Evangelicalism and Fundamentalism in the United Kingdom during the Twentieth Century

David W. Bebbington, David Ceri Jones, 2013-10-03 Historians have sometimes argued and popular discourse certainly assumes that evangelicalism and fundamentalism are identical In the twenty first century when Islamic fundamentalism is at the centre of the world s attention whether or not evangelicalism should be seen as the Christian version of fundamentalism is an important matter for public understanding The essays that make up this book analyse this central question Drawing on empirical evidence from many parts of the United Kingdom and from across the course of the twentieth century the essays show that fundamentalism certainly existed in Britain that evangelicals did sometimes show tendencies in a fundamentalist direction but that evangelicalism in Britain cannot simply be equated with fundamentalism The evangelical movement within Protestantism that arose in the wake of the eighteenth century revival exerted an immense influence on British society over the two subsequent centuries Christian fundamentalism by contrast had its origins in the United States following the publication of The Fundamentals a series of pamphlets issued to ministers between 1910 and 1915 that was funded by California oilmen While there was considerable British participation in writing the series the term fundamentalist was invented in an exclusively American context when in 1920 it was coined to describe the conservative critics of theological liberalism The fundamentalists in Britain formed only a small section of evangelical opinion that declined over time

Outgrowing Cultic Christianity

Robert P. Vande Kappelle, 2021-04-27 We live in a time of religious warfare not just between different religions but also between those with differing versions of the same faith This religious distrust and political conflict may be the worst in American history since the Civil War Speaking as a progressive conservative biblical scholar Robert Vande Kappelle uses a four stage model of faith development to rethink core Christian doctrines Starting with

current events and a discussion on the role of religion this book examines how inadequate faith development makes people of faith susceptible to misinformation conspiracy thinking and even to cultic mindsets People of faith do not choose to believe a lie they all want to believe what is true Hence it is surprising that in the realm of religion so many people are willing to rely upon untested and even highly disputed beliefs beliefs most received as children Unfortunately many of these teachings are based upon ancient hopes and fears rather than upon factual historical information Taken literally dualistic teachings concerning heaven and hell sin and salvation good and evil and apocalyptic beliefs such as the end times and the imminent return of Christ to earth are questionable not only because they are beyond historical and scientific verification but also because they can be misused by authoritarian leaders to control and mislead devout individuals Thankfully there is a way to outgrow cultic Christianity The path to spiritual maturity comes by restoring the role of religion a form of spirituality discovered not by addition but by a process of subtraction Outgrowing Cultic Christianity is useful for individual or group study Each chapter concludes with questions suitable for discussion or reflection

Civilizing the World Sarah Miglio, 2023-08-17 Civilizing the World explores the vibrancy and impact of forgotten social reformers who defied categorization within the Social Gospel or secular progressive movements These social reformers or Practical Christians functioned as a network of activists whose dedication to spiritual conversions and cultural transformation arose from a shared commitment to nonsectarian Christian cooperation and practicing Christian citizenship Bringing together a diverse coalition of liberal Protestants revivalists evangelicals and secular reformers Practical Christians rejected theological divisions in favor of broad alliances committed to improving society at home and abroad A complete understanding of the intimate relationship between local and global activism provides new insight into Practical Christians social networks political goals religious identities and international outlook This broad reform alliance considered their domestic and global reforms as seamless tasks in modernizing the world Just as Chicago Practical Christians labored to civilize their immigrant neighbors and encourage their adoption of their own Christian and American habits like minded Americans worked to Christianize and modernize Armenians and the Middle East The Practical Christian coalition faltered post World War I as evangelicals and revivalists continued to prioritize spiritual conversions while liberal Protestant and secularizing activists placed more emphasis on the process of Americanizing immigrants and the world
