used What foodstuffs are commonly in use during this time What color is the brickwork of the houses As expected when taken to a specific period some respondents reported experiences while others reported nothing prompting the question did they report nothing because they were between lives Wambach reasoned that if she asked a large number of subjects questions about a specific time and place and received a sizable percentage of similar answers from subjects who weren't consciously aware of the information they were reporting that was something worth investigating further Together with her book *Life before Life* the data is compelling reading for anyone pondering the validity of reincarnation and life beyond physical death
