Religion Scriptures And Spirituality:

Things Hidden Richard Rohr, 2016-05-19 Sacred Scripture and Christian spirituality belong together In this exploration of the central themes of Scripture Richard Rohr transforms the written word discovering in these ancient texts a new and vital meaning relevant and essential to all believers He uncovers what the Bible says about morality power wisdom and the generosity of God in a manner that inspires in us a life changing response Rohr s Christian vision of abundance grace and joy counteracting the scarcity judgement and fear we know in our world has the power to revolutionize how we relate to ourselves and all around us Things Hidden is an invitation of gospel proportion to move on into the life God intends a life of joy and obedience Walter Brueggemann Professor Emeritus of Old Testament at Columbia Theological Seminary

Religion and Spirituality in Psychiatry Philippe Huguelet, Harold G. Koenig, 2009-03-30 Although medicine is practised in a secular setting religious and spiritual issues have an impact on patient perspectives regarding their health and the management of any disorders that may afflict them This is especially true in psychiatry as feelings of spirituality and religiousness are very prevalent among the mentally ill Clinicians are rarely aware of the importance of religion and understand little of its value as a mediating force for coping with mental illness This book addresses various issues concerning mental illness in psychiatry the relation of religious issues to mental health the tension between a theoretical approach to problems and psychiatric approaches the importance of addressing these varying approaches in patient care and how to do so and differing ways to approach Christian Muslim and Buddhist patients Life with God Richard J.

Foster, 2010-05-04 Too often our study of the Bible focuses on searching for specific information or some formula that will solve our pressing needs of the moment But what if we approached the Bible differently and instead of transforming the text to meet our needs allowed it to transform us That s exactly the idea behind Life with God Richard J Foster s much anticipated book on the Bible Foster bestselling author of Celebration of Discipline and general editor of The Renovar Spiritual Formation Bible claims that God has superintended the writing of Scripture so that it serves as the most reliable guide for Christian spiritual formation According to Foster the Bible is all about human life with God As we read Scripture we should consider how exactly God is with us in each story and allow ourselves to be spiritually transformed By opening our whole selves mind body spirit thoughts behavior and will to the page before us we begin to grasp all the Bible has to teach about prayer obedience compassion virtue and grace and apply it to our everyday lives to achieve a deeper relationship with God With a wealth of examples and simple yet crucial insights Life with God is an indispensable guide to approaching the Bible through the lens of Christian spiritual formation revealing that reading the Bible for interior transformation is a far different endeavor than reading the Bible for historical knowledge literary appreciation or religious instruction *Mysticism and Sacred Scripture* Steven T. Katz, 2000-11-02 This is the fourth volume in an influential series that presents a basic revaluation of the nature of mysticism Each provides a collection of solicited papers by noted experts in the study of religion This new

volume will explore how the great mystics and mystical traditions use interpret and reconstruct the sacred scriptures of their traditions

The Bible and Spirituality Andrew T. Lincoln, J. Gordon McConville, Lloyd K. Pieteresen, 2013-07-05 The essays in this volume aim to contribute to the newly developing academic subject of biblical spirituality It is prompted by the belief that although the Christian tradition has always nurtured an emphasis on spirituality rooted in the Bible and its interpretation few

biblical scholars until recently have pursued their work by making connections with either this religious tradition or present day interest in the broader phenomenon of spirituality Spiritual interpretation has overlaps with theological interpretation but is distinctive because of its focus on the wisdom of lived experience and practice The essays therefore attempt from within the context of the academy responsible readings of Scripture that have as a major focus the study of how particular texts might contribute to a spirituality in which individual and communal flourishing is a major feature The essays began as papers produced for an international symposium on the Bible and Spirituality in May 2012 hosted by the Centre for the Study of the Bible and Spirituality in the School of Humanities at the University of Gloucestershire

Primary Scripture Sylvester L. Steffen, 2001 In Primary Scripture author Sylvester Steffen gives a scientific perspective of the great catholic mandate to love God and to love one's neighbor as oneself In Steffen's view science documents the essential continuity of energy and matter soul and substance spirituality and materiality the natural source of rationality Steffen finds validation for new age consciousness in the wisdom of the ages Primary Scripture is a helpful first reader for anyone confused by the wave of new books seeking to connect science and religion The inspiration behind Primary Scripture is Steffen's recognition that science and religion are understood as separate and adversary realms by most people In the author's view personal and societal misdirection and incivility are root causes of global societal crises But what is civility And how does one live a civil life Answers to both questions can be found in the successful bridging of the cultured rift between science and religion Faith hope and love enable personal and public conscience to motivate personal living in service to one another Witnessing faith hope and love is Steffen's idea of civil living The most common means for correcting misdirection are communication consciousness and conscience what Steffen calls the trimorphic resonance of evolved rationality The fundamentally rational mandate to live altruistically to love God and to love one another evolves from what Steffen sees as the logical continuity between cosmic energy matter and self-aware soul body The progressive deepening of public scientific knowledge seems to be driving a new rush to find the connection between science and religion Primary Scripture is ideal for anyone seeking a religiously and scientifically harmonized worldview that has room for new age insights Back cover

Exploring Christian Spirituality Elizabeth Liebert, SNJM, In this book leading scholars address issues of methodology and interdisciplinarity that are emerging at the creative edges of the academic discipline of Christian spirituality *The Law of Love* David Lyle Jeffrey,1988 This anthology intended for the general reader and student alike contains some of the best spiritual writings from the age of Wyclif including a particularly rich representation from distinguished women Fresh translations of classic texts by authors such as Richard Rolle Julian of Norwich Margery Kempe the author of *The Cloud of Unknowing* and Walter Hilton are accompanied by translations of works not previously available including key writings of Wyclif and others on Scripture and the spiritual life Extracts from the Wycliffite Bible are also included **The Spirit of Holiness** Terry Delaney,2020-09-23 What does Biblical spirituality look like What does it mean to be spiritual What priorities and practices inspire one to live the Christian life well While there are a multitude of answers to these questions very rarely are they both clear and profound As a result Christians can be left feeling lost and confused In *The Spirit of Holiness* Terry Delaney and Roger Duke have collected a variety of reflections on spirituality that are shaped by the Bible theology and the voices and examples of those who have come before us With authors like Al Mohler Michael Haykin and Steve Lawson covering topics such as perseverance depression friendship choice and faith *The Spirit of Holiness* encourages and directs Christians to a healthy biblical spirituality informed by their forebears of the faith **Religion and Spirituality Across Cultures** Chu Kim-Prieto,2014-08-07 This book presents an integrated review and critical analysis of the recent research in the positive psychology of religion with focus on the positive psychology of religion across different cultures and religions The book provides a review of the literature on different contributions of religion and spirituality to positive functioning and well being and reviews religions across the world including Christianity Islam Buddhism Judaism Sikhism Native American religions and Hinduism It fills a unique place in the market s increasing interest and demand in the psychology of religion as well as positive psychology While the target audience is researchers scholars and students in psychology cross cultural studies religious studies and social sciences it will be useful for anyone interested in better understanding the contributions of religion and culture in subjective well being *A Rebirth for Christianity* Alvin Boyd Kuhn,2014-05-27 The search to uncover the hidden origins of Christianity and discover its true message has become a current topic of fascination for many readers People are eager to know the truths behind the biblical legends and the mysteries that created Christian rites ceremonies and codes of behavior Kuhn argues that the sacred scriptures of Judaism and Christianity do not portray historical truths but symbolic and mystical metaphors The spiritual truth encoded in scripture says Kuhn is far more important than its literal narrative Kuhn s research provides a clear understanding of the allegorical interpretations of the scriptures and their significance to a deeper more profound Christianity He traces the historical and philosophical origins of Christian thought to illustrate that Jesus was one of many incarnations of an enduring archetype that has surfaced in many

religions In fact those who wrote the scriptures may have never even intended the focus to be on Jesus the man Moreover Kuhn investigates the problems psychological spiritual and otherwise that result from a purely historical interpretation of Jesus In doing so Kuhn reclaims the mystical power at the core of Christianity s message which has to do with the birth of the inner Christ and the emergence of divine consciousness in humanity

A Christian Guide to Spirituality Stephen W. Hiemstra, 2017-12-16 Spirituality is lived belief When we pray worship or reach out to our neighbors we live out our beliefs Our beliefs structure our spirituality like skin stretched over the bones of our bodies These beliefs start with faith in God the Father through Jesus Christ as revealed through the Holy Spirit in scripture in the church and in daily life Our Trinitarian theology orders our beliefs Without a coherent theology we lose our identity in space and time having no map or compass to guide us on our way In the end we focus on ourselves not God Christian spirituality starts with God not with us *A Christian Guide to Spirituality* takes the form of 50 daily devotions Each topic is treated with a scriptural reference reflection prayer and questions for discussion Occasionally references are provided for further study The first four chapters Introduction Apostle s Creed Lord s Prayer and Ten Commandments cover 40 days making them suitable as a Lenten study Ten additional days focus on the spiritual disciplines and a short conclusion Reading *A Christian Guide to Spirituality* will help readers understand Christian spirituality better and nurture their faith There is no such thing as quality time with the Lord there is only time The living God speaks to us in many ways but especially through scripture These three sources cited Apostle s Creed Lord s Prayer and Ten Commandments are commonly called the rule of faith *regula fidei* and were utilized for nearly two millennia as a means to apprentice the faith These sources are the heart of the confessions of most Christian faith communities and denominations Hear the words walk the steps experience the joy Author Stephen W Hiemstra MDiv PhD is a slave of Christ husband father tentmaker economist and writer He lives with Maryam his wife of 30 years in Centreville VA and they have three grown children The foreword is written by Neal D Presa This book might be classified appropriately in spirituality Christian living
