Paul Stevens,Clive Lim,2021-01-26 A guide to investing in heaven and being rich toward God Christians often hesitate to talk about money in spiritual contexts but in the gospels Jesus talks more about money than about religious topics like prayer and heaven Money Matters advocates following Jesus s lead in engaging with matters of economy and finance in a

faith driven way in both our individual and our corporate lives The authors draw on their contrasting life experiences to offer a well rounded look at money in the twenty first century Paul Stevens who grew up well off in Canada and worked as a carpenter a banker and later a pastor and professor of theology finds a complementary voice in Clive Lim who grew up without money in Singapore and now works there as an entrepreneur and head of a family investment firm With frequent scriptural references Stevens and Lim offer insight into navigating the economic systems of today aiming to help individuals churches and societies become faithful stewards who store up treasures in heaven by investing in the kingdom of God *Money Matters* is a comprehensive yet accessible guide to integrating one's faith with one's approach to money Just as the Bible variously treats money as a blessing a sacrament and a problem so do Stevens and Lim approach this matter judiciously avoiding the prosperity gospel on one side and the demonization of material wealth on the other Capitalism is treated as what it is a system that has created widespread opportunity and relieved poverty for millions while also exacerbating the gap between the haves and the have nots The authors wisdom is at turns theological historical and practical and always focused on what it means to live with faithful integrity in our contemporary global economy

Right on the Money Kelvin Worthington, 2009 Personal finances can be an area of people's lives that if not handled well can cause much stress and hardship to individuals and their families It is an area that it is easy to get wrong and can be very daunting and complex Christians are not exempt from these issues As Christians we fail to please God if we are less than a faithful steward of all that he has entrusted to us This includes our dealings with money and finance If we as Christians are to set an example to the world and be salt and light in our secular society we need to demonstrate good stewardship and behaviours in every area of our life including the way in which we handle our personal finances As Jesus says If then you have not been faithful in handling worldly wealth how can you be trusted with true wealth Luke 16:11 This therefore is a book about personal finances that is practical rather than academic a book that ordinary Christians can read and understand and that unravels some of the mystique concerned in this area It also shows how the Bible provides us with practical teaching and guidance This book will help Christians and others with some general guidance and principles that if followed will help you keep your personal finances under control It will also help Christians understand their special responsibilities in the area of personal finances and what Holy Scripture has to say and teach us for how we handle and deal with our personal finances is a major part of the day to day practical outliving of our faith To that end this book deals with subjects such as budgeting debt retirement planning investing tithing shares gambling life insurance what to do with material blessings and being responsible with money

C. Sproul,2016-07 Jesus taught more often on money than He did on love or on heaven and hell combined Why? Its because money is one of the chief competitors for our affections You cannot serve God and money He warned How then should Christians view and use money How should they view and participate in economic systems [Treasure in Heaven](#) Virgil Vogt,2007-02-01 Where is your treasure The scriptural teaching about money is clear radical and uncompromising and at odds with the practice of most people This presents an uncomfortable question do we change our lives in accordance with Scripture or do we change Scripture to fit our lives Virgil Vogt argues that we undermine Scripture's authority when we disregard its teaching about wealth or when we conclude that such teaching cannot be applied in a complex modern economy The Bible Vogt says is still the best guide to economic life Scripture teaches a consistent word about our possessions we are to use the things we have to gain eternal riches This teaching coupled with the principle of stewardship should govern our economic lives But it takes courage along with genuine faith and a single minded determination to live according to the Bible's standard in this area *Treasure in Heaven* offers a challenge for all Christians who want to bring their finances into line with God's Word **Understanding the Link Between Money and**

12 Things Jesus Said about Money B&H Editorial Staff,2016-12-01 Money is something we handle every day But how deeply does the Bible inform what we do with it If we truly want to honor the Lord in how we use it should we be giving most of it away Is money basically a necessary evil a constant temptation in our pocket Are we wrong for wanting to take vacations with our families for example when we could be giving that money to others in need Instead of just letting you read up on the answers to questions like these this book presents them in a richly informative and inspiring devotional experience As you daily explore 12 Things Jesus Said about Money you ll be learning and reinforcing new convictions each of them grounded in what Jesus Himself taught Not only will it clear up misconceptions or conflicting messages you may have heard over the years it will help you express these same truths to your children incorporate them into your ongoing decisions and enjoy a new measure of freedom in your financial life *What the Bible Says about Money* Larry Burkett,1989 *It's God's Money*

David Jones, PhD, CSA, 2008-09-29 This is not an entire book about tithing God has more to say about finances than any other subject in the Scriptures Most Christians only hear the sermon on tithing There is some insight included on this subject but I want to show you much more I believe that God fully intends to bless us financially far more than we could ever imagine However we must be ready and prepared before He can bestow these blessings on us This is why I believe He has so much to say about finances My intention is to get you to explore God s Word and His will for YOUR life Through prayer counsel and discernment you will discover what God has in store for you financially With that being said I also want to state in advance that this book is not an advertisement I have no intention of selling anything to anyone and I have tried to make sure that no company or specific product is promoted My intentions are purely to move you to explore what God is saying to you about finances Finally as you will hear many times in the coming pages there is one thing that you must come to understand and believe if you are to receive the full blessings God has in store for you IT S GOD S MONEY
