.
