Religious Convictions and Political Choice Kent Greenawalt, 1988 How far may Americans properly rely on their religious beliefs when they make and defend political decisions Are religious convictions compatible with liberal democratic premises Kent Greenawalt dissects such issues as abortion and animal rights to illustrate secular and religious bases for decision making concluding that citizens cannot be expected to rely exclusively on rational secular grounds Religious Convictions and Political Choice Kent Greenawalt, 1991 How far may Americans properly rely on their religious beliefs when they make and defend political decisions Are decisions based on religious convictions compatible with liberal democratic premises Kent Greenawalt dissects such issues as abortion and animal rights to illustrate secular and religious bases for decision making concluding that citizens cannot be expected to rely exclusively on rational secular grounds Religious Goodness and Political Rightness Yong Huang, 2001 Religious Goodness and Political Rightness offers a stimulating timely examination of the liberal and communitarian approaches to the conflicts between people's religious ideas of the Good and their political ideas of the Right Coming from a non partisan perspective Huang argues that liberalism fails to see that politics cannot be neutral to all religions by equally ignoring them all while communitarianism fails to understand that politics based on one single religion may lead either to political sectarianism or totalitarianism in a religiously plural society

Smidt, James M. Penning, 1997 While the Christian Right has been the subject of a good deal of scholarly analysis it has not been adequately studied within a comparative context across time across different institutional systems or across different religious communities In *Sojourners in the Wilderness* a host of distinguished scholars examine these dimensions of the

Christian Right The contributors analyze the Christian Right historically what is its relationship today with earlier manifestations How have its organizational structures and strategies changed over time Sociologically what are the current opportunities for Christian Right inroads within African American Catholic and Jewish communities and politically what accounts for the affinity between many evangelical Protestants and the Christian Right within the American political context while such an affinity appears to be lacking in other political contexts All of those interested in religion's role in politics and history will find this book valuable *The Philosophical Review*, 1991

Sarsar, 1994-10-04 What are the pervasive forces for change in the modern world Looking back on political social and economic upheavals of the past two hundred years a casual observer might conclude that it has been politics alone Conversely Stunkel and Sarsar assert that ideology technology and values played equally as crucial roles then as they do now As three of the most influential ideas in the modern world ideology values and technology are acutely addressed in this volume in order to clarify what they are and what their significance is for political life Religion and the Constitution Kent Greenawalt, **Michigan Law Review**, 2018 Conscience and Community Andrew Robert Murphy, 1996

Moral Controversies in American Politics Raymond Tatalovich, Byron W. Daynes, 1998 No area of public policymaking is more hotly debated than the use of governmental authority to institute certain enforceable standards of behavior in areas that have been the subject of moral controversy Such issues as abortion for example are debated not on grounds of economic calculus but rather the moral and normative concerns of citizens and typically evoke a reversal of the liberal conservative division of views on the appropriateness of government interventionism In Theodore Lowi's words the politics of such issues is more ideological more moral more directly derived from fundamental values more intense less utilitarian more polarized and less prone to compromise This volume examines eight social regulatory policy issues abortion pornography death penalty gun control affirmative action church state separation official English and gay rights Each case study examines the relevant issues and arguments policy shifts over time the roles of key political and institutional actors including lobbies and interest groups public opinion the bureaucracy the president Congress the judiciary and state and local authorities *The Canadian Journal of Law and Jurisprudence*, 1994
