the experience Hard Lessons The Iraq Reconstruction Experience a report from the Special Inspector General for Iraq Reconstruction SIGIR answers these and other important questions by presenting a comprehensive history of the U S program chiefly derived from SIGIR s body of extensive oversight work in Iraq hundreds of interviews with key figures involved with the reconstruction program and thousands of documents evidencing the reconstruction work that was or was not done The report examines the limited pre war planning for reconstruction the shift from a large infrastructure program to a more community based one and the success of the Surge in 2007 and beyond Hard Lessons concludes that the U S government did not have the structure or resources in place to execute the mammoth relief and reconstruction plan it took on in 2003 The lessons learned from this experience create a basis for reviewing and reforming the U S approach to contingency relief and reconstruction operations *The Homeland Security Department's Budget Submission for Fiscal Year 2010* United States.
