Money And Power In The New Religions:

Money and Power in the New Religions James T. Richardson,1988 **Regulating Religion** James T.

Richardson,2012-12-06 **Regulating Religion** Case Studies from Around the Globe presents through the inclusion of contributions by international scholars a global examination of how a number of contemporary societies are regulating religious groups It focuses on legal efforts to exert social control over such groups especially through court cases but also with selected major legislative attempts to regulate them As such this analysis falls within the broad area of the sociology of social control and more specifically legal social control a topic of great interest when studying how contemporary societies attempt to maintain social order The factual details about social and legal developments in societies where religion has been defined as problematic include Western and Eastern Europe Asia Oceania and the Americas This book will be of interest to researchers and students in the sociology of religion the sociology of law social policy and religious studies as well as policy makers

Current Issues in Law and Religion Silvio Ferrari,2017-07-05 This volume focuses on issues that have only recently come to the forefront of the discipline such as freedom from religion ordination of homosexuals apostasy security and fundamentalism issues that are linked to the common themes of secularism and globalization Although these subjects are not new to the academic debate they have become prominent in law and religion circles as a result of recent and rapid changes in society The essays in this volume present multiple points of view facilitate scholars in understanding this evolving discipline and act as a stimulus for further research This collection gives the reader a sense of the key topics and current debates in law and religion and is of interest to law politics human rights and religion scholars [Research in the Social](#)

[Scientific Study of Religion, Volume 11](#) Joanne Marie Greer,David O. Moberg,2021-11-22 The purpose of this book is to provide an outlet for original research articles examining the role and value of religious and spiritual constructs across the social sciences The aim of the series is to include an international and interfaith voice to this research dialogue An effort is made to be interdisciplinary and academically eclectic The articles in each volume represent a wide array of perspectives and research projects Most of the articles report the findings of quantitative or qualitative investigations but some deal with methodology theory or applications of social science studies in the field of religion and some are applied demonstrating the relevance of the social sciences to religious organizations and their clergy The value of the volume is that it gives to researchers in this area a broad perspective on the issues and methods of religious research across a spectrum of academic disciplines The aim of the book is to stimulate a creative integrative dialogue that will enhance interdisciplinary research

Research in the Social Scientific Study of Religion, Volume 4 ,2021-11-22 The purpose of this book is to provide an outlet for original research articles examining the role and value of religious and spiritual constructs across the social sciences The aim of the series is to include an international and interfaith voice to this research dialogue An effort is made to be interdisciplinary and academically eclectic The articles in each volume represent a wide array of perspectives and

research projects Most of the articles report the findings of quantitative or qualitative investigations but some deal with methodology theory or applications of social science studies in the field of religion and some are applied demonstrating the relevance of the social sciences to religious organizations and their clergy The value of the volume is that it gives to researchers in this area a broad perspective on the issues and methods of religious research across a spectrum of academic disciplines The aim of the book is to stimulate a creative integrative dialogue that will enhance interdisciplinary research

Wolves Within the Fold Anson D. Shupe, 1998 *Wolves within the Fold* is the first collection of new articles dealing with abuse of authority by religious leaders and the victimization of their parishioners The power of religion as a symbolic salvation promising enterprise resides in its authority to create and shape reality for believers and command their obedience This power can inspire tremendous acts of human kindness charity compassion and hope But witch hunts inquisitions crusades and pogroms show us how religious authority can be used for far darker purposes This abuse of power by religious authorities at the expense of their followers is termed clergy malfeasance by editor Anson Shupe and examined by the contributors to *Wolves within the Fold* The essays provide an innovative examination of behavior that is sometimes illegal and always unethical sometimes punished but often not Topics range from a cultural study of Aum Shinrikyo the Japanese apocalyptic group now infamous for releasing lethal gas into the Tokyo subway system to a sociological analysis of financial scandals among evangelical religious groups Groups analyzed include the Roman Catholic Church Protestant denominations televangelists and the Hare Krishnas

Challenging Religion James A. Beckford, James T. Richardson, 2003-09-02 In the last half century new religious movements or cults of one sort and another have mushroomed throughout the US and Europe Increasingly these groups have been met with attempts to monitor and control them on the part of the state and concerns about the protection of religious consumers have been set against the democratic right to religious freedom In this collection leading sociologists of religion from the UK US Western and Eastern Europe debate the political practical and ethical issues which arise from these changes in the religious landscape

Handbook of Religion and Society David Yamane, 2016-07-15 The *Handbook of Religion and Society* is the most comprehensive and up to date treatment of a vital force in the world today It is an indispensable resource for scholars students policy makers and other professionals seeking to understand the role of religion in society This includes both the social forces that shape religion and the social consequences of religion This handbook captures the breadth and depth of contemporary work in the field and shows readers important future directions for scholarship Among the emerging topics covered in the handbook are biological functioning organizational innovation digital religion spirituality atheism and transnationalism The relationship of religion to other significant social institutions like work and entrepreneurship science and sport is also analyzed Specific attention is paid where appropriate to international issues as well as to race class sexuality and gender differences This handbook includes 27 chapters by a distinguished diverse and international collection of experts organized into 6 major sections religion and social institutions

religious organization family life course and individual change difference and inequality political and legal processes and globalization and transnationalism **Bringing Culture Back In** Michael Böss,2015-09-30 Economists used to claim that material self interest and the rational choices of the individual were universal factors that transcended cultural values and differences This position has been challenged by critics who have pointed out the methodological and philosophical weaknesses of this approach They dispute the idea that social order can be explained as the product of the choices of individual agents and that social agents operate independently of their social and cultural values and norms Today there is virtual agreement not only among students of culture but also among social scientists that culture counts in both politics and society as well as in international relations In this book a number of international political scientists economists philosophers and humanist scholars address the role of culture ethnicity and religion in contemporary states and societies **Money, Warfare and Power in the Ancient World** Jeremy Armstrong,Arthur J. Pomeroy,David Rosenbloom,2024-01-11 Money Warfare and Power in the Ancient World offers twelve papers analysing the processes consequences and problems involved in the monetization of warfare and its connection to political power in antiquity The contributions explore not only how powerful men and states used money and coinage to achieve their aims but how these aims and methods had often already been shaped by the medium of coined money typically with unintended consequences These complex relationships between money warfare and political power both personal and collective are explored across different cultures and socio political systems around the ancient Mediterranean ranging from Pharaonic Egypt to Late Antique Europe This volume is also a tribute to the life and impact of Professor Matthew Trundle an inspiring teacher and scholar who was devoted to promoting the discipline of Classics in New Zealand and beyond At the time of his death he was writing a book on the wider importance of money in the Greek world A central piece of this research is incorporated into this volume completed by one of his former students Christopher De Lisle Additionally Trundle had situated himself at the centre of a wide ranging conversation on the nature of money and power in antiquity The contributions of scholars of ancient monetization in this volume bring together many of the threads of those conversations further advancing a field which Matthew Trundle had worked so tirelessly to promote **Pastoral Misconduct** Janelle M. Eliasson-Nannini,2017-09-08 In the past clergy malfeasance was mentioned only in passing by group members or adherents The subject was invisible and those who studied it were often stigmatized as hostile to religion itself Today clergy misconduct is acknowledged as a social problem with growing conceptual and theoretical implications In Pastoral Misconduct Anson Shupe and Janelle M Eliasson Nannini argue that the history and traditions of black pastoral leadership coupled with the close identity of many black congregants with their pastor congregation and racial subculture creates opportunity structures that facilitate predatory behavior Familiarity and mutual identity frequently leads victims to drop their normal levels of wariness Major denominations and minor sects have been studied but this unique study by Shupe and Eliasson Nannini pursues nuances of pastoral bad behavior in a new context This

book is not a tabloid treatment of the American black church In fact the black church becomes the vehicle for a major new sociological development a theory of clergy misconduct in any minority religion *On Being Nonreligious in Contemporary Japan* Ian Reader, Clark Chilson, 2025-06-12 Challenging the notion of the nonreligious in Japan being religious through tradition and institution this book demonstrates how negativity and antipathy for religion relate to religious decline in Japan today Why do most Japanese say they are nonreligious mushukyo Since the 1990s scholars have answered this key question for understanding religion in contemporary Japan as follows although the Japanese say they are nonreligious because they do not identify with a particular religious tradition or institution they are in fact religious through their traditional practices New Year s visits to shinto Shrines Buddhist mortuary rites and festivals matsuri are typically seen as customs rather than as religious Challenging this answer this book argues that many Japanese say they are nonreligious because they actually dislike religion and want to distance themselves from it To support this argument the book explores how religion is in decline in Japan today Demonstrating how negative images of religion are produced in the mainstream media in popular culture and by various groups and people this book also explores specific case studies such as anti cult organizations lawyers government agencies intellectuals and religious organizations Ian Reader and Clark Chilson argue that popular negative images and perceptions about religion create an ecology of dislike which encourages disassociation from religion and exacerbates problems for religions today Overall this book provides a new perspective on religion in contemporary Japan that has implications for our understanding of secularization in the modern world Money for Power John P. Hunter III, 2014-07-27 MONEY It is understandable that we all need money for survival purposes This is fine and dandy is acceptable in society but to purposely defraud other people to get possession of money is unacceptable no matter of any circumstance Politicians seem to hoard onto this conception that money is their GOD The more they posses the more they have power to control Politicians drug cartels gangs and let us not forget religion are aware of this fact The richer you are in society the better people will follow you supposedly The Elite in all societies of the world are equally guilty of this crime called murder on the unsuspecting citizens by depriving these citizens of certain FREEDOMS or plainly swindling them out of their hard earned money not included are the lazy incompetent people who devour the Welfare System dry not even trying to better themselves Murder is hidden by the non compliance of doing the right thing as it happens for prevention as well as protection This is where this book illustrates certain areas in our American past which contribute to the beginning of corruption Corruption is a way of dishonest living in order to remain on top or even to gain the top position Political separation of parties are a way of distracting the public s focus of what all politicians are involved in un constitutional biased prejudice and let us begin the Olympic Blame Game of each party is guilty but not me when in reality all are involved in a False Flag cover up of camouflaged deception to gain more wealth even if it includes a mass murder You will be amazed about certain people involved in this book which seemed honest but in reality are very wicked indeed This book is the sequel to AMERICA The

Sleeping Giants MUST Awake which explains into depth Barack Hussein Obama the creator of Obamanism and of his cronies at large **Money, Trade, and Power** Jack P. Greene, Rosemary Brana-Shute, Randy J. Sparks, 2021-02-22 Examines the economic and cultural development of England's most British colony Reflecting the burgeoning interest of colonial historians in South Carolina and its role as the economic and cultural center of the Lower South Money Trade and Power is a comprehensive exploration of the colony's slave system economy and complex social and cultural life The first six chapters of this essay collection focus on the formative decades of South Carolina's history from 1670 through the 1730s Contributors Meaghan N Duff Bertrand Van Ruymbeke and Gary L Hewitt explore the colony's early settlement R C Nash Stephen G Hardy and Eirlys M Barker investigate the rapidly expanding economy Turning to the colony's reliance on slave labor William L Ramsay analyzes the institution and abandonment of Indian slavery Jennifer Lyle Morgan examines the reproductive capabilities of slave women and S Max Edelson looks at the distinctive social position of skilled slaves Robert Olwell considers how South Carolina public officials adapted the office of justice of the peace to the needs of a slave society while Matthew Mulcahy shows how calamities of fires and hurricanes exacerbated the problem of slave control Finally Edward Pearson describes the ways in which South Carolina's emerging elite asserted their new status G Winston Lane and Elizabeth M Pruden review the surprising economic independence of women and Thomas Little examines the colony's religious life and spread of evangelicalism **Power, Money, and Media** Jinquan Li, 2000 This text explores a broad range of media related topics as they pertain to China The chapters provide detailed analyses of such issues as the increasing influence of advertisers the efforts of the Communist party to direct editorial content and the impact of Hong Kong television on Guangzhou **Money, Power and Politics in Early Islamic Syria** John Haldon, 2016-04-22 The transformation of the eastern provinces of the Roman empire from the middle of the seventh century CE under the impact of Islam has attracted a good deal of scholarly attention in recent years and as more archaeological material becomes available has been subject to revision and rethinking in ways that radically affect what we know or understand about the area about state building and the economy and society of the early Islamic world and about issues such as urbanisation town country relations the ways in which a different religious culture impacted on the built environment and about politics This volume represents the fruits of a workshop held at Princeton University in May 2007 to discuss the ways in which recent work has affected our understanding of the nature of economic and exchange activity in particular and the broader implications of these advances for the history of the region **Encyclopedia of Religion and Society** William H. Swatos, 1998 As the new millennium approaches the sacred and profane interface conflict and intermingle in novel ways The Encyclopedia of Religion and Society provides a guide map for these developments From succinct brief notes to essay length entries it covers world religions religious perspectives on political and social issues and religious leaders and scholars present and past in the United States and the world This comprehensive volume is an essential reference for studies in the anthropology psychology politics and sociology

of religion Topics include abortion adolescence African American religious experience anthropology of religion Buddhism commitment conversion definition of religion ecology movement Emile Durkheim ethnicity fundamentalism Hinduism Islam Judaism new religious movements organization parish Talcott Parsons racism research methods Roman Catholicism sexism Unification Church Max Weber and many others Money and Thoughtlessness Justin Pack,2023-01-01 In this book Justin Pack proposes a genealogy of the traditional suspicion of money and merchants This genealogy is framed both by how money itself has changed and how different traditions responded to money Money and merchants became heavily debated concerns in the Axial Age which coincided with the spread of coinage A deep suspicion of money and merchants was particularly notable in the Greek Confucian and Christian traditions and continued into the Middle Ages These traditions wrestled with a new dialectic of purity that also appears with the widespread use of money How were these concerns dealt with politically socially and philosophically How did they change over time How did medieval Europe deal with money and how did this inform modern governmentality To answer these questions Pack turns to Hanna Arendt s work Arendt argues that one of the outstanding characteristics of our time is thoughtlessness This thoughtlessness is related to how modern life especially under neoliberalism is increasingly structured by abstract systems abstract calculative rationality abstract relations and the profit motive Money both drives and embodies this machinery The hyper complex abstract systems of modernity discourage to use Arendtian terms thinking wonder questioning everything in favor of cognition problem solving Too often the result is thoughtless cognition the ability to make things more productive and efficient paired with the incapacity to question and challenge the implications and morality of these systems **Your Aura and Your Chakras** Karla McLaren,2000 Your aura Your Chakras The Owner sManual is a clear and comprehensive text for the restoration and maintenance of your subtle energy system Karla McLaren who has worked with survivors of abuse and trauma shows how to clear the chakras of old hurts and to cleanse and strengthen the aura for protection against invasive energy She provides indispensable grounding techniques for making the inner connection between your mind your body and the Earth and helps you understand read and define the natural protective boundary of your aura *Blair Inc - The Power, The Money, The Scandals* Francis Beckett, David Hencke & Nick Kochan,2016-06-30 THE STORY BEGINS ON 27 JUNE 2007 THAT WAS THE DAY TONY BLAIR OFFICIALLY RESIGNED AS PRIME MINISTER WAS APPOINTED MIDDLE EAST PEACE ENVOY AND SET ABOUT MAKING HIMSELF SERIOUSLY RICH Since leaving office in 2007 the empire of Tony Blair has grown exponentially As a businessman he has been unprecedentedly successful for a former public servant with a large property portfolio and an estimated 80 million of earnings accrued in just a few short years But how has he managed to achieve this Being an ex Prime Minister comes with certain advantages and besides his excellent state pension and twenty four hour security team Blair enjoys the best contacts that money can buy as do those willing to pay him for access to those contacts Consequently Tony Blair Associates clients can be found around the world and include the controversial presidents of Kazakhstan and Burma There is

also Blair's role as special envoy in the Middle East. While his record as a peacemaker is in doubt, the position has brought him into contact with a variety of oil-rich potentates in the region who now number among his most profitable clients. Blair Inc: The Wars, the Money, the Scandals takes a close look at the complex financial structures in Blair's world. From the many layers of tax liability to the multiple conflicts of interest produced by his increasing web of relationships, this book exposes the private dealings of this very public figure.
