Religious Faith and Twentieth-century Man Frederick Crossfield Happold, 1966 Religion it is easy to believe has been blown sky high by the discoveries of modern science But millions of people are undoubtedly waiting for pieces to fall When they do what new pattern will they form In *Religious Faith and Twentieth century man* Dr Happold examines and analyses the major influences which must determine a modern picture of reality Whatever new worlds have been charted by quantum physicists radio astronomers and depth psychologists the great mystical experiences of individual men cannot be excluded from any total view of the universe Dr Happold s search for a satisfactory synthesis leads him to a religio philosophy of the mystical as a way out of the spiritual dilemma of modern man From this develops an entirely fresh attitude towards the world an attitude he terms intersection The spirit of Dr Happold s book which he modestly contributes to the current controversy about religion as the fruit of one man s experience is summed up in the title of his Epilogue he who sees not God everywhere sees him truly nowhere This is the second volume in a mystical trilogy of which the first volume *Mysticism A Study and an Anthology* is already available in Pelicans Publisher

Twentieth Century Christian Responses to Religious Pluralism David Pitman, 2016-02-17 *Twentieth Century Christian Responses to Religious Pluralism* begins with the recognition that the traditional three fold typology adopted by Christians in responding to other living world religions is no longer adequate and offers a much more sophisticated and developed approach This is accomplished with particular reference to ten key Twentieth Century theologians each of whom had significant influence in the field of inter religious studies both during their lifetime and beyond The author rejects the exclusivism and triumphalism of traditional Christian approaches and argues strongly and persuasively that the future for inter religious relationships lies in what he describes as classical pluralism and in an understanding of the importance of difference for inter faith dialogue Presenting an accessible introduction to the contemporary issues and challenges facing all those engaged in the further development of inter faith relationships dialogue and partnership between the world religions Pitman argues that the future of world peace and prosperity depends on the outcome

Kierkegaard Julia Watkin, 2001-03-01 Soren Kierkegaard 1813 1855 has been proposed as the father of

existentialism as a forerunner of post modernism and as the proponent of a purely humanistic religiosity According to Julia Watkin all of these approaches suppress the reality of Kierkegaard as a Christian thinker albeit one of a uniquely challenging cast who saw the need to treat Christianity as a personal existential adventure in which one is not afraid to risk oneself In Kierkegaard Watkin uses Danish critical sources to classify the legendary thinker as one of a radical Christian persuasion Kierkegaard raised and addressed vital philosophical and ethical religious questions about existence in a way that continues to be relevant across disciplines generations and cultures This book distinctly and simply introduces Kierkegaard to new readers as a Christian religious thinker *OE [publication]* ,1968 **Twentieth-Century Philosophy of Religion** Graham Oppy,N.
