Marc D. Guerra

Reason Revelation And Human Affairs Selected Writings Of James V Schall

Bryan-Paul Frost, Jeffrey Sikkenga

Reason Revelation And Human Affairs Selected Writings Of James V Schall:

Reason, Revelation, and Human Affairs James V. Schall, 2001-01-01 This book is intended to serve as an introduction to the thought of James V Schall arguably one of the best perhaps even the only authentically Thomistic political scientist writing today In contrast to main currents in contemporary Thomism Schall remains conversant with the great tradition of political philosophy and therefore appreciates the complex and relatively imprecise nature of political reflection In this book the distinguished theorist addresses a wide range of subjects including the question of overpopulation the thought of Charles McCoy and Leo Strauss the role of Christianity in political philosophy and the challenges that the democratic project pose to human beings perception of the truth As a meditation on practical and theoretical political questions self consciously proceeding from the perspectives of both nature and grace the book provides a unique picture of what a genuine Thomistic political science might look like

Plato's Cleitophon Mark Kremer, 2004-04-23 It had been thought that the Cleitophon was a spurious dialogue Its brevity and the fact that Socrates does not respond to accusations from Cleitophon suggested to scholars that it was only a fragment However in the last fifteen years the complete and authentic dialogue was rediscovered Upon its discovery scholars have almost universally agreed that the Cleitophon is the introduction to Plato's Republic In Plato's Cleitophon On Socrates and the Modern Mind editor translator and author Mark Kremer has mined some of the best scholarship on the relationship of Plato's Cleitophon and its relationship to modern thought It is the contention of the editor that the Cleitophon is an ancient example of the psychic social cultural and moral strain that is put upon the citizens of a republic when their society begins to erode on all fronts This work has the potential to afford readers an ancient perspective on ourselves by showing us how we appear in Plato's mind It should be read by anyone who has ever read Plato's Republic as well as anyone who is concerned about the social psychic cultural and moral effects of postmodernity and globalization

Gladly to Learn and Gladly to Teach Ernest L. Fortin, 2002-01-01 For half a century Ernest Fortin's scholarship has charmed and educated theologians and philosophers with its intellectual search for the best way to live Written by friends colleagues and students of Fortin this book pays tribute to a remarkable thinker in a series of essays that bear eloquent testimony to Fortin's influence and his legacy A formidable commentator on Catholic philosophical and political thought Ernest Fortin inspired others with his restless inquiries beyond the boundaries of conventional scholarship With essays on subjects ranging across philosophy political science literature and theology Gladly to Learn and Gladly to Teach reflects the astonishing depth and breadth of Fortin's contribution to contemporary thought

Faith, Morality, and Civil Society Dale McConkey, Peter Augustine Lawler, 2003-01-01 In this rich collection of essays editors Dale McConkey and Peter Augustine Lawler explore the contributions that religious faith and morality can make to a civil society Though the level of religious expression has remained high in the United States the shift from traditional religious beliefs to a far more individualized style of faith has led many to contend that no faith commitment collective or personal should contribute to the vibrancy of a civil

democratic society Challenging those who believe that the private realm is the only appropriate locus of religious belief the contributors to this volume believe that religion can inform and invigorate the secular institutions of society such as education economics and politics Drawn from a wide variety of religious and moral traditions these diverse essays show from many perspectives the important contribution religion has to make in the public square that is civil society *Cultivating Citizens* Dwight D. Allman, Michael D. Beaty, 2002-01-01 Civic virtues public service and personal sacrifice and responsibility have again become vital questions for Americans struggling with the moral and political problems of citizenship In *Cultivating Citizens* Dwight Allman and Michael Beaty bring together some of America's leading social and political thinkers to address the question of civic vitality in contemporary American society The resulting volume is a serious reflection on the history of civil society and a rich and rewarding conversation about the future American civic order *Tyranny in Shakespeare* Mary Ann McGrail, 2002-01-01 Even the most explicitly political contemporary approaches to Shakespeare have been uninterested by his tyrants as such But for Shakespeare rather than a historical curiosity or psychological aberration tyranny is a perpetual political and human problem Mary Ann McGrail's recovery of the playwright's perspective challenges the grounds of this modern critical silence She locates Shakespeare's expansive definition of tyranny between the definitions accepted by classical and modern political philosophy Is tyranny always the worst of all possible political regimes as Aristotle argues in his *Politics* Or is disguised tyranny as Machiavelli proposes potentially the best regime possible These competing conceptions were practiced and debated in Renaissance thought given expression by such political actors and thinkers as Elizabeth I James I Henrie Bullinger Bodin and others McGrail focuses on Shakespeare's exploration of the conflicting and contradictory passions that make up the tyrant and finds that Shakespeare's dramas of tyranny rest somewhere between Aristotle's reticence and Machiavelli's forthrightness *Literature and politics intersect in Tyranny in Shakespeare* which will fascinate students and scholars of both *Behemoth Teaches Leviathan* Geoffrey M. Vaughan, 2007-03-01 Did Hobbes's political philosophy have practical intentions There exists no Hobbist school of thought no new political order was inspired by Hobbesian precepts Yet in *Behemoth Teaches Leviathan* Geoffrey M Vaughan revisits *Behemoth* to reveal hitherto unexplored pedagogic purpose to Hobbes's political philosophy The work demonstrates Hobbes's firm commitment to government and his attempts to create a system of political education to underpin his commitment to sovereignty Vaughan explores Hobbes's political education in detail and in an epilogue considers the resurgence of political education in contemporary liberal theory He discovers that contemporary political education has far more in common with Hobbes's system than it does with early liberalism *Totalitarianism and the Prospects for World Order* Alexander Shtromas, 2003-01-01 A remarkably prescient thinker Aleksandras Shtromas devoted his life to understanding totalitarianism and political change This posthumous collection of writings edited by Robert Faulkner and Daniel J Mahoney addresses some of the topics that preoccupied Shtromas throughout his life including totalitarian regimes postcommunist transitions the fates

of the Baltic states and the nature of political revolutions The Paradox of Philosophical Education J. Harvey Lomax,2003-01-01 Lomax pays particular attention to the problematic concept of nobility which concerned Nietzsche during his later years This study provides a close textual analysis and a thoughtful reconceptualization of Beyond Good and Evil

Liberty, Wisdom, and Grace John P. Hittinger,2002-12-11 Twentieth century French philosophers Jacques Maritain and Yves R Simon pioneered new approaches to understanding and defending political democracy in the wake of two world wars Rather than break from a religious tradition that seemed to struggle against modernity and certain forms of democratic theory and practice these thinkers instead looked back to the philosophy of Aristotle and Thomas Aquinas to propel Catholic political philosophy forward The profound influence of Maritain and Simon is manifest in the dramatic achievements of Vatican II and in the work of the scholars of political philosophy who learned from them John P Hittinger one of the finest of these scholars provides in Liberty Wisdom and Grace a comprehensive survey of the Thomists contributions to contemporary political thought as well as a detailed analysis of their approach to democracy Hittinger treats criticism of Maritain including the work of Catholic political writer Aurel Kolnai and discusses the alternative democratic visions of John Locke and David Richards His portraits of thinkers who have wrestled with democracy in the Thomist tradition such as Leo Strauss and John Paul II are sensitive and engaging Addressing questions of religion and philosophy broadly understood the essays collected here offer a searching examination of democratic theory in the modern age History of American Political Thought

Bryan-Paul Frost,Jeffrey Sikkenga,2003-01-01 Revised and updated this long awaited second edition provides a comprehensive introduction to what the most thoughtful Americans have said about the American experience from the colonial period to the present The book examines the political thought of the most important American statesmen activists and writers across era and ideologies helping another generation of students scholars and citizens to understand more fully the meaning of America This new second edition of the book includes new essays on Walt Whitman Lyndon Baines Johnson Ronald Reagan and Barack Obama Significant revisions and additions have also been made to many of the original essays increasing the breadth and depth of the collection **Dissent and Philosophy in the Middle Ages** Ernest L.

Fortin,2002-08-06 Dissent and Philosophy in the Middle Ages offers scholars of Dante s Divine Comedy an integral understanding of the political philosophical and religious context of the medieval masterwork First penned in French by Ernest L Fortin one of America s foremost thinkers in the fields of philosophy and theology Dissidence et philosophie au moyen ge brings to light the complexity of Dante s thought and art and its relation to the central themes of Western civilization Available in English for the first time through this superb translation by Marc A LePain Dissent and Philosophy will make a supremely important contribution to the discussion of Dante as poet theologian and philosopher **The**

Universal Way of Salvation in the Thought of Augustine Thomas P. Harmon,2024-06-27 This work examines Augustine s critique of his Roman predecessors to reveal key aspects of Christ s mediation of the universal way of salvation Porphyry of

Tyre had noticed that Christianity can make a claim that pagan religion and pagan philosophy cannot that all types of human being can be saved through the one salvific action of Christ mediated sacramentally through the one Catholic Church Augustine's response to Porphyry is grounded firmly on Christology especially on what Augustine sees to be the unique act of Christ as mediator based in turn on Christ's unique position as true God and true man which in turn is capable of healing the whole man and by healing the whole man also healing each of the parts of the soul Christ himself as concretely universal is capable of saving each and any type of human being no matter which part of the soul rules within him Augustine counters which is not a claim his pagan interlocutors can replicate In addition to careful considerations of ancient authors like Plato Cicero Varro and Porphyry this book also ranges through Plutarch Shakespeare and contemporary political thinkers like Pierre Manent and Leo Strauss scholars of religion such as Michael Bland Simmons theologians such as Erik Peterson and Ernest L Fortin as well as well known Augustine scholars such as James Wetzel G R Evans John Cavadini Robert Dodaro Mary Keys Michael Foley Rowan Williams Oliver O Donovan John Rist and many others

Assault on Ideology James F. Pontuso, 2004-01-01 In this new paperback edition of Assault on Ideology Aleksandr Solzhenitsyn's Political Thought author James F Pontuso showcases the titanic thought that understood Marxism to be a vain and ultimately merciless effort to fulfill the Enlightenment dream of fully conquering and exploiting nature in order to establish a perfect and just society on earth

The Dialogue in Hell Between Machiavelli and Montesquieu Maurice Joly, 2003-01-01 The Dialogue in Hell between Montesquieu and Machiavelli is the source of the world's most infamous literary forgery The Protocols of the Elders of Zion John Waggoner's superb translation of and commentary on Joly's Dialogue the first faithful translation in English seeks not only to update the sordid legacy of the Protocols but to redeem Joly's original work for serious study in its own right rather than through the lens of antisemitism Waggoner's work vindicates a man who was neither an antisemite nor a supporter of the kind of tyrannical politics the Protocols subsequently served and presents Maurice Joly once much maligned and too long ignored as one of the nineteenth century's foremost political thinkers

Leo Strauss and His Catholic Readers Geoffrey M. Vaughan, 2018-05-11 This book looks at the work and influence of Leo Strauss in a variety of ways that will be of interest to readers of political philosophy It will be of particular interest to Catholics and scholars of other religious traditions Strauss had a great deal of interaction with his contemporary Catholic scholars and many of his students or their students teach or have taught at Catholic colleges and universities in America Leo Strauss and His Catholic Readers brings together work by scholars from two continents some of whom knew Strauss one of whom was his student at the University of Chicago The first section of essays considers Catholic responses to Strauss's project of recovering Classical natural right as against modern individual rights Some of the authors suggest that his approach can be a fruitful corrective to an uncritical reception of modern ideas Nevertheless most point out that the Catholic cannot accept all of Strauss's project The second section deals with areas of overlap between Strauss and Catholics Some of the chapters explore encounters with his contemporary

scholars while others turn to more current concerns The final section approaches the theological political question itself a question central to both Strauss s work and that of the Catholic intellectual tradition This section of the book considers the relationship of Strauss s work to Christianity and Christian commitments at a broader level Because Christianity does not have an explicit political doctrine Christians have found themselves as rulers subjects and citizens in a variety of political regimes Leo Strauss s return to Platonic political philosophy can provide a useful lens through which his Catholic readers can assess what it means for there to be a best regime **Private Agriculture in Armenia** Zvi Lerman,Astghik

Mirzakhanian,2001-01-01 This book details and analyzes an extensive farm survey of Armenian land reform Zvi Lerman and Astghik Mirzakhanian two principal contributors to the design of the study present their invaluable insight into the rapid land reform strategy implemented in Armenia Unique among the former Soviet Republics the entire agricultural sector of this country shifted from collective large scale farm enterprises to individual production in 1992 The authors pay special attention to the commercialization of private farms and their access to supply and marketing channels outside the old state controlled system Family incomes from farming and off farm sources are discussed as well as problems of rural social services and social infrastructure The authors demonstrate how official statistical measures and record keeping practices in Armenia do not adequately account for this dramatic transition **On the Unseriousness of Human Affairs** James V.

Schall,2023-05-02 In this wise and witty book acclaimed author James Schall illuminates a fundamental truth that will shock ceaselessly busy and ambitious Americans human affairs are unserious Following Plato Schall shows why singing dancing playing contemplating and other useless human activities are not merely forms of escape but also indications of the freedom in and for which men and women were created The joy that accompanies leisure festivity and conviviality he demonstrates gives us a glimpse of the eternal On the Unseriousness of Human Affairs offers a vital message that is truly countercultural

Faith, Reason, and Political Life Today Dale McConkey,2001-03-21 This rich and varied collection of essays addresses some of the most fundamental human questions through the lenses of philosophy literature religion politics and theology Peter Augustine Lawler and Dale McConkey have fashioned an interdisciplinary consideration of such perennial and enduring issues as the relationship between nature and history nature and grace reason and revelation classical philosophy and Christianity modernity and postmodernity repentance and self limitation and philosophy and politics These tensions are explored through the works of such eminent thinkers as Aristotle Augustine and Tocqueville but the contributors engage a wide variety of texts from popular culture American literature Flannery O Connor receives notable attention and social theory to create a remarkably comprehensive if far from harmonious introduction to political philosophy today **Leo Strauss and His Legacy** John Albert Murley,2005-01-01 With over 10 000 entries identifying work of hundreds of Strauss s students and their students students this bibliography is the most indeed the only comprehensive guide to published writing in the tradition of Leo Strauss Murley includes Strauss s own complete bibliography and that of one of his most revered

students George Anastaplo

Eventually, you will categorically discover a new experience and achievement by spending more cash. yet when? pull off you receive that you require to get those every needs subsequently having significantly cash? Why dont you try to get something basic in the beginning? Thats something that will lead you to comprehend even more in the region of the globe, experience, some places, subsequent to history, amusement, and a lot more?
