Renee Sintenis 2nd Edition

Karin Nielsen-Saines

Renee Sintenis 2nd Edition:

A Cultural History of the Soul Kocku von Stuckrad, 2022-02-15 The soul which dominated many intellectual debates at the beginning of the twentieth century has virtually disappeared from the sciences and the humanities Yet it is everywhere in popular culture from holistic therapies and new spiritual practices to literature and film to ecological and political ideologies Ignored by scholars it is hiding in plain sight in a plethora of religious psychological environmental and scientific movements This book uncovers the history of the concept of the soul in twentieth century Europe and North America Beginning in fin de siècle Germany Kocku von Stuckrad examines a fascination spanning philosophy the sciences the arts and the study of religion as well as occultism and spiritualism against the backdrop of the emergence of experimental psychology He then explores how and why the United States witnessed a flowering of ideas about the soul in popular culture and spirituality in the latter half of the century Von Stuckrad examines an astonishingly wide range of figures and movements ranging from Ernest Renan Martin Buber and Carl Gustav Jung to the Esalen Institute deep ecology and revivals of shamanism animism and paganism to Rachel Carson Ursula K Le Guin and the Harry Potter franchise Revealing how the soul remains central to a culture that is only seemingly secular this book casts new light on the place of spirituality religion and metaphysics in Europe and North America today

Art Books Wolfgang M. Freitag, 2013-10-28 First published in 1997 For this second edition of *Art Books A Basic Bibliography of Monographs on Artists* the vast number of new books published since 1985 was surveyed and evaluated This has resulted in the selection of 3 395 additional titles These selections reflective of the increase in the monographic literature on artists during the last ten years are evidence of the activities of a larger number of art historians in more countries worldwide of the increasingly diverse and ambitious exhibition programs of museums whose number has also increased dramatically and also of a lively international art market and the attendant gallery activities The selections of the first edition have been reviewed errors have been corrected and important new editions and reprints have been noted The second edition contains 278 names of artists not represented in the first edition

Modernist Aesthetics in Transition Deborah Ascher Barnstone, Donna West Brett, 2025-01-23 How did German aesthetic values change during the Weimar Republic and after its immediate collapse at the beginning of the National Socialist period Contrary to conventional narratives that depict modernist aesthetics as static shaping principles of modern art and design this volume argues for their complexity and ever shifting nature Illuminating the vital exchanges that occurred across multiple art forms during a period of unmatched cultural activity this multi disciplinary volume explores the cultural transition between Weimar and National Socialist era Germany and offers a fresh perspective on the fate of modernism during a time of censorship and social stigma Featuring essays on architecture painting photography film sculpture cabaret typography and commercial design the volume explores competing and comparable themes across German art from 1919 1945 and addresses how modern approaches like New Vision coexisted with more traditional and established artistic modes Such visual complexity is evident from the volume

s eclectic coverage these include sexology and eroticism visual grammar in typography and architecture the reception of Weimar art in the National Socialist period and the formation and transformation of queer and Jewish identities The volume encompasses subjects as different as shadow in the animated films of Lotte Reininger filmic adaptations of Heinrich Zille s social commentary in the 1920s the photography of L szl Moholy Nagy and depictions of female sexuality in Magnus Hirschfeld s oeuvre By bridging multiple artistic fields this highly interdisciplinary work provides a fresh perspective on the ever changing art and aesthetic principles of early 20th century Germany *Art and Social Change* Klare Scarborough,Susan Dixon,2015-10 The scholarly essays in this book focus on the theme of art and social change in Western art from the Renaissance to about 1950 The edited volume includes contributions by scholars with a range of professional backgrounds and affiliations Their essays address some aspect of the theme and engage with one or more artworks in the collection of La Salle University Art Museum Topics include religious iconography portraiture landscape journal illustrations and Modernist abstraction These essays on the collection add to the body of scholarship which situates works of art in contexts that help reveal and explain changes in social political or cultural values The book is lavishly illustrated with 104 color illustrations *Dynamics of Ancient Prose* Thea S. Thorsen,Stephen Harrison,2018-05-22 Ancient prose is intriguingly diverse This volume explores the dynamics of the Latin and Greek prose of the Roman empire in the forms of biography novel and apologetics which have historically lacked recognition as uncanonical genres and yet appear vital today Focusing on the sophistication in thought and artistic texture to be found within these literary kinds this volume offers a collection of stimulating essays for students and scholars of literature and culture in antiquity and beyond *Women in World History* Anne Commire,2002 Presents biographical profiles of significant women from throughout the history of the world each with birth and death dates when known a time line quotation and references Arranged alphabetically from Schu Sui **Concise Dictionary of Women Artists** Delia Gaze,2001 The Concise Dictionary of Women Artists provides an alternative history of Western art from the Middle Ages to the present day In 200 entries it examines the lives working conditions and most of all the work of a remarkable group of artists **Collecting and Provenance** Andrea M. Gáldy,Ronit Sorek,Netta Assaf,Gal Ventura,2021-06-21 This collection of essays highlights the enduring significance of provenance and its implications for historians and art historians as well as students and researchers engaged in museum studies It also offers an opportunity to demonstrate its relevance to other fields of expertise such as conservation visual culture studies aesthetics authentication and connoisseurship versus technology as a means of establishing attributions and detecting forgeries Provenance is still of vital importance to jurisdiction whether it concerns property law or ownership It also remains topical because of the ongoing debates over looted art in the 1930s and 1940s and the illicit trade in antiquities conducted from Iraq and Syria by terrorist groups [Library Catalog of the Metropolitan Museum of Art, New York](#) Metropolitan Museum of Art (New York, N.Y.). Library,1980 *Dictionary of Women Artists: Introductory surveys ; Artists, A-I* Delia Gaze,1997 First Published in 1997

Routledge is an imprint of Taylor Francis an informa company **The Burlington Magazine** ,1950 *The Masculine Woman in Weimar Germany* Katie Sutton,2011-04-01 Throughout the Weimar period the so called masculinization of woman was much more than merely an outsider or subcultural phenomenon it was central to representations of the changing female ideal and fed into wider debates concerning the health and fertility of the German race following the rupture of war Drawing on recent developments within the history of sexuality this book sheds new light on representations and discussions of the masculine woman within the Weimar print media from 1918 1933 It traces the connotations and controversies surrounding this figure from her rise to media prominence in the early 1920s until the beginning of the Nazi period considering questions of race class sexuality and geography By focusing on styles bodies and identities that did not conform to societal norms of binary gender or heterosexuality this book contributes to our understanding of gendered lives and experiences at this pivotal juncture in German history **Visions of the "Neue Frau"** Marsha Meskimmon,Shearer West,1995 Examination of the role of women as producers and patrons of art in Germany after the First world war while also considering the problematic area of women as subject and object in representation Art forms discussed are the visual arts photography dance and film **The Polo Encyclopedia, 2d ed.** Horace A. Laffaye,2015-03-24 In its greatly expanded second edition this definitive reference work on the sport of Polo includes more than 18 000 alphabetical and cross referenced entries covering players teams national and international tournaments rules of the game books on polo and their authors as well as painters and sculptors of polo subjects No other book includes as much information about the game in a single volume *Arts Digest* ,1937 **Tate Women Artists** Alicia Foster,2004-06-15 The Tate Collection houses work by over 250 women artists spanning five centuries In this celebration of women s creative endeavour Alicia Foster explores the achievement of these artists Those included range from the famous to the little known from Mary Beale to Tracey Emin from Eileen Agar to Rachel Whiteread In four chronological introductory essays Alicia Foster discusses the changes in the position of women artists from the seventeenth century when they were restricted in their choice of subject matter and medium and achieved little recognition to the present day art world which encompasses a dazzling array of women painters sculptors conceptual artists and video and film makers The author brings the latest critical analysis to bear on women s art introducing the major developments in its history its interpretation and reception Arranged alphabetically within the four sections texts on each artist survey her life work and exhibition history and give an informed insight into her individual contribution A concise bibliography and listing of women printmakers represented in the Tate provide an invaluable addition to this fascinating book Alicia Foster specialises in the work of women artists and has published on Victorian women artists fashion and artistic identity She is the author of *Gwen John in the British Artists series* *Catalog of the Avery Memorial Architectural Library of Columbia University: Rodg - Sculpture I* Avery Library,1968 *Art Digest* ,1929 **Annual Bibliography of Modern Art** Museum of Modern Art (New York, N.Y.). Library,1990 *Book Auction Records* Frank Karslake,1986 A priced and annotated annual record of
