Human Rights: Universality and Diversity Eva Brems, 2021-10-18 Human rights are by definition universal Yet in a world characterized by enormous diversity there is no

consensus about the implications of the universality of human rights In several regions of the world human rights conceptions are promoted that challenge the mainstream largely Western dominated discourse on this subject This volume offers an analysis of context specific human rights discourses from East Asia Subsaharan Africa and the Muslim World Rather than interpreting these as threats to universality the author examines how and to what extent the claims that are advanced can and should be accommodated in order to further the universality of human rights A theory of inclusive universality is developed and its implications are translated into legal techniques On the one hand there are flexibility techniques allowing for contextual diversity in the interpretation and application of human rights norms On the other hand giving credit to non Western views also implies that there should be room for transformation of those human rights norms

Research Handbook on Law and Religion Rex Ahdar,2018-09-28 Offering an interdisciplinary international and philosophical perspective this comprehensive Research Handbook explores both perennial and recent legal issues that concern the modern state and its interaction with religious communities and individuals

Human Rights, the UN and the Bahá'ís in Iran Nazila Ghanea-Hercock,2021-10-25 This book provides the first comprehensive assessment of the contribution of the United Nations to the human rights situation of the Bahá'ís in Iran It does this by examining the theoretical legal institutional and political dimensions of this issue in detail The situation of the Bahá'í community in Iran between 1979 and 2002 provides a particularly good test case for the international community due to its clarity By giving attention to a singular case within a discrete time frame this book is able to effectively examine the impact of UN human rights protection Attention is given in this study to the clash between religion and human rights the protection of freedom of religion or belief in international law the workings of UN human rights charter based and treaty bodies and their various mechanisms and recommendations for the resolution of the Bahá'í human rights situation in Iran

Textual, Comparative, Sociological, and Cognitive Approaches Peter Antes,Armin W. Geertz,Randi R. Warne,2008-12-19 Since its founding by Jacques Waardenburg in 1971 Religion and Reason has been a leading forum for contributions on theories theoretical issues and agendas related to the phenomenon and the study of religion Topics include among others category formation comparison ethnophilosophy hermeneutics methodology myth phenomenology philosophy of science scientific atheism structuralism and theories of religion From time to time the series publishes volumes that map the state of the art and the history of the discipline

Current Issues in Law and Religion Silvio Ferrari,2017-07-05 This volume focuses on issues that have only recently come to the forefront of the discipline such as freedom from religion ordination of homosexuals apostasy security and fundamentalism issues that are linked to the common themes of secularism and globalization Although these subjects are not new to the academic debate they have become prominent in law and religion circles as a result of recent and rapid changes in society The essays in this volume present multiple points of view facilitate scholars in understanding this evolving discipline and act as a stimulus for further research This collection gives the reader a sense of the key topics and current debates in law and religion and is of interest to law

politics human rights and religion scholars *New Approaches to the Study of Religion* Peter Antes, Armin W. Geertz, Randi Ruth Warne, 2004 The Challenge of Religious Discrimination at the Dawn of the New Millennium Nazila Ghanea-Hercock, 2013-11-11 The themes and issues explored in this book religion human rights politics and society could not be more relevant to the post 11 September 2001 world They lie at the heart of global political debate today The collection explores these issues after the passing of just over two decades from the adoption of the United Nations Declaration on the Elimination of all Forms of Intolerance and Discrimination based on Religion or Belief That declaration set out minimum international standards for the elimination of such discrimination Sadly the challenge of intolerance on the basis of religion or belief continues to plague us and tackling it seems to have become increasingly entrenched The complexity of this phenomenon requires expertise from different quarters This collection draws from diplomatic activist and theological quarters and benefits from the analysis of scholars of law history religious studies and sociology The ten chapters of this collection examine the relationship between human rights law and religion offer a typology for the study of religious persecution problematise the consequences flowing from religious establishment in religiously plural society analyse the implications of the directions being taken by the jurisprudence of the European Court of Human Rights and the protections offered by the European Commission council Directive 2000 43 EC outlawing workplace discrimination study the 1981 Declaration and its promotion through the work of the UN Special Rapporteur on Freedom of Religion or Belief and explore the intricacies of this freedom in detail from within the context of the United Kingdom and The Netherlands The Freedom to do God's Will James Busuttil, Gerrie ter Haar, 2003-09-02 Under the auspices of top international commentators The Freedom to do God's Will considers the global impact of fundamentalism on religious traditions including Hinduism Buddhism Mormonism Christianity Judaism and Islam With special reference to human rights issues women's rights and the influence of social factors it brings a new dimension to a field of study often dominated by purely religious or political perspectives whilst challenging received ideas about the violence and conservatism of fundamentalist movements Illustrated with original case studies the ten investigative essays from a multicultural panel of experts each with specific local and academic knowledge of the faiths and issues they discuss offer an intimate and highly specific portrait of why and how fundamentalism occurs Islam, Europe and Emerging Legal Issues W. Cole Durham, Rik Torfs, 2016-05-06 Islam Europe and Emerging Legal Issues brings together vital analysis of the challenges that Europe poses for an expanding Islam and that Islam poses for Europe within their ever evolving religious legal and social environments This book gathers some of the best thinking on Islam and the law affecting current and contested issues that can no longer be ignored particularly as they have found their way before the European Court of Human Rights Contributors include leading authorities who are working at the heart of this generation's law and religion questions in Europe and across the world This book outlines implications for all those who look to Europe from both within and without for models of human rights implementation and multi cultural

accommodation **Routledge Handbook of Freedom of Religion or Belief** Silvio Ferrari, Mark Hill QC, Arif A Jamal, Rossella Bottoni, 2020-11-29 Freedom of religion is an issue of universal interest and scope However in the last two centuries at least the philosophical religious and legal terms of the question have been largely defined in the West In an increasingly global world widening our knowledge of this right's roots in different cultural and legal systems becomes a priority This Handbook seeks to attain this goal through a better understanding of the historical roots and expressions of the right to freedom of religion on the one hand and on the other of its theological background in different religious traditions History and theology provide the setting for the analysis of the politics of freedom of religion that is how this right is used in the context of the dialogue confrontation between countries placed in different cultural regions of the world and of the legal strategies and tools that have been developed and are employed to protect and foster the right to freedom of religion Behind these legal and political strategies there is an ongoing debate about the nature of this right whose main features are explored in the final section Global historical and interdisciplinary in approach this book studies the new relevance of freedom of religion worldwide and develops suitable categories to analyze and understand the role that freedom of religion can play in managing religious and cultural diversity in our societies Authored by experts through the contributions collected in these chapters scholars and students will be able to broaden and deepen their knowledge of the right to freedom of religion and to develop the ability to go beyond the borders of the different cultural environments in which this right took shape and developed *Freedom of Religion* A. van de Beek, Eduardus van der Borght, Bernardus Vermeulen, 2010-10-15 The idea of freedom of religion was developed in Europe in the 16th and 17th century in the context of religious diversity as an alternative for religious wars The concept requires reconsideration in the current globalized culture religious plurality has increased as has the awareness of the religious potential for social cohesion and for sectarian division and violence In this volume legal experts sociologists theologians and philosophers clarify the historical development of the concept and analyze the present situation in various countries with religious tensions They propose possible models and solutions and discuss the fundamental question of whether the Western model of human rights with its separation of religion and state and freedom of religion can be conceived as universal Faith in Law, Law in Faith , 2024-04-02 Across four decades John Witte Jr has advanced the study of law and religion by retrieving religious sources of law renewing timeless teachings of religion for today and reengaging with the difficult issues confronting society Interdisciplinary international and interfaith in scope Witte's work has generated an enormous body of scholarship This collection of essays by leading scholars examines his impact and maps new directions for future exploration *World of Faith and Freedom* Thomas F. Farr, 2008-11-07 Virtually every trouble spot on the planet has some sort of religious component One need only consider Iraq and Afghanistan Iran Israel and Palestine Turkey India Pakistan Russia and China to name but a few Looming behind national issues of course is the problem of regional Islamist extremism and transnational Islamist terrorism In all of these sectors religious tensions ideas and actors

are of great geo political importance to the United States Yet argues Thomas Farr our foreign policy is gravely handicapped by an inability to understand the role of religion either nationally or globally There is a strong disinclination in American diplomacy to consider religious factors at all either as part of the problem or part of the solution In this engaging and well written insider account Farr offers a closely reasoned argument that religious freedom the freedom to practice one s own religion in private and in public is an essential prerequisite for a stable durable democratic society If the U S wants to foster democracy that lasts he says it must focus on fostering religious liberty especially in its public manifestations properly limited in a way that advances the common good Although we ourselves have developed a remarkably successful model of religious freedom our foreign policy favors an aggressive secularism that is at odds with the American model It is essential says Farr that we take an approach that recognizes the great importance of religion in people s lives
