Reluctant King:

The Reluctant King L. Sprague de Camp, 2016-11-01 The King had a good head on his shoulders for the moment anyway Everyone agreed that King Jorian of Xylar had been a good and just ruler In fact many also agreed that in this case it was a pity that the laws of Xylar decreed that each randomly chosen King must reign for only five years and then after due pomp and ceremony have his head cut off Understandably Jorian himself was wholeheartedly in agreement with the second sentiment so with the help of a spell provided by the wizard Karadur he escaped from the beheading ceremony with his head still on his shoulders Unfortunately his beloved wife Queen Estrildis was left behind and getting her out of Xylar would be anything but simple particularly with the Royal Guard of Xylar hot on the trail of their fugitive monarch With Karadur's magic Jorian might be able to pull off the rescue But first he would have to locate a trove of ancient spells deal with an enemy wizard steal an item from a 500 year old but still beautiful princess who turns into a giant serpent at inopportune moments repair the giant tower clocks of Iraz to fulfill a prophecy break a pirate siege and finally fly back to Xylar in an enchanted bathtub and whisk away his beloved Estrildis before the Royal Guard notices that their King not to mention his head has returned Then things began to get complicated At the publisher's request this title is sold without DRM Digital Rights Management

The Reluctant King Kwan, 2021-09-14 The King family is on the political rise in New York City but must weather the violent storm wrought by their darkest secrets Kwan is exceptionally gifted at ratcheting up suspense There's no denying the writer's talent for dark gritty fiction It's a page turner Kirkus Reviews Meet the Kings one of the most influential families in New York City In the power circles of the movers and shakers they are regarded as modern day royalty A politically connected father a socialite mother and three promising children they look every bit the all American family but every family has secrets Some darker than others Of all the children Shadow is the least like the rest of the Kings To call him soft wouldn't be quite accurate but he lacks the leadership qualities of his older brother Ghost or the ruthless tendencies of his sister Lolli Shadow is just Shadow Instead of accepting his role in the Monarchy created by his father Shadow would rather spend his days chasing women and hanging out in the hood with his best friends Fresh and Pain He is totally oblivious to the perils that come with his last name until danger introduces itself On the night of their mother's fiftieth birthday gala their father Chancellor is set to announce his plans to turn his political focus beyond his current position as a member of the city council He has tasted the benefits that come with holding office and has the power and influence to make a serious run at climbing the political ladder The future is looking bright for the King family That is until the devil comes to claim his due and threatens to destroy everything Chancellor has worked to build To survive the coming storm each member of the royal family will have to make a sacrifice even those who are reluctant to wear the crown
