

RATIONALITY & RELIGION

Religion Rationality

Thomas D. Senior

Religion Rationality:

Faith, Rationality and the Passions Sarah Coakley, 2012-07-20 Faith Rationality and the Passions presents a fresh and original examination of the relation of religious faith philosophical rationality and the passions Contributions see leading scholars refute the widely held belief that religious Enlightenment forced passion and reason apart Leading Philosophical experts offer new research on the relation of faith reason and the passions in classic and Enlightenment figures Overturns the widely held presumption that the Enlightenment was responsible for creating a gulf between reason and passion Presents original and innovative research on the importance of the late 19th century creation of the category of emotion and its striking difference from classic ideas of passion Brings together secular science and philosophy of emotion with philosophical theology to seek a new integration of belief emotion and reason **Rationality and Religious Theism** Joshua L.

Golding, 2017-11-22 Throughout the ages one of the central topics in philosophy of religion has been the rationality of theistic belief This book proposes that parties on both sides of this debate might shift their attention in a different direction by focusing on the question of whether it is rational to be a religious theist Explaining that having theistic beliefs is primarily a cognitive affair but being a religious theist involves a whole way of life that includes one's beliefs Golding argues that it can be pragmatically rational to be a religious theist even if the evidence for God's existence is minimal The argument is applied to the case of Judaism articulating what is involved in religious Judaism and arguing that it is rationally defensible to be a religious Jew The book concludes with a discussion of whether a similar argument might be constructed for other versions of religious theism such as Christianity or Islam and for non theistic religions such as Taoism or Buddhism Joshua Golding offers a carefully wrought explanation of how it can be rational for someone to live a religious life in particular but not necessarily only a traditional Jewish life *Rationality and Religion* Roger Trigg, 1998-06-08 Rationality and Religion deals with the perennial question of how far religious faith needs reason *Faith, Freedom, and Rationality* Jeff Jordan, Daniel

Howard-Snyder, 1996 The philosophy of religion once considered a deviation from an otherwise analytically rigorous discipline has flourished over the past two decades This collection of new essays by twelve distinguished philosophers of religion explores three broad themes religious attitudes of belief acceptance and love human and divine freedom and the rationality of religious belief *Rationality and Religious Commitment* Robert Audi, 2011-09-22 Can it be rational to be religious Robert Audi gives a persuasive positive answer through an account of rationality and a rich nuanced understanding of what religious commitment means It is not just a matter of belief but of emotions and attitudes such as faith and hope of one's outlook on the world and of commitment to live in certain ways [The Rationality of Belief and the Plurality of Faith](#)

Thomas D. Senor, 2019-05-15 A veritable who's who in the field of contemporary philosophy of religion here considers various issues in the epistemology of religious beliefs The writings of William P Alston the leading figure in the revival of the Anglo American philosophy of religion provide the focus of these essays all but two previously unpublished Philosophers of religion

meta physicians epistemologists and theologians will find in this volume some of the most important work available in the theory of knowledge and the epistemic status of religious belief Rationality in Science, Religion, and Everyday Life Mikael Stenmark, 2016-09-15 Mikael Stenmark examines four models of rationality and argues for a discussion of rationality that takes into account the function and aim of such human practices as science and religion Religion, Rationality and Community Robert Gascoigne, 2012-12-06 This study is an attempt to examine the relationships between religious belief and the humanism of the Enlightenment in the philosophy of Hegel and of a group of thinkers who related to his thought in various ways during the 1840 s It begins with a study of the ways in which Hegel attempted to evolve a genuinely Christian humanism by his demonstration that the modern understanding of man as a free and rational subject derived its strength and validity from the union of God and human existence in the incarnation The rest of this study is concerned with two different forms of opposition to Hegel first the critical discipleship of the Young Hegelians and Moses Hess who insisted that Hegel's notion of Christian humanism was false because religious belief was necessarily inimical to a clear consciousness of social evil and the determination to abolish it second the religious opposition to the Enlightenment in the thought of Schelling and Kierkegaard which emphasized God's transcendence to human reason and the insignificance of secular history In the years leading up to the revolution of 1848 Hegel's synthesis was rejected in favour of the assertion of atheistic humanism or religious otherworldliness Chapter One after discussing the young Hegel's critique of the social and political effects of Christianity examines the union of religious belief speculative philosophy and the rational state in Hegel's mature system

Rationality, Religious Belief, and Moral Commitment Robert Audi, William J. Wainwright, 1986 This book is unified by three broad concerns the rationality of belief in God the relation between religion and morality and the explication of the concept of God The essays are however marked by diversity Some focus on historical figures such as Aquinas and Locke others bring recent epistemological and metaphysical developments to bear on problems of religious belief Some of the papers explore neglected issues central to religious practice such as the question of how total devotion to God can permit other deep commitments others apply philosophical distinctions from within a religious tradition for example in setting out a Christian approach to the problem of evil **Theological Philosophy** Dr Lydia Schumacher, 2016-02-28 For much of the modern period theologians and philosophers of religion have struggled with the problem of proving that it is rational to believe in God Drawing on the thought of Thomas Aquinas Theological Philosophy seeks to overturn the longstanding problem of proving faith's rationality and to establish instead that rationality requires to be explained by appeals to faith Building on a constructive argument developed in a companion book *Rationality as Virtue* Lydia Schumacher advances the conclusion that belief in the God of Christian faith provides an exceptionally robust rationale for rationality and is as such intrinsically rational At the same time Schumacher overcomes a common tendency to separate spiritual from ordinary life and construes the latter as the locus of proof for the rationality of Christian faith *Religion and Rationality* Jürgen

Habermas,2014-10-15 This important new volume brings together Habermas key writing on religion and religious belief Habermas explores the relations between Christian and Jewish thought on the one hand and the Western philosophical tradition on the other In so doing he examines a range of important figures including Benjamin Heidegger Johann Baptist Metz and Gershom Scholem In a new introduction written especially for this volume Eduardo Mendieta places Habermas engagement with religion in the context of his work as a whole Mendieta also discusses Habermas writings in relation to Jewish Messianism and the Frankfurt School showing how the essays in Religion and Rationality one of which is translated into English for the first time foreground an important yet often neglected dimension of critical theory The volume concludes with an original extended interview also in English for the first time in which Habermas develops his current views on religion in modern society This book will be of great interest to students and scholars in theology religious studies and philosophy as well as to all those already familiar with Habermas work Rationality and the Study of Religion Jeppe Sinding Jensen,Luther Martin,2013-09-13 Does rationality the intellectual bedrock of all science apply to the study of religion Religion arguably the most subjective area of human behaviour has particular challenges associated with its study Attracting crowd healers conjurers the pious and the prophetic alongside comparativists and sceptics it excites opinions and generalizations whilst seldom explicitly staking out the territory for the discussions in which it partakes Increasingly scholars argue that religious study needs to define and critique its own field and to distinguish itself from theology and other non objective disciplines Yet how can rational techniques be applied to beliefs and states of mind regarded by some as beyond the scope of human reason Can these be made empirically testable or comparable and replicable within academic communities Can science explicate religion without reducing it to mere superstition or redefine its truth in some empirical but meaningful way Featuring contributions from leading international experts including Donald Wiebe Roger Trigg and Michael Pye Rationality and the Study of Religion gets under the surface of the religious studies discipline to expose the ideologies beneath Reopening debate in a neglected yet philosophically significant field it questions the role of rationality in religious anthropology natural history and anti scientific theologies with implications not only for supposedly objective disciplines but for our deepest attitudes to personal experience Interesting and important Religion has long been associated with irrationality both by its defenders and its critics and the topic of rationality has been unjustly neglected The book certainly deserves to be widely circulated Greg Alles Western Maryland College **Rational Choice Theory and Religion** Lawrence A. Young,2016-04-29 Rational Choice Theory and Religion considers one of the major developments in the social scientific paradigms that promises to foster a greater theoretical unity among the disciplines of sociology political science economics and psychology Applying the theory of rational choice the theory that each individual will make her choice to maximize gain and minimize cost to the study of religion Lawrence Young has brought together a group of internationally renowned scholars to examine this important development within the field of religion for the first time **The Rationality of Theism**

Godehard Brüntrup, R.K. Tacelli, 2013-04-17 In May 1998 a distinguished group of philosophers met in Munich to discuss the rationality of theism. This volume is a collection of the papers read at that conference. While in recent years the rationality of theistic belief has been widely discussed, the Munich conference was an event of some moment in the history of philosophical dialogue for the first time. German and English speaking philosophers, representatives of both the Continental and the Anglo Saxon traditions joined together to grapple with a common philosophical theme. This multiplicity of perspectives brought a unique richness to the analysis of rationality that no one tradition by itself could provide. Readers will find that richness displayed in the pages of this book. Professional philosophers will find here a great deal to stimulate and challenge them, but graduate students, capable undergraduates and all others with a serious interest in the philosophy of religion will be well rewarded for their efforts to come to grips with these thought provoking papers. Beyond Faith and Rationality

Ricardo Sousa Silvestre, Benedikt Paul Göcke, Jean-Yves Béziau, Purushottama Bilimoria, 2020-09-16 This volume deals with the relation between faith and reason and brings the latest developments of modern logic into the scene. Faith and rationality are two perennial key concepts in the history of ideas. Philosophers and theologians have struggled to bring into harmony these otherwise conflicting concepts. Despite the diversity of approaches about what rationality effectively means, logic remains the canon of objective and rational thought. The chapters in this volume analyze several issues pertaining to the philosophy of religion and philosophical theology from the perspective of their relation to logic and the benefit they can derive from the use of modern logic tools. The book is divided into five parts: I Introduction, II Analytic Philosophy of Religion, III Logical Philosophy of Religion, IV Computational Philosophy and Religion, and V Logic, Language and Religion. This text appeals to students and researchers in the field. **Faith and Rationality**

Alvin Plantinga, Nicholas Wolterstorff, 1983 A collection of essays by contemporary Calvinist philosophers of religion that examine the epistemology of religious belief between Reformed and Roman Catholic philosophers. On Faith, Rationality, and the Other in the Late Middle Ages:

Gergely Tibor Bakos, 2011-01-01 On Faith, Rationality and the Other in the Late Middle Ages is an investigation of Nicholas of Cusa that seeks a deeper understanding of this important medieval intellectual and his importance for us today. One of Gergely Bakos's primary aims in this study is to understand Nicholas of Cusa's important and underexamined dimensions of his approach to dialogue with Islam. The framework and the methodology that informs this investigation was inspired by the late Professor Jos Decorte. 1954-2001 a Flemish philosopher and mediaevalist at the Catholic University of Leuven in Belgium. Bakos carefully expounds his method of approaching medieval thought. Part One and then applies and tests this method in practice. Part Two The most extensive part of this study offers a sketch of the historical background of Nicholas's dialogue with Islam and investigates what possibilities this approach offers. All of this is placed in dialogue with two other mediaeval approaches to Islam: Thomas Aquinas and Ramon Llull. The final chapters discuss Nicholas of Cusa's project from a perspective offered by his mystical theology. The book culminates in an exploration of the possibilities of Nicholas of Cusa's approach by

testing the framework of the study Finally the author evaluates the application of his own approach Part Three The study ultimately has two purposes to contribute to a better understanding of Nicholas of Cusa s thought on the one hand and on the other to test a particular methodology and interpretative framework for the understanding of mediaeval culture

Cognitivity of Religion J. Kellenberger,1985-06-18 Is Faith Rational? Wessel Stoker,2006 Is faith rational Some respond by providing proofs for God s existence Others hold that no reasons for the Christian faith can be given This book discusses different ways of accounting for faith i e classical apologetics the transcendental view that faith is part of human nature and the view that argues for the rationality of faith on the basis of direct perceptions of God that appear to be objective The author subsequently proposes a rational accounting for the Christian faith in our secularized and religiously pluralistic society His starting point is the lasting religious experience of believers in everyday life He also discusses the question of how this accounting for faith can function in a world of both secular worldviews and other religions Religious experience is not subjective or arbitrary but rational In these experiences human beings are involved with God Religious experience can be described phenomenologically as an experience that transcends our capacities God reveals himself to people primarily in narratives Narratives have a rational structure and the Gospel narratives provide in narrative form arguments for faith The assent to faith involves the whole person and stamps his life story and conduct Assent to faith is thus affective but that does not exclude its being rational The positive reason for faith lies in experience itself There are no reasons for faith outside the faith itself but this does not mean that there are no points of contact in human existence for the Christian faith Rational Religion and Morals: Presenting Analysis of the Functions of Mind, Under the Operations and Directions of Reason Thomas J. Vaiden,1852

Religion Rationality Introduction

In the digital age, access to information has become easier than ever before. The ability to download Religion Rationality has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Religion Rationality has opened up a world of possibilities. Downloading Religion Rationality provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Religion Rationality has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Religion Rationality. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Religion Rationality. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Religion Rationality, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Religion Rationality has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on

a journey of continuous learning and intellectual growth.

FAQs About Religion Rationality Books

What is a Religion Rationality PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Religion Rationality PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Religion Rationality PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Religion Rationality PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Religion Rationality PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
