Religious Thought In The Nineteenth Century

John Tulloch

Religious Thought In The Nineteenth Century:

Religious Thought in the Nineteenth Century Bernard M. G. Reardon, 1966 Mr Reardon begins with a substantial introduction characterizing the age as a whole contrasting it with the previous century and assessing its permanent achievements The book is divided into two parts The first deals with twelve writers from continental Europe with an account of the chosen author's life work and opinions The second deals with British and American writers and again each of the twelve chapters is introduced by an essay of about 1500 words Mr Reardon gives special attention to the philosophical interpretation of religion and of Christianity in particular traditional dogma and ecclesiastical politics whether Roman Catholic or Protestant have been avoided and emphasis is given to ideas and interests that are characteristic of the period Not all the thinkers introduced e.g. Feuerbach Comte J S Mill are themselves Christians The result is a clear picture of the main currents of Western religious thought in the nineteenth century It is a century which the students of religion today is likely to find of great interest and to which many feel a close affinity Publisher **Religious Thought 19 Century**

Leaders of Religious Thought in the Nineteenth Century Sydney Herbert Mellone, 1902 **Nineteenth-Century**

Religious Thought in the West: Volume 3 Ninian Smart, John Clayton, Patrick Sherry, Steven T. Katz, 1988-07-01 The successful three volumes of Nineteenth Century Religious Thought in the West provide a fresh appraisal of the most important thinkers of that time Soames essays centre on major figures of the period others cover topics trends and schools of thought between the French Revolution and the First World War *Leaders of religious thought in the nineteenth century* Sydney Herbert Mellone, 1911 *Movements of Religious Thought in Britain During the Nineteenth Century* John Tulloch, 1886 **The Oxford Handbook of Nineteenth-Century Christian Thought** Joel Rasmussen, Judith Wolfe, Johannes Zachhuber, 2017-06-22 Through various realignments beginning in the Revolutionary era and continuing across the nineteenth century Christianity not only endured as a vital intellectual tradition contributed importantly to a wide variety of significant conversations movements and social transformations across the diverse spheres of intellectual cultural and social history The Oxford Handbook of Nineteenth Century Christian Thought proposes new readings of the diverse sites and variegated role of the Christian intellectual tradition across what has come to be called the long nineteenth century It represents the first comprehensive examination of a picture emerging from the twin recognition of Christianity's abiding intellectual influence and its radical transformation and diversification under the influence of the forces of modernity Part one investigates changing paradigms that determine the evolving approaches to religious matters during the nineteenth century providing readers with a sense of the fundamental changes at the time Section two considers human nature and the nature of religion It explores a range of categories rising to prominence in the course of the nineteenth century and influencing the way religion in general and Christianity in particular were conceived Part three focuses on the intellectual cultural and social developments of the time while part four looks at Christianity and the arts a major area in which Christian ideas stories and images were used adapted changes and challenged during the nineteenth century Christianity was radically pluralized in the nineteenth century and the fifth section is dedicated to Christianity and Christianities The chapters sketch the major churches and confessions during the period The final part considers doctrinal themes registering the wealth and scope through broad narrative and individual example This authoritative reference work offers an indispensable overview of a period whose forceful ideas continue to be present in contemporary theology *Leaders of Religious Thought in the Nineteenth Century* Sydney Herbert Mellone, 2015-06-29 Excerpt from *Leaders of Religious Thought in the Nineteenth Century* Newman Comte Martineau Spencer Browning The substance of this book was delivered as a course of lectures before an unsectarian theological institution the Divinity School of Meadville Pennsylvania The subject of the course is the Source and Meaning of Belief in the Divine Being This is always the great central problem of religious thought In discussing the subject the author preferred to arrive at his results by means of a comparison and estimate of some typical forms of religious thought The reasons for selecting the five thinkers named on the title page are suggested at the conclusion of the opening chapter and it is hoped those reasons will be found justified in the chapters which follow About the Publisher

longing to religion and its life and movement in the world It leaves outside for example not only the large field of practical Christian action but also that of ecclesiastical and politico ecclesiastical parties About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Religious Thought in the Victorian Age James C. Livingston, 2007-05-31 The central purpose of this book is to offer an account of crucial intellectual challenges to traditional British theology challenges that provoked wide ranging discussions and decisively shaped British theology In several instances they resulted in rather fundamental reconceptions of traditional doctrine and belief Not all of the conclusions reached in these debates proved enduring and some efforts to accomodate theology to advances in the sciences proved spurious or unnecessary Yet even the ill fated forays and speculations were efforts to respond to new genuine questions that required answers Livingston the dean of Victorian religious history approaches this subject from a new perspective By 1860 the religious discussion in Britain had broadened significantly in two ways First the examination of critical theological issues had moved outside the bounds of the established Church of England and its three dominant parties The discussion now engaged highly respected Roman Catholic Nonconformist and secular thinkers of impressive range Second the deeper and more consequential debates on matters touching on religion were no longer dominated by clerics and theologians Livingston demonstrates that the late Victorian decades were a time of vitality and creativity in the educated public s discussion of critical religious and theological matters Livingston reconceptualizes British religious thought in the last decades of the nineteenth century and the first decade of the twentieth
