## **Mongolia In The Twentieth Century:**

Mongolia in the Twentieth Century Stephen Kotkin,Bruce Allen Elleman,2015-02-12 The remote vastness of Mongolia has remained somewhat of a mystery to most Westerners no less so in the 20th century Homeland of the legendary conqueror Chingiz Khan in modern times Mongolia itself has been the object of imperial rivalry For most of the 20th century it was under Soviet domination Mikhail Gorbachev began the withdrawal of Soviet troops from Mongolia in 1989 a process completed in 1992 By 1996 a coalition of opposition parties triumphed in national elections and Mongolia launched itself on a new course It is perhaps the most intriguing of the post community transition societies This volume examines Mongol history over the past century embracing not only Mongolia proper but also Mongol communities in Russia and China Contributions based on new archival research and the latest fieldwork are from the world s top experts in the field including four authors from Mongolia and others from Japan Russia Taiwan Great Britain and the United States Stephen Kotkin s introductory chapter is an overview of Mongol studies The essays in part 1 examine Sino Russian competition over Outer Mongolia Part 2 looks at international diplomacy in Mongolia including the role of Japan Part 3 focuses on contemporary issues ranging from economic and cultural change to emergent elites A concluding essay surveys Mongolian foreign policy

Mongolian Memories Maaike van Hoeflaken,2018     **Socialist Revolutions in Asia** Irina Y. Morozova,2009-01-20 Contemporary Mongolia is often seen as one of the most open and democratic societies in Asia undergoing remarkable post socialist transformation Although the former ruling party the Mongolian People s Revolutionary Party the MPRP has fundamentally changed its platform it holds leadership and frames nation building policy This book re conceptualises the socialist legacy of Mongolia and explains why in the 1920s a shift to socialism became possible Furthermore the role of Mongolian nationalism in the country s decision to ally with the USSR in the 1920 1930s and to choose a democratic path of development at the end of the 1980s is explored Focusing on social systems in crisis periods when the most radical differentiation in social relationships and loyalties occur the book describes the transformation of the elite and social structures through the prism of the MPRP cadres policy and the party s collaborations with the Third Communist International and other Soviet departments that operated in Mongolia Based on original sources from former

Soviet and Mongolian archives the author offers a critique of the post modernist approaches to the study of identity and its impact on political change This book will be of interest to academics working on the modern history of Central and Inner Asia socialist societies and communist parties in Asia as well as the USSR's foreign policy     Mongolia in the Twentieth Century
