**Queen Elizabeth II: pocket GIANTS** Victoria Arbiter, 2016-03-07 At age 25 Elizabeth II became Britain's 40th monarch and vowed to dedicate her life to service and duty on behalf of her country. She is the constitutional monarch of 16 sovereign states, head of the 53 member Commonwealth of Nations, Supreme Governor of the Church of England, and head of the armed forces. Most notably, however, on September 9th 2015 she became the longest reigning monarch in British history. She has consistently adapted in order to remain relevant while devotedly upholding the age-old traditions of the monarchy. Although there have only been six British female monarchs, it cannot be argued that some of the most enlightened times in history have occurred during periods of queenship. Elizabeth I led the country through the Golden Age, and Victoria ushered in the Industrial Revolution, but it is Elizabeth II who will leave the most illustrious and progressive legacy of all. *Queen Elizabeth II* Matt Doeden, 2020-01-01 Queen Elizabeth II is the longest reigning British monarch. Discover the engaging details of her life and how she brought the royal family into the twenty-first century. **Queen Elizabeth II** Charles River Charles River Editors, 2017-01-11 Includes pictures. Includes quotes by the Queen about her life and reign. Includes online resources and a bibliography for further reading. Includes a table of contents. When I was twenty-one, I pledged my life to the service of our people, and I asked for God's help to make good that vow. Although that vow was made in my salad days, when I was green in judgement, I do not regret nor retract one word of it. Elizabeth II. Until the implementation of new legislation on March 26 2015, men were given preference to women in the British royal line. This system of male primogeniture meant that

women seldom inherited the throne and even when they did they were often dominated by male councillors Those women who married British kings gained the title of Queen but they were queen consorts holding the title with no power This makes Elizabeth II one of a select few queens regnant queens ruling in their own right and one of even fewer to set her own course in the history of her family and its throne This is ironic given that history and Elizabeth's relation to preceding monarchs made it highly unlikely that she would ever even inherit the throne It was only the abdication of her uncle in circumstances that shocked the world that put the young Princess Elizabeth's father on the throne and made her the heir In less tumultuous times hers would not have been the head that wore the crown Nonetheless Queen Elizabeth II has become so much a part of British society and culture that her presence is taken almost for granted setting the standard people now expect of a British monarch The longest lived and second longest reigning monarch in British history Elizabeth II has overseen her country during a time of incredible turmoil and ever accelerating change providing a stable figure at the heart of a nation going through seemingly endless upheavals Her impact in this regard extends beyond the United Kingdom and all the way to those countries of the Commonwealth over which she is still monarch In too many ways to count hers has been an extraordinary reign but even as she has been able to portray herself as a figure of tradition she has been a modern queen in many respects so even as she reaches old age and her subjects are forced to consider what life will be like without her she has set the Royal Family on a path to modernity Queen Elizabeth II The Life and Legacy of Britain's Second Longest Reigning Monarch traces the life of Elizabeth II and the history of her reign Along with pictures of important people places and events you will learn about Queen Elizabeth II like never before in no time at all [A Brief History of the Private Life of Elizabeth II](#) Michael Paterson, 2012-01-19 Elizabeth II is the longest reigning British monarch A personally quiet modest and dutiful person she is far better informed about the lives of her subjects than they often realize She has known every Prime Minister since Winston Churchill and every American President since Eisenhower Yet what of the woman behind the crown This book seeks to take a new look at this exhaustively documented life and show how Queen Elizabeth became the person she is Who and what have been the greatest influences upon her What are her likes and dislikes What are her hobbies Who are her friends What does she feel about the demands of duty and protocol Is she really enjoying herself when she smiles during official events How differently does she behave when out of the public eye Examining the places in which she grew up or has lived the training she received and her attitudes to significant events in national life it presents a fresh view of one of recent history's most important figures In recent years Queen Elizabeth has become the longest reigning monarch in our history and has cut back on commitments Nevertheless she is still very active and has made some wise decisions about who takes over a number of her duties [Queen Elizabeth II](#) Ann Simpson, 2022-09-11 In British history no monarch has governed for as long as the Her Majesty Queen Elizabeth II Renowned for her sense of duty and devotion to a life of service continues to complete a demanding schedule of engagements with support from other Royal Family members Her Majesty has affiliations to more
