Maness, 2023-05-22 When Texas Prison Scams Religion exposes corruption in the Texas Department of Criminal Justice especially in the abuse of religion In many ways this book is a literature review of 1 800 plus works that defends freedom of conscience in prison while exposing the unconstitutionality of the seminary program that buys faith with favor from prisoners The state veritably ordains the prisoner a Field Minister that represents the offices of the Governor TDCJ Director and wardens throughout the prison Therein TDCJ lies about neutrality

in a program all about Christian missions and lies again in falsely certifying elementary Bible students as counselors Why is the director sponsoring psychopaths counseling psychopaths In fact TDCJ pays 314 million a year to UTMB for psychiatric care and receives not a single report of the care given and worse for UTMB generates no reports itself The underbelly TDCJ's executive culture of cover up is exposed TDCJ has hired the lowest qualified of the applicant pool many times in the last 25 years and regularly destroys statistics on violence TDCJ Dir Collier led the prison to model Louisiana Warden Burl Cain the most scandal ridden in penal history according to a host of published news stories for 20 years Therein Collier led TDCJ to favor the smallest segment of religious society within Evangelical Dominionism Texas has no business endorsing the truth of any religion over another We close with a proposal that utilizes the 400 000 000 hours of officer contact over ten years as a definitive influence in contrast to a commissioner that spends less than 10 minutes on each decision Maness has been lobbying Austin for 15 years to definitively access staff for his 100 000 Mothers 1% Certainty Parole Texas Constitutional Amendment which would revolutionize prison culture and save Texans millions of the dollars The Future of Religion in American Politics Charles Dunn, 2010-09-12 Should parents receive vouchers to send their children to religious schools What limits if any should the government place on abortion Should the government permit and fund stem cell research Should religious organizations have the right to prohibit the employment of homosexuals Should public schools teach both creationism and evolution How does religion influence our political stances on gay marriage The death penalty Immigration The issues are real The emotions are intense The solutions are difficult to reach and often problematic From the White House to the courthouse from governors mansions to the United States Supreme Court religion factors into many contemporary legal controversies Efforts to establish the proper balance between church and state create heated debates in America and raise seemingly insoluble questions Politicians and their advisers walk a fine line when addressing religious issues in an increasingly pluralistic society where religious factions attempt to impose their values on the electoral and legislative processes The Future of Religion in American Politics presents thoughtful wide ranging essays by twelve eminent public intellectuals and scholars offering rich and stimulating views on one of the most divisive issues of our time Editor Charles W Dunn and the contributors assess the impact of religion on American politics in four distinct time periods the founding the Civil War the New Deal era and the modern era Dunn outlines seven propositions that characterize the interaction of religion and politics during these time periods and describes how and why religion continues to influence politics in America Contributors to this volume argue that whereas religion in the founding era held society together in a shared belief of the biblical portrayal of humanity today's pluralistic religious interpretations of God appear to be tearing society apart The rise of Islam and other world religions poses perplexing questions about the issue of tolerance Can America survive as a free society without commonly accepted morals that are based in religion Is America a secular society with a clear separation of church and state or a government created and informed by ever changing religious values The Future of Religion in American
