Money And Modernity State And Local Currencies In Melanesia:

Money and Modernity David Akin, Joel Robbins, 1999 This collection of original essays explores money and its social dynamic in eight different Melanesian communities in order to determine why the people of Melanesia continue to use traditional kinds of currency such as shells alongside more modern types When the answer to this question is examined in relation to the use of money in other countries an entirely new model for thinking about money develops **A Cultural History of Money in the Modern Age** Taylor C. Nelms, David Pedersen, 2021-03-11 Bracketed by global financial crises and economic downturns the modern age has been defined by debates about and transformations of money The period witnessed the consolidation of national currencies and monetary policies as well as the diversification of payment technologies and the proliferation of financial instruments Throughout even as it appeared abstracted by finance and depoliticized by expert ideologies money was revealed again and again to be a powerful medium of cultural imagination and practical inventiveness as well as the site of public and political struggles Modern money both as a form of liquidity and as a claim on wealth remains deeply unsettled caught between private and public interests and subject to epic struggles over the infrastructures of value creation and circulation and their distributional consequences Drawing upon a wealth of visual and textual sources *A Cultural History of Money in the Modern Age* presents essays that examine key cultural case studies of the period on the themes of technologies ideas ritual and religion the everyday art and representation interpretation and the issues of the age

Mimesis and Pacific Transcultural Encounters Jeannette Mageo, Elfriede Hermann, 2017-10-01 How do images circulating in Pacific cultures and exchanged between them and their many visitors transform meanings for all involved This fascinating collection explores how through mimesis wayfarers and locales alike borrow images from one another to expand their cultural repertoire of meanings or borrow images from their own past to validate their identities Money and Coinage in the Middle Ages, 2019-02-11 *Reading Medieval Sources* is an exciting new series which leads scholars and students into some of the most challenging and rewarding sources from the European Middle Ages and introduces the most important approaches to understanding them Written by an international team of twelve leading scholars this volume *Money and Coinage in the Middle Ages* presents a set of fresh and insightful perspectives that demonstrate the rich potential of this source material to all scholars of medieval history and culture It includes coverage of major developments in monetary history set into their economic and political context as well as innovative and interdisciplinary perspectives that address money and coinage in relation to archaeology anthropology and medieval literature Contributors are Nanouschka Myrberg Burström Elizabeth Edwards Gaspar Feliu Anna Gannon Richard Kelleher Bill Maurer Nick Mayhew Rory Naismith Philipp Robinson Rössner Alessia Rovelli Lucia Travaini and Andrew Woods **Wayward Women** Holly Wardlow, 2006-05-08 Analyzes female agency gendered violence and transactional sex in contemporary Papua New Guinea Focusing on Huli passenger women this work explores the socio economic factors that push women into the practice of transactional sex and

asks how these transactions might be an expression of resistance or even revenge *Engaging with Capitalism* Fiona McCormack, Kate Barclay, 2013-05-14 The volume addresses how capitalism has been very effective in generating wealth and technological innovation but has also been associated with social inequity and environmental damage Its inherent flaws have been highlighted by the escalation of ecological problems arising from growth oriented capitalism and various economic crises Expressive Genres and Historical Change Andrew Strathern, 2017-07-05 This collection of essays edited by leading scholars in the field focuses on how expressive genres such as music dance and poetry are of enduring significance to social organization Research from New Guinea Indonesia and Taiwan is used to assess how historical changes modify these forms of expression to adjust to the social and political needs of the moment The volume is unique in exploring the significance of expressive genres for the social processes of coping with and adjusting to change either from outside forces or from internal ones The contributions detail first hand fieldwork often conducted over a period of many years and with each contributor bringing their experience to bear on both the aesthetic and the analytical aspects of their materials Comparative in scope the volume covers Austronesian and non Austronesian speakers in the wider Indo Pacific region **A Papuan Plutocracy** John Liep, 2009-08-31 This book of classic scope is a monograph on a Melanesian society an exploration of ranked exchange and a bold critique of anthropological exchange theory John Liep unravels the complex society and exchange system on Rossel Island east of New Guinea At centre stage is the famous Rossel Island money a hierarchy of more than twenty classes of sea shells displayed in payment rituals such as bridewealth and pig feasts High ranking shells are monopolized by big men who control exchange and dominate social life on the island Theories of reciprocity and gift exchange with their built in utopian assumption of social equality Liep finds cannot account for a system of ranked exchange Instead exchange is unequal and money an instrument of distinction and power Liep argues that ranked exchange has remained undiscovered as a general phenomenon Still found in some Pacific societies it was formerly widespread in Oceania and beyond The book will be essential to students of indigenous currencies and exchange theory and of interest to economic anthropologists and Oceanists **Moral Economic Transitions in the Mongolian Borderlands** Hedwig Amelia Waters, 2023-06-15 Since the early 1990s Mongolia began its hopeful transition from socialism to a market democracy becoming increasingly dependent on international mining revenue Both shifts were promised to herald a new age of economic plenty for all Now roughly 30 years on many of Mongolia's poor and rural feel that they have been forgotten *Moral Economic Transitions in the Mongolian Borderlands* describes these shifts from the viewpoint of the self proclaimed excluded the rural township of Magtaal on the Chinese border In the wake of socialism the population of this resource rich area found itself without employment and state institutions yet surrounded by lush nature 30 kilometres from the voracious Chinese market A two tiered resource extractive political economic system developed Whilst large scale formal legally sanctioned conglomerates arrived to extract oil and land for international profits the local residents grew increasingly dependent on the Chinese funded informal illegal cross

border wildlife trade More than a story about rampant capitalist extraction in the resource frontier this book intimately details the complex inner worlds moral ambiguities and emergent collective politics constructed by individuals who feel caught in political economic shifts largely outside of their control Offering much needed nuance to commonplace descriptions of Mongolia's post socialist transition this study presents rich ethnographic detail through the eyes and voices of the state's most geographically marginalized It is of interest not only to experts of political economy and post socialist transition but also to non academic readers intrigued by the interplay of value's and capitalism

Pacific Places, Pacific Histories Brij V. Lal, 2004-04-30 Places matter We are shaped by them and in turn we shape them physically and imaginatively They connect us to time and locality perhaps even to life and death itself This is a book about places and how our engagement with them complex changing and varied forms and transforms our understanding of them of ourselves of the human condition itself Pacific Places Pacific Histories brings together leading Pacific Islands studies scholars and invites them to talk about the places they have inhabited and to contemplate the meaning of that experience The result is a veritable collage of reflections distinct and different from each other but moving in their collective impact Our engagement with places becomes daily more complicated with the transnational movement of peoples ideas technologies and cultures Global capitalism relentlessly alters established ethnographic assumptions about the meaning and importance of where we are and have been The essays presented here are about letting go learning and un learning transgressing physical emotional and intellectual boundaries They are about personal quests narrated in distinctive voices raising particular concerns Together they contribute significantly to our understanding of how small islands in a vast ocean enable us to see ourselves and the world around us

Knowledge and Ethics in Anthropology Lisette Josephides, 2020-05-26 Inspired by the work of world renowned anthropologist Marilyn Strathern this collection of essays features contributions from a range of internationally recognized scholars including Strathern herself which examine a range of methodologies and approaches to the anthropology of knowledge The book investigates the production of knowledge through a variety of themes centered on the question of the researcher's obligations and the requirements of knowledge These range from the obligation to connect with local culture and existing anthropological knowledge to the need to draw conclusions and circulate what has been learned Taking up themes that are relevant for anthropology as a whole particularly the topic of knowledge and the ethics of knowing others as well as the notion of the local in a global world *Knowledge and Ethics in Anthropology* is key reading for students and scholars alike A thorough introduction to the key concepts and terms used in Strathern's work is provided making this a fantastic resource for anyone encountering her work for the first time

[A Handbook of Economic Anthropology, Second Edition](#) James G. Carrier, 2012-01-01 Acclaim for the first edition The volume is a remarkable contribution to economic anthropology and will no doubt be a fundamental tool for students scholars and experts in the sub discipline Mao Mollona Journal of the Royal Anthropological Institute This excellent overview would serve as an excellent text for advanced

undergraduate and graduate level classroom use Because of the clarity conciseness and accessibility of the writing the chapters in this volume likely will be often cited and recommended to those who want the alternative and frequently culturally comparative perspective on economic topics that anthropology provides Highly recommended All academic levels libraries K F Rambo Choice The first edition of this unique Handbook was praised for its substantial and invaluable summary discussions of work by anthropologists on economic processes and issues on the relationship between economic and non economic areas of life and on the conceptual orientations that are important among economic anthropologists This thoroughly revised edition brings those discussions up to date and includes an important new section exploring ways that leading anthropologists have approached the current economic crisis Its scope and accessibility make it useful both to those who are interested in a particular topic and to those who want to see the breadth and fruitfulness of an anthropological study of economy This comprehensive Handbook will strongly appeal to undergraduate and post graduate students in anthropology economists interested in social and cultural dimensions of economic life and alternative approaches to economic life political economists political scientists and historians

An Anthropology of Money Tim Di Muzio, Richard Robbins, 2017-03-16 An Anthropology of Money A Critical Introduction shows how our present monetary system was imposed by elites and how they benefit from it The book poses the question how by looking at different forms of money can we appreciate that they have different effects The authors demonstrate how modern money requires perpetual growth an increase in inequality environmental devastation increasing commoditization and consequently the perpetual consumption of ever more stuff These are not intrinsic features of money but rather of debt money This text shows that through studying money in other cultures we can have money that better serves the broader goals of society

Money, Coinage and Colonialism Nanouschka Myrberg Burström, Fleur Kemmers, 2024-10-10 This book explores coinage and related object types as an important form of material culture that is crucial to interrogating interactions between coloniser and colonised Money Coinage and Colonialism is a much overdue treatment of coinage and money in debates around ancient and recent colonial practices It argues that coinage offers unique opportunities to study interactions and effects of the meeting between colonisers and colonised as well as the economic political and ideological interactions between colonial communities and the state of origin It is argued that the study of coins and other means of exchange may reveal less apparent and under communicated processes values and discourses in the study of colonial environments and projects with commonalities informing a larger global history approach A broad picture is built from numerous case studies spanning from Classical Greek colonies to European colonial enterprises of the Modern period exploring colonial histories settings ideology and resistance Particular attention is paid to the role of coins in identity construction to ambiguity hybridity and creolisation of monetary objects in colonial contexts and to specific uses of coins that tell of violence oppression and resistance as well as of networks acculturation and globalisation Composed of chronologically broad and diverse case studies from colonial contexts this book is for researchers in colonial and post

colonial archaeology as well as archaeological and cultural historical numismatics Governance Failure and Reform Attempts After the Global Economic Crisis of 2008/09 Leonid, 2014-04-15 The global economic crisis of 2008 2009 has had a broad impact far beyond economic concerns Most importantly it has been seen as a crisis of governance and debates have not just questioned specific regulations e g of global financial markets but have additionally challenged the appropriateness of underlying governance concepts not only in global markets but also at the national level For the post socialist countries which adopted market oriented governance mechanisms less than two decades ago the global crisis was the first stress test after the post socialist recovery The contributions in this book focus on the impact of the crisis and related reform attempts in two important areas The first area is financial and monetary policy which is at the core of the global crisis of 2008 2009 The second area is relations between business and state actors where corruption and weak institutional frameworks can both seriously hamper reform attempts The volume comprises essential contributions on how the post socialist countries have tried to cope with the first global economical crisis they saw themselves confronted with Contemporary Archaeology in Theory Robert W. Preucel, Stephen A. Mrozowski, 2010-05-10 The second edition of Contemporary Archaeology in Theory The New Pragmatism has been thoroughly updated and revised and features top scholars who redefine the theoretical and political agendas of the field and challenge the usual distinctions between time space processes and people Defines the relevance of archaeology and the social sciences more generally to the modern world Challenges the traditional boundaries between prehistoric and historical archaeologies Discusses how archaeology articulates such contemporary topics and issues as landscape and natures agency meaning and practice sexuality embodiment and personhood race class and ethnicity materiality memory and historical silence colonialism nationalism and empire heritage patrimony and social justice media museums and publics Examines the influence of American pragmatism on archaeology Offers 32 new chapters by leading archaeologists and cultural anthropologists **Migration, Land and Livelihoods** George Curry, Gina Koczberski, John Connell, 2016-03-17 This book critically and succinctly examines recent changes in land ownership mobility and livelihoods in various Pacific island states from East Timor to the Solomon Islands where climate change environmental change including hazards of various origins population growth and urbanization have contributed to new tensions and discords and resulted in complex structures of migration and resettlement This has brought new and varied experiences of income and livelihood generation and consequent reinterpretations of modernity and tradition In a series of detailed case studies this book traces various responses to such socio economic changes both in how they are locally envisaged as pressures on land have intensified urban informal settlements and livelihoods have expanded and perceptions of identity and property rights have changed and in national development policy responses It offers valuable reflections on the complex balance between continuity and change the tensions between social and economic development the will to develop and the management of dissent and difference This book was published as a special issue of Australian Geographer **On the Order of Chaos**

Mark S. Mosko, Fred Damon, 2005-10-01 Over the past two decades chaos theory the perception of order previously hidden in phenomena of apparent randomness and disorder has fundamentally transformed the natural sciences In recent years numerous scholars in the social sciences and humanities have attempted to adapt the insights of chaos theory to their studies of human cultural and social systems Several of the world's leading anthropologists such as Roy Wagner Marshall Sahlins Marilyn Strathern and Arjun Appadurai have similarly drawn upon particular elements of chaos theory for their inspiration but as yet there is no focused comprehensive treatment of the applicability of chaos theory to anthropology's distinctive ethnographic and cross cultural materials This edited volume fills the gap with both accessible theoretical discussions of chaos theory applications in anthropology and detailed ethnographic and historical illustrations from Africa and Melanesia

Archaeology of Entanglement Lindsay Der, Francesca Fernandini, 2016-06-16 Entanglement theory posits that the interrelationship of humans and objects is a delimiting characteristic of human history and culture This edited volume of original studies by leading archaeological theorists applies this concept to a broad range of topics including archaeological science heritage and theory itself In the theoretical explications and ten case studies the editors and contributing authors build on the intersections between science humanities and ecology to provide a more fine grained multi scalar treatment emanating from the long term perspective that characterizes archaeological research This broad focus is inclusive of early complex developments in Asia and Europe imperial and state strategies in the Andes and Mesoamerica continuities of postcolonialism in North America and the unforeseen and complex consequences that derive from archaeological practices This volume will appeal to archaeologists and their advanced students **Performing Masculinity** Geir

Presterudstuen, 2020-06-11 Geir Henning Presterudstuen provides an ethnographic account of how men in the multicultural urban centres of Fiji perceive construct and perform masculinities in the context of rapid social change Theoretically informed by critical feminist theories postcolonialism R W Connell's work on masculinities and a Bourdieuan conceptualization of the body this book explores how notions of masculinity manhood and the male body are shaped by the conflicting social forces of Fijian tradition modernity commercialization and urbanization The book provides a timely intervention from the grassroots level in the global south into an ongoing discourse about men and masculinities that has long been dominated by voices from Europe and the US Combining classic ethnography with innovative social analysis Presterudstuen's book is suitable for students and academics with an interest in gender and social change and for scholars across a variety of disciplines including anthropology gender studies sociology Pacific studies and international development
